

## NPTCL K2

# NPTCL K2 2-Pack Wireless USB-C Lavalier Microphone Instruction Manual

Model: K2

Brand: NPTCL

## INTRODUCTION

---

The NPTCL K2 2-Pack Wireless USB-C Lavalier Microphone system provides clear, high-quality audio for various recording needs. Designed for ease of use, this portable microphone set features advanced noise cancellation and broad compatibility with USB-C devices, including Android phones, iPhone 15/16/17, and tablets. Enhance your audio recordings for vlogs, interviews, live streams, and more with this reliable and convenient wireless solution.

## WHAT'S IN THE BOX

---

- 2 x USB-C Lavalier Microphones
- 1 x USB-C Receiver
- 1 x User Manual
- 1 x Metal Case
- 1 x USB-C Charging Cable

# Designed for Video Recording

A close-up view of the NPTCL K2 Wireless USB-C Lavalier Microphone packaging, showing the microphone units and the USB-C receiver alongside a smartphone, all neatly arranged in their case.

## SETUP

- 1. Connect the Receiver:** Plug the USB-C receiver firmly into your device's charging port. The receiver's indicator light will turn red when connected.
- 2. Power On Microphones:** Press and hold the power button on each lavalier microphone until the green indicator light illuminates. The microphones will automatically pair with the receiver.
- 3. Android OTG Setting (if needed):** In rare cases, if the microphone does not work with your Android device's original camera app, you may need to enable the OTG (On-The-Go) function in your phone's system settings.

This video demonstrates the unboxing and initial setup of the NPTCL Mini Microphone for Android, showing how to connect the receiver and power on the microphone for immediate use.

## OPERATING INSTRUCTIONS

1. **Wearing the Microphone:** Clip the lavalier microphone onto your clothing, ideally near your mouth, for optimal sound capture. The lightweight design ensures it won't weigh down your attire.
2. **Omnidirectional Pickup:** The microphones feature an omnidirectional pickup pattern, allowing them to capture sound effectively from all directions, ensuring comprehensive audio coverage.
3. **Noise Cancellation:** Benefit from built-in noise cancellation chips that actively reduce unpleasant background noise, delivering crystal clear audio even in challenging environments.
4. **Battery Life:** Each microphone provides up to 10 hours of continuous operation on a full charge, suitable for extended recording sessions.

5. **Wireless Range:** Enjoy a maximum effective wireless transmission distance of up to 100 feet (approximately 30 meters), providing flexibility for various recording scenarios.

This video provides an actual sound quality test of the NPTCL Wireless Lavalier Microphone, demonstrating its performance with and without the microphone for comparison in a home environment.

## MAINTENANCE

- **Charging:** Use the provided USB-C charging cable to recharge both microphones and the receiver. Ensure they are fully charged before extended use to maximize the 10-hour battery life.
- **Cleaning:** Gently clean the foam windscreen of the microphones as needed to maintain optimal audio quality. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the microphones and all accessories in the included metal case when not in use. This protects them from dust, moisture, and physical damage, prolonging their lifespan.

## TROUBLESHOOTING

- **Microphone not connecting:** Ensure the USB-C receiver is fully and securely plugged into your device. Confirm that both microphones are powered on and their indicator lights are green. For some Android devices, enabling the OTG (On-The-Go) function in your phone's system settings may resolve connection issues.
- **Poor audio quality or excessive background noise:** Verify that the microphone is clipped securely and positioned correctly near the sound source (e.g., near your mouth). Ensure the foam windscreen is properly attached. The built-in noise reduction should minimize ambient sounds.
- **Short battery life:** Make sure the microphones are fully charged before each use. Battery performance can be affected by environmental factors and continuous usage.

## SPECIFICATIONS

<b>Model Number</b>	K2
<b>Brand</b>	NPTCL
<b>Microphone Form Factor</b>	Lavalier
<b>Connectivity Technology</b>	USB-C, Wireless
<b>Connector Type</b>	USB Type-C
<b>Polar Pattern</b>	Omnidirectional
<b>Audio Sensitivity</b>	100 Decibels
<b>Signal-to-Noise Ratio</b>	74 dB
<b>Power Source</b>	Battery Powered (1 Lithium Ion battery included)
<b>Item Dimensions (L x W x H)</b>	0.78 x 0.39 x 2.36 inches
<b>Item Weight</b>	3.2 ounces
<b>Hardware Platform</b>	Laptop, Smartphone, Tablet
<b>Special Features</b>	1-Touch Recording, Battery Indicator Light, Clip, Mute Function, Noise Reduction

## COMPATIBILITY

The NPTCL K2 Wireless USB-C Lavalier Microphone is designed for wide compatibility with various USB-C enabled devices:

- **iPhone:** Compatible with iPhone 16, iPhone 15, and iPhone 15 Pro Max. *Please note: This microphone is NOT compatible with iPhone 14/13/12/11 and other older iPhone models.*
- **Android Phones:** Fully compatible with Android phones and tablets featuring a USB-C port, including models like Samsung Galaxy S24/S23/S20/S10+/S10e/S10, Google Pixel, and more.
- **Tablets:** Works with iPad (USB-C models) and other tablets equipped with a USB-C port.
- **Laptops:** Can be used with laptops that support USB-C audio input.
