Qiilu Qiilutghy17xd2k

Qiilu Bluetooth Mushroom Speaker User Manual

Model: Qiilutghy17xd2k

1. INTRODUCTION

Thank you for purchasing the Qiilu Bluetooth Mushroom Speaker. This portable speaker is designed to provide clear audio and convenient hands-free calling, featuring a unique mushroom design with a suction cup for versatile placement. Please read this manual carefully before use to ensure proper operation and to maximize your listening experience.

2. SAFETY INFORMATION

- Do not expose the speaker to extreme temperatures, direct sunlight, or high humidity.
- Avoid dropping or subjecting the speaker to strong impacts.
- Do not disassemble or attempt to repair the speaker yourself. This will void the warranty.
- Keep the speaker away from water and liquids, as it is not waterproof.
- Use only the provided USB cable for charging.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- 1 x Qiilu Bluetooth Mushroom Speaker
- 1 x USB Charging Cable
- 1 x Instruction Manual (This document)

4. PRODUCT OVERVIEW

The Qiilu Bluetooth Mushroom Speaker features a compact design with intuitive controls and a built-in suction cup for easy attachment to smooth surfaces. It delivers clear sound and includes a microphone for hands-free communication.

5. SETUP

5.1 Charging the Speaker

1. Locate the Micro USB charging port on the side of the speaker.
2. Connect the small end of the provided USB charging cable to the speaker's charging port.
3. Connect the larger end of the USB cable to a USB power source (e.g., computer USB port, USB wall adapter).
4. The charging indicator light will illuminate (color may vary) to show that the speaker is charging.
5. Once fully charged (approximately 2-3 hours), the indicator light may change color or turn off.

5.2 Powering On/Off

- **To Power On:** Press and hold the power button (usually located on the top or side) for a few seconds until you hear an audible prompt or see an indicator light.
- **To Power Off:** Press and hold the power button again for a few seconds until you hear an audible prompt or the indicator light turns off.

5.3 Bluetooth Pairing

1. Ensure the speaker is fully charged and powered on. It will automatically enter pairing mode, indicated by a flashing LED light.
2. On your mobile device (smartphone, tablet, etc.), go to the Bluetooth settings.
3. Enable Bluetooth and search for available devices.
4. Select "BT Speaker" or a similar name from the list of devices.
5. Once connected, you will hear a confirmation tone, and the LED light on the speaker will stop flashing and remain solid.
6. The speaker will automatically reconnect to the last paired device when powered on, if the device's Bluetooth is active and within range.

6. OPERATING INSTRUCTIONS

6.1 Playing Audio

- After successful pairing, open your preferred music or audio application on your connected device.
- Start playing audio, and it will be streamed through the Qiilu Bluetooth Mushroom Speaker.
- Adjust the volume using your connected device's volume controls.

6.2 Hands-Free Calling

- When a call comes in while connected via Bluetooth, the speaker will ring.
- Press the multi-function button (often the power button or a dedicated call button) once to answer the call.
- Speak into the built-in microphone on the speaker.
- Press the multi-function button again to end the call.

6.3 Using the Suction Cup

The speaker features a suction cup at its base, allowing it to be securely attached to smooth, flat surfaces such as glass, tiles, or the back of a smartphone.

1. Ensure the surface is clean, dry, and smooth.
2. Press the suction cup firmly against the desired surface.
3. To remove, gently lift the edge of the suction cup to break the seal. Do not pull forcefully on the speaker itself.

7. MAINTENANCE

7.1 Cleaning

- Ensure the speaker is powered off and disconnected from any power source before cleaning.
- Wipe the exterior of the speaker with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or chemical sprays.

7.2 Storage

- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, charge the battery periodically (e.g., every 3 months) to maintain battery health.

8. TROUBLESHOOTING

- **No Power:**

Ensure the speaker is fully charged. Connect it to a power source using the USB cable and allow it to charge for at least 30 minutes before attempting to power on again.

- **Cannot Pair with Bluetooth Device:**

Make sure the speaker is in pairing mode (flashing LED). Ensure Bluetooth is enabled on your device and it is within 30 feet (10 meters) of the speaker. Try turning both the speaker and your device's Bluetooth off and on again. If previously paired, try 'forgetting' the device on your phone and re-pairing.

- **No Sound or Low Volume:**

Check the volume level on both the speaker and your connected device. Ensure the speaker is properly paired. Try playing audio from a different application or device to rule out source issues.

- **Poor Sound Quality:**

Ensure the speaker is within Bluetooth range and there are no significant obstructions between the speaker and your device. Move away from potential sources of interference (e.g., Wi-Fi routers, other Bluetooth devices).

- **Suction Cup Not Sticking:**

Ensure the surface is clean, dry, and smooth. The suction cup works best on non-porous surfaces. Clean the suction cup itself if it appears dirty.

9. SPECIFICATIONS

Parameter	Value
Brand	Qiilu
Model Number	Qiilutghy17xd2k
Connectivity Technology	Bluetooth, USB
Bluetooth Version	3.0
Bluetooth Range	30 Feet (10 meters)
Speaker Maximum Output Power	3 Watts
Audio Output Mode	Stereo
Input Voltage	5 Volts
Battery Capacity	200 Milliamp Hours (200mA)
Battery Average Life (Playback)	3 Hours
Standby Time	12 Hours
Charging Method	USB Cable
Control Method	Touch
Additional Features	Built-in Microphone, Mobile Phone Holder (Suction Cup)
Mounting Type	Tabletop Mount
Is Waterproof	FALSE
Item Weight	119 Grams
Working Temperature	-10 to 40 °C
