## Product Overview and Controls

The Skullcandy Hesh ANC headphones feature intuitive controls integrated into the earcups for easy management of audio and calls. The design is foldable for portability and includes comfortable ear cushions for extended wear.

Detailed view of the headphone controls, including volume, track, and power buttons.

## Setup

### Power On/Off

- **To Power On:** Press the main button for 3 seconds.
- **To Power Off:** Press the main button for 3 seconds.

### Bluetooth Pairing

For detailed visual instructions, refer to the 'Hesh ANC User Guide' video at [00:00:40](#).

1. **First-Time Pairing:** Power on the headphones using the main button. The device will automatically enter pairing mode. The LED will flash blue and red, and a voice prompt will say "pairing."
2. Turn on your device's Bluetooth and select "Hesh ANC" from the list of available devices. Accept any "Pair" or "OK" prompts. A voice prompt will confirm "connected."
3. **Pairing to a New Device:** Press the top ANC button for 3 seconds to enter pairing mode. The voice prompt will say "pairing," and you can then select "Hesh ANC" from your device's Bluetooth list.

## Operating Instructions

---

## Music Controls

For detailed visual instructions, refer to the 'Hesh ANC User Guide' video at [00:01:31](#).

- **Play/Pause:** Press the main button once.
- **Volume Up:** Press the '+' button once.
- **Volume Down:** Press the '-' button once.
- **Skip Song Forward:** Press the '+' button for 3 seconds.
- **Skip Song Backward:** Press the '-' button for 3 seconds.

## Call Controls

For detailed visual instructions, refer to the 'Hesh ANC User Guide' video at [00:02:04](#).

- **Take a Call:** Press the main button once.
- **End a Call:** Press the main button once.
- **Reject a Call:** Press the main button for 2 seconds.
- **Activate Device Assistant:** Press the main button 2 times.

## Active Noise Canceling (ANC) Mode

Hesh ANC features Active Noise Cancellation, which monitors and actively blocks out surrounding sounds for an immersive listening experience. For detailed visual instructions, refer to the 'Hesh ANC User Guide' video at [00:03:11](#).

- **To Activate ANC:** Press the top ANC button once.
- **To Turn Off ANC:** Push the ANC button again.

## Ambient Mode

Ambient Mode allows you to hear more of your surroundings while keeping your headphones on. For detailed visual instructions, refer to the 'Hesh ANC User Guide' video at [00:03:37](#).

- **To Activate Ambient Mode:** Press the top ANC button two times.
- **To Turn Off Ambient Mode:** Press the ANC button two times again.

## Charging

---

For detailed visual instructions, refer to the 'Hesh ANC User Guide' video at [00:02:26](#).

- To charge your headphones, plug in the USB-C Rapid Charge cable and connect to a computer, wall charger, power bank, or 12-volt adapter in a car.
- The headphone LED will be solid red while charging.
- The LED will turn green when fully charged.
- A 10-minute charge provides 3+ hours of battery play time.
- When fully charged, there will be up to 22 hours of play time.
- When your battery has less than 30 minutes of play time left, a voice prompt will notify you "battery low," and the LED will flash red every 10 seconds.

## **22 HOURS BATTERY + RAPID CHARGE**

The headphones offer up to 22 hours of battery life and support rapid charging.

### **Tile Finding Technology**

To ensure you never lose your headphones, Skullcandy Hesh ANC has built-in Tile technology. For detailed visual instructions, refer to the 'Hesh ANC User Guide' video at [00:04:02](#).

1. First, download the Tile app on your smartphone.
2. Follow the on-screen instructions within the Tile app to connect your headphones.
3. Once set up, you can use the Tile app to locate your headphones if they are misplaced or stolen.
4. The Tile app can also sound a tone from your headphones to help you find them when nearby.

The headphones integrate Tile technology for easy tracking and finding.

## Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headphones in a cool, dry place. Utilize their flat-folding and collapsible design for compact storage and to prevent damage.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in use for extended periods.

## Troubleshooting

### Resetting Hesh ANC

If you experience pairing difficulties or other issues, resetting your headphones may help. For detailed visual instructions, refer to the 'Hesh ANC User Guide' video at [00:04:39](#).

1. First, remove "Hesh ANC" from your device's Bluetooth paired list.
2. Now, press and hold both the main button and the minus button at the same time for 3 seconds.

3. You'll see the LED flash purple, and a voice prompt will say "Disconnected."
4. The headphone will then go into pairing mode. The LED will flash blue and red, and a voice prompt will say "Pairing."
5. At this time, turn on your device's Bluetooth and look for "Hesh ANC" in your list of available Bluetooth devices.
6. Select "Hesh ANC" and accept any "Pair" or "OK" prompts that appear on your screen. When pairing is complete, a voice prompt will say "connected."

### General Troubleshooting Tips

- Ensure your headphones are charged.
- Verify Bluetooth is enabled on your device.
- Move closer to your device to ensure a stable Bluetooth connection.
- Restart both your headphones and your connected device.
