## ZONECYTD ZC-202301

# ZONECYTD Sunflower Building Blocks Flower Bouquet with Vase Instruction Manual

Model: ZC-202301

## INTRODUCTION

This manual provides detailed instructions for assembling and maintaining your ZONECYTD Sunflower Building Blocks Flower Bouquet with Vase. This set contains 821 pieces designed to create a decorative sunflower arrangement. Please read all instructions carefully before beginning assembly.

## SAFETY INFORMATION

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years due to choking hazards.
- **Recommended Age:** While the manufacturer recommends this product for ages 6 and up, some users find the assembly challenging. Adult supervision or assistance is recommended for younger builders.
- Keep all packaging materials away from children.

## PARTS LIST

Your ZONECYTD Sunflower Building Blocks set includes 821 individual pieces. Before starting assembly, carefully open all bags and verify that all pieces are present. If any parts are missing, please contact customer support as detailed in the 'Support' section.

## SETUP AND ASSEMBLY

Follow the step-by-step instructions provided in your product box. The following tips are based on common user experiences to enhance your building process:

1. **Sorting Pieces:** It is highly recommended to sort all pieces by shape and color before beginning. This will significantly aid in identifying the correct components during assembly, as bags are not numbered.

2. **Instruction Clarity:** Pay close attention to the diagrams. Some pieces may appear similar but have subtle differences in angle or connection points. Refer to the pale yellow-filled boxes in the instructions for critical details on piece placement and orientation. Brown pieces have a yellow outline for details, black pieces have a white outline, and green pieces are outlined in yellow.
3. **Vase and Stem Assembly:** The flower stems are designed to be built into the vase structure. Ensure the vase base is stable during construction.
4. **Sunflower Head Assembly:** When attaching the sunflower heads to the green stems, avoid pushing them all the way down to the base of the stem. Leave some green stick space between the base circular part of the flower and the cap. Pushing too far down may prevent the back green pieces from clicking into place without dislodging the yellow petals.
5. **Stability:** The assembled sunflowers can be top-heavy. Ensure the vase is constructed securely. For added stability, consider placing a small, heavy object inside the vase after assembly.

## PRODUCT DETAIL DISPLAY

Image: A close-up view illustrating the detailed construction of the sunflower heads and the internal structure of the vase base.

Once assembled, your ZONECYTD Sunflower Building Blocks Flower Bouquet is ready for display. Place it on a flat, stable surface. Due to the design, the bouquet may be top-heavy. To prevent accidental tipping, especially in high-traffic areas, consider adding weight to the inside of the vase or securing the base.

## MAINTENANCE

To keep your building block bouquet clean, gently dust it with a soft, dry cloth. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners.

## TROUBLESHOOTING

- **Missing Parts:** If you discover any missing components during assembly, please refer to the 'Support' section to contact ZONECYTD customer service for assistance.
- **Difficulty with Instructions:** If you find the instructions unclear, take your time and carefully re-examine the diagrams, paying close attention to the color and shape details of each piece. Sorting pieces beforehand can

greatly reduce confusion.

- **Stability Issues:** If the assembled bouquet feels unstable or prone to tipping, ensure all vase pieces are firmly connected. Consider placing a small, heavy object (e.g., sand, small pebbles in a sealed bag) inside the vase to lower its center of gravity and improve stability.
- **Pieces Not Snapping Together:** Ensure you are using the correct pieces as indicated in the instructions. Some pieces may require firm but gentle pressure to connect. Avoid forcing pieces, as this may cause damage.

## SPECIFICATIONS

Feature	Detail
Product Model Number	ZC-202301
Number of Pieces	821
Material	ABS Plastic
Product Dimensions (Assembled)	Approximately 14.9 x 10.2 x 2.8 inches (Packaging dimensions)
Item Weight	1.43 pounds
Manufacturer Recommended Age	6 years and up
Manufacturer	ZONECYTD

# PRODUCT DIMENSIONS

Material:ABS plastic

Particle count:821pcs
