## Dreo DR-HHM001

# Dreo 4L Supersized Cool Mist Humidifier User Manual

Model: DR-HHM001

## IMPORTANT SAFETY INSTRUCTIONS

---

Please read and save these instructions before using your humidifier. Always follow basic safety precautions to reduce the risk of fire, electric shock, and injury to persons.

- Place the humidifier on a flat, stable, and water-resistant surface.
- Do not place the humidifier directly on carpet or a rug.
- Do not block air inlets or outlets.
- Only add clean, distilled water to the tank. Do not add essential oils directly into the water tank.
- Keep out of reach of children and pets.

## PRODUCT OVERVIEW

---

The Dreo 4L Supersized Cool Mist Humidifier is designed to provide continuous, quiet humidification for large rooms, nurseries, and offices. Its ultrasonic atomization technology ensures a fine, even mist without wetting surfaces.

## SETUP

1. **Unpack:** Carefully remove the humidifier from its packaging. Ensure all components are present: humidifier unit, user manual, aroma pad, cleaning brush, and cleaning guide.
2. **Placement:** Place the humidifier on a firm, flat, and water-resistant surface at least 6 inches (15 cm) away from walls and appliances.
3. **Fill Water Tank:** The humidifier features an easy top-fill design. Simply remove the top cover and pour clean, distilled water directly into the tank. Do not exceed the maximum fill line.

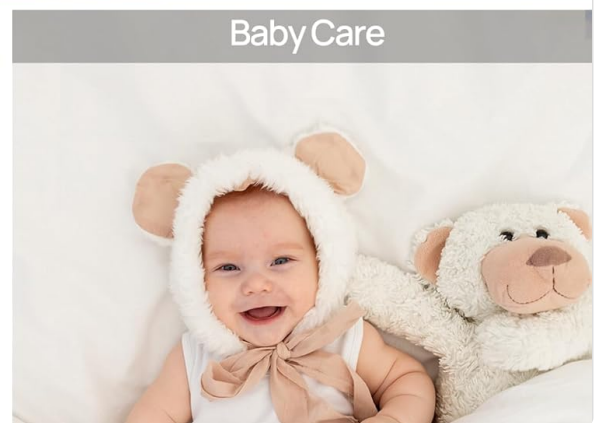

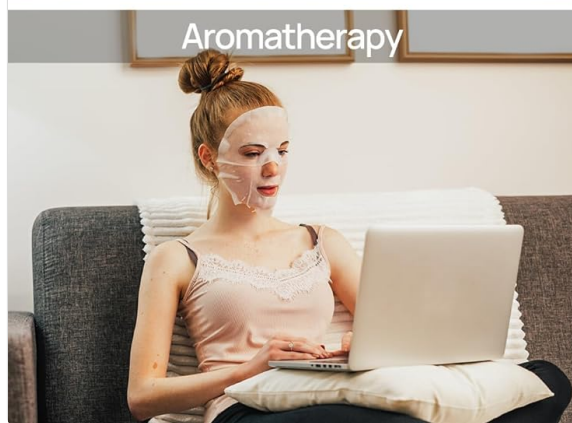

Figure 4: Demonstrates the easy top-fill design, allowing direct pouring of water into the tank without removal.

4. **Power On:** Plug the power cord into a suitable electrical outlet (120 Volts).

## OPERATING INSTRUCTIONS

The humidifier is controlled via touch buttons on the front panel.

- **Power On/Off:** Touch the power icon ( ) to turn the humidifier on or off.
- **Mist Level Adjustment:** Touch the mist icon (☁) to cycle through three mist output levels: Low, Medium, and High. The indicator lights above the icon will show the current setting.

# Ultrafine mist spreads naturally through your air

Ultrafine mist

Figure 5: The humidifier generating a powerful, tall mist for effective humidification.

- **Night Light:** Touch the light bulb icon ( ) to turn the night light on or off.
- **Night Mode:** Touch the moon icon ( ) to activate night mode. This will dim or turn off indicator lights and set the humidifier to its lowest, quietest mist setting (28dB).

Figure 6: The humidifier in a bedroom setting, illustrating its quiet operation suitable for nighttime use.

- **Aromatherapy:** Locate the aroma pad tray at the back of the unit. Pull it out, add a few drops of your preferred essential oil to the pad (essential oils not included), and slide the tray back in. The mist will diffuse the aroma into the air.

## MAINTENANCE & CLEANING

Regular cleaning is essential for optimal performance and hygiene. The modular design allows for easy disassembly and cleaning.

- **Daily Cleaning:** Empty and rinse the water tank and base daily. Wipe down any surfaces with a soft cloth.
- **Weekly Cleaning:** For a more thorough clean, remove the water tank and the central mist outlet. Use the provided cleaning brush to scrub the base and internal components. A solution of white vinegar can be used to remove mineral buildup. Rinse thoroughly after cleaning.
- **Cartridge Replacement:** The humidifier is compatible with Dreo Demineralization and Clean Mist cartridges (sold separately). Replace demineralization cartridges every 4-6 months to prevent limescale and white dust. Clean Mist cartridges help ensure healthier mist.

## TROUBLESHOOTING

- **No Mist:** Ensure the unit is properly plugged in and powered on. Check if the water tank is filled to the appropriate level.
- **White Dust:** This is often caused by hard water. Use distilled water or install a demineralization

cartridge to reduce mineral buildup.

- **Unusual Odor:** Clean the water tank and base thoroughly. Ensure no essential oils are added directly to the water tank.
- **Leaking:** Do not overfill the water tank. Ensure the unit is placed on a flat, stable surface.
