Bellemave Twin Size House Floor Bed Frame

Bellemave Twin Size House Floor Bed Frame Instruction Manual

Model: Twin Size House Floor Bed Frame

1. Important Safety Information

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Ensure proper assembly to prevent entrapment risks.
- Do not exceed the maximum weight capacity of 250 pounds.
- Always follow the provided assembly instructions to maintain the bed's stability and prevent collapse.
- A mattress with a thickness less than 6 inches is suggested for optimal safety and fit.
- Regularly check all bolts and screws to ensure they are tight. Retighten as necessary.
- Keep small parts away from children during assembly to prevent choking hazards.

2. Product Overview

The Bellemave Twin Size House Floor Bed Frame is designed to provide a safe and engaging sleeping environment for children. Its Montessori-inspired low-to-ground design promotes independence and easy access.

Key Features:

- **House Bed Design:** Features a charming house-shaped frame, ideal for creative decoration with lights or fabrics (not included).
- **Montessori Floor Bed:** Low height allows children to get in and out independently, fostering autonomy.
- **Integrated Fence:** Guardrails provide enhanced stability and safety, reducing concerns about falls during sleep.
- **Durable Construction:** Crafted from premium pine wood for lasting sturdiness and durability.
- **Easy Assembly:** Comes with all necessary hardware and a clear instruction manual for convenient setup.

3. Package Contents

Before beginning assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Component	Quantity

Component	Quantity
Long Side Rails	2
Short Side Rails (Fence Panels)	2
Headboard/Footboard Posts	4
Roof Beams	4
Roof Ridge Beam	1
Hardware Pack (Screws, Bolts, Allen Key)	1 set

4. Assembly Instructions

Assembly is straightforward and can typically be completed by one person using the provided tools. Follow these steps carefully.

Step 4.1: Identify Components and Hardware

Unpack all components and lay them out. Refer to the included hardware list to identify each screw and bolt type. The assembly video below provides a visual guide to the hardware.

Video: This Montessori Floor Bed is SO easy to assemble! - This video demonstrates the various hardware components included for assembly.

Step 4.2: Assemble Headboard and Footboard Sections

Attach the short side rails (fence panels) to the headboard/footboard posts using the appropriate machine screws. Ensure the posts are oriented correctly with the designated slots for the side rails.

Your browser does not support the video tag.

Step 4.3: Connect Side Rails and Complete Base Frame

Connect the long side rails to the assembled headboard and footboard sections. Do not overtighten the screws initially to allow for slight adjustments when fitting all pieces together. Once all rails are in place, tighten all screws securely.

Step 4.4: Assemble the Roof Structure

Attach the roof beams to the top of the bed posts, forming the house shape. Ensure the roof ridge beam is securely fastened to complete the structure. Use the wood screws for these connections.

Step 4.5: Final Tightening and Inspection

Once the entire frame is assembled, go back and ensure all screws and bolts are fully tightened. Check the stability of the bed frame before placing a mattress inside.

5. Usage Guidelines

- Place a twin-size mattress directly on the floor within the bed frame. A mattress less than 6 inches thick is recommended.
- The low height of the bed is designed for easy access for toddlers and young children.
- The house frame can be decorated with string lights, lightweight fabrics, or other child-safe decorations to create a personalized space.
- Ensure the bed is placed on a flat, stable surface.

6. Maintenance

- **Cleaning:** Wipe the bed frame with a dry cloth to remove dust and dirt. Avoid using harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically inspect all structural components, bolts, and screws for tightness and wear. Tighten any loose connections immediately.

- **Wood Care:** The pine wood finish is painted. Avoid prolonged exposure to direct sunlight or extreme temperatures to prevent warping or fading.

7. Troubleshooting

- **Wobbly Frame:** If the bed frame feels wobbly, re-check all bolts and screws to ensure they are fully tightened. Ensure the bed is on a level surface.
- **Parts Not Fitting:** Double-check the orientation of the parts against the assembly diagrams. Sometimes, a slight loosening of adjacent screws can help align pieces.
- **Missing Hardware:** If any hardware is missing, please contact Bellemave customer support for replacement parts.

8. Specifications

Attribute	Detail
Size	Twin Size
Product Dimensions	79.5"L x 44.8"W x 66.2"H
Color	Grey
Finish Type	Painted
Included Components	Guardrails
Compatible Mattress Size	Twin
