1. PRODUCT OVERVIEW

The Haotao Bird Lamp is a versatile and portable LED table lamp designed for various uses, including as a bedside lamp, night light, reading lamp, or camping light. Its unique bird-shaped design allows for detachment from its base, making it easy to carry or hang. The lamp features touch control for power, brightness adjustment, and color temperature changes, along with a built-in rechargeable battery and an aroma diffuser function.

2. SETUP AND FIRST USE

2.1 Package Contents:

Before proceeding, ensure all components are present:

- Haotao Bird Lamp (Bird unit)
- Lamp Base
- USB Charging Cable

Image 2.1: Key features and dimensions of the Haotao Bird Lamp, including the essential oil port, touch button, USB charging port, and hanging chain.

2.2 Initial Charging:

For optimal performance, fully charge the lamp before first use.

1. Connect the provided USB charging cable to the USB port located on the underside of the bird unit.
2. Plug the other end of the USB cable into a compatible USB power adapter (not included) or a computer USB port.
3. The charging indicator light (if present) will illuminate during charging and turn off when fully charged.
4. A full charge typically takes approximately 3-4 hours.

2.3 Assembling the Lamp:

The bird unit can be easily attached to or detached from its base.

1. To attach, align the bottom of the bird unit with the top of the lamp base and gently push down until it is securely seated.
2. To detach, simply lift the bird unit upwards from the base.

3. OPERATING INSTRUCTIONS

3.1 Power On/Off and Light Color Adjustment:

The lamp is controlled by a touch-sensitive area located on the bird's head.

- **To Power On/Off:** Tap the touch-sensitive area once to turn the lamp on or off.
- **To Change Light Color:** While the lamp is on, tap the touch-sensitive area repeatedly to cycle through the three available light colors: Warm Light, Neutral Light, and White Light (3000K-6000K).

3.2 Brightness Adjustment:

The lamp's brightness is continuously dimmable.

- **To Adjust Brightness:** While the lamp is on, press and hold the touch-sensitive area. The brightness will gradually increase or decrease. Release your finger when the desired brightness level is reached.

3.3 Aroma Diffuser Function:

The lamp can also function as an aroma diffuser.

- Locate the small hole on the top of the bird unit (near the head).
- Carefully add 3-4 drops of your preferred essential oil into this hole.
- Do not overfill, as excessive essential oil may damage the lamp.
- The heat from the lamp will gently diffuse the aroma into the air.

4. CARE AND MAINTENANCE

- Cleaning:** Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents, as they may damage the finish.
- Aroma Diffuser Cleaning:** If using essential oils, periodically wipe the essential oil hole area with a slightly damp cloth to prevent residue buildup. Ensure the lamp is off and unplugged before cleaning.
- Storage:** When not in use for extended periods, store the lamp in a cool, dry place away from direct sunlight.
- Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the lamp regularly, even if not in constant use.
