---

### Introduction

---

Thank you for choosing the Falowy Open Ear Wireless Headphones. These headphones are designed to provide a comfortable and secure audio experience, utilizing air conduction technology for clear sound while maintaining awareness of your surroundings. With Bluetooth 5.3 connectivity, a built-in microphone, and a waterproof design, they are suitable for various activities including sports, cycling, and daily workouts. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your device.

### Product Overview

---

The Falowy Open Ear Wireless Headphones (Model 1) come with the following components:

- Falowy Open Ear Wireless Headphones (Left and Right)
- Charging Case
- USB Charging Cable (not explicitly listed but implied for charging case)

## Charging the Headphones and Case

To charge the headphones, place them back into the charging case. The case will automatically begin charging them. To charge the case itself, connect it to a USB power adapter using the USB cable. The LED display on the case will show the battery level of both the case and the individual earbuds.

## Maintenance

To ensure the longevity and optimal performance of your Falowy Open Ear Wireless Headphones, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the headphones and charging case. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** When not in use, store the headphones in their charging case to protect them from dust and damage. Store in a cool, dry place away from extreme temperatures.
- **Water Resistance:** The headphones are waterproof, but avoid prolonged submersion in water. Dry them

thoroughly before placing them back in the charging case to prevent damage to the charging contacts.

- **Battery Care:** To preserve battery life, avoid fully discharging the headphones and charging case frequently. Charge them regularly, even if not used for extended periods.

## Troubleshooting

If you encounter issues with your Falowy Open Ear Wireless Headphones, refer to the following common solutions:

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Place headphones in the charging case and ensure the case is charged.
Cannot pair with device.	Bluetooth is off; headphones not in pairing mode; device too far.	Ensure Bluetooth is enabled on your device. Take headphones out of case to enter pairing mode. Keep headphones within 10 meters of your device.
No sound or low volume.	Volume too low on device; headphones not connected; media paused.	Increase volume on your connected device. Verify headphones are connected. Check if media is paused.
Intermittent connection or sound.	Interference; distance from device; low battery.	Move closer to your device. Avoid environments with strong Wi-Fi or other Bluetooth signals. Ensure headphones are charged.
Charging case not charging.	Faulty cable or power adapter.	Try a different USB cable and power adapter. Ensure connections are secure.

If the issue persists after trying these steps, please contact customer support for further assistance.
