4. Maintenance

4.1 Cleaning and Care

The barista kit and detachable, dishwasher-safe parts make clean-up a breeze.

- Regularly empty and clean the drip tray.
- Clean the steam wand after each use to prevent milk residue buildup.
- Descale the machine periodically as indicated by the descaling light.

5. Troubleshooting

Refer to the user manual for a comprehensive troubleshooting guide. Common issues may include:

- No coffee dispensed: Check water tank level, ensure portafilter is correctly inserted, and machine is preheated.
- Poor espresso extraction: Adjust grind setting, check tamping pressure, and ensure correct temperature setting.
- Steam wand not working: Check for blockages and ensure the machine is at steaming temperature.
