HOMCOM 7' Snow Flocked Artificial Pencil Christmas Tree Instruction Manual

Model: 830-567V03WT

INTRODUCTION

This manual provides instructions for the assembly, care, and maintenance of your HOMCOM 7' Snow Flocked Artificial Pencil Christmas Tree. Please read these instructions carefully before assembly and retain them for future reference.

SAFETY INFORMATION

- Keep all parts away from children during assembly.
- Ensure the tree is placed on a stable, level surface to prevent tipping.
- Do not place the tree near open flames or heat sources. The tree is flame-retardant, but direct exposure to heat can cause damage.
- Avoid excessive force when spreading branches to prevent damage.
- The flocking material may shed slightly during initial setup. It is recommended to assemble the tree in an area that can be easily cleaned.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

- Tree Sections (typically 2-3 sections for a 7ft tree)
- Plastic Base Stand
- Assembly Hardware (if any, usually integrated)

EASY ASSEMBLY

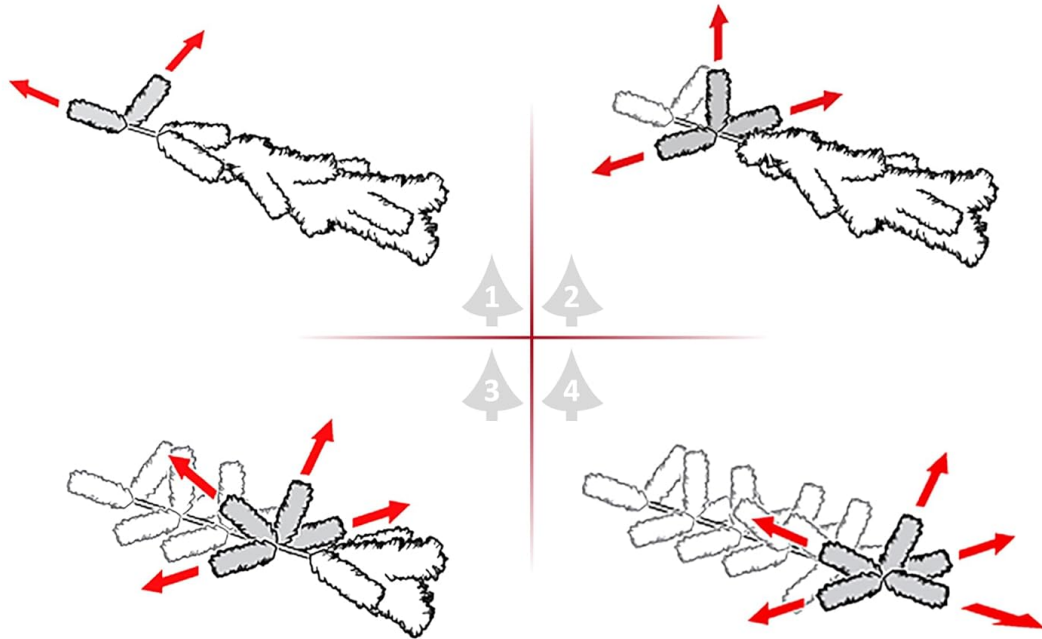

Image: Components of the HOMCOM Artificial Pencil Christmas Tree, including the sectioned tree and the detachable plastic base stand.

SETUP INSTRUCTIONS

- 1. Unpack Components:** Carefully remove all tree sections and the base stand from the packaging. It is advisable to do this over a drop cloth or in an area where any loose flocking can be easily cleaned.
- 2. Assemble the Base:** Open the plastic base stand and ensure it is stable.
- 3. Insert Bottom Section:** Insert the largest tree section (bottom section) into the assembled base stand. Ensure it is securely seated.
- 4. Assemble Remaining Sections:** Continue by inserting the middle section(s) into the section below it, aligning the poles. Finally, insert the top section.
- 5. Fluffing the Branches:** This is a crucial step for achieving a full appearance.
 - Starting from the bottom section, gently pull each individual branch tip away from the main stem and spread them outwards and upwards.
 - Work your way around the tree and then upwards to the next section.
 - Ensure all tips are spread to fill any gaps and create a dense, natural look. This process may take approximately 30 minutes.

TO GET A FULL LOOK

Time for shaping the tree: 30 minutes

NOTE: Please spread out all individual tips for its most lush and full form

OPERATING INSTRUCTIONS (DECORATION)

Once assembled and fluffed, your HOMCOM Artificial Pencil Christmas Tree is ready for decoration.

- **Lighting:** This tree is unlit. If adding lights, ensure they are suitable for indoor use and follow the light manufacturer's instructions for safe installation.
- **Ornaments:** Hang ornaments evenly across the branches to maintain balance. The sturdy branches are designed to support various decorations.
- **Placement:** Position the tree in your desired indoor location, ensuring it does not obstruct walkways or exits.

CARE AND STORAGE

- **Cleaning:** To clean, gently dust the branches with a soft cloth or use a vacuum cleaner with a brush attachment on a low setting. Do not use liquid cleaners, as they may damage the flocking.
- **Disassembly:** Reverse the assembly steps. Carefully compress the branches before separating each section.
- **Storage:** Store the tree in its original packaging or a suitable tree storage bag in a cool, dry place away from direct sunlight and extreme temperatures. This helps preserve the flocking and branch integrity.

TROUBLESHOOTING

Problem	Solution
Tree appears sparse or not full.	Ensure all individual branch tips have been thoroughly fluffed and spread out. Refer to the "Fluffing the Branches" step in the Setup Instructions.

Problem	Solution
Flocking material is shedding.	Some shedding of flocking is normal during initial setup and handling. This will decrease over time. Clean up loose flocking with a vacuum.
Tree is unstable.	Verify that the base stand is fully opened and locked, and that all tree sections are securely inserted into each other and into the base. Place on a flat, level surface.

SPECIFICATIONS

Brand	HOMCOM
Model Number	830-567V03WT
Product Dimensions	25.5"D x 25.5"W x 82.75"H (approximately 7 feet tall)
Color	White
Material	Plastic (PVC)
Item Weight	4.4 Pounds
Tree Type	Pencil Tree
Base Type	Stand
Special Feature	Flocked
Tip Count	499
Built-in Light	No
UPC	196393153642
