CARE AND MAINTENANCE

Proper care will extend the life and maintain the appearance of your cardigan.

- **Washing:** **Hand Wash Only.** We suggest hand washing with cold water separately.
- **Drying:** Hang dry to maintain shape and prevent stretching or shrinking. Do not tumble dry.
- **Ironing:** If necessary, iron on a low heat setting, preferably with a cloth barrier to protect the fabric.
- **Storage:** Fold neatly and store in a cool, dry place. Avoid hanging for extended periods to prevent stretching, especially for knitwear.

TROUBLESHOOTING

Here are some common concerns and solutions:

- **Snagging:** As with most knitwear, the fabric can snag. Be mindful of sharp objects or rough surfaces. If a snag occurs, gently push the loop back into the fabric with a needle or small hook. Do not cut it.
- **Pilling:** Small balls of fiber may form on the surface over time, especially in areas of high friction. These can be easily removed with a fabric shaver or a lint roller.
- **Fit Issues:** If the cardigan feels too boxy or not as oversized as desired, consider reviewing the size guide and ensuring your measurements align with the product's intended fit. Knitwear can sometimes relax slightly with wear.
- **Color Fading:** Always hand wash in cold water and avoid direct prolonged sunlight exposure when drying to preserve color vibrancy.
