## Hwagol G25

# Hwagol G25 Smart Watch User Manual

Model: G25

## INTRODUCTION

Welcome to the Hwagol G25 Smart Watch user manual. This guide provides detailed instructions to help you set up, operate, and maintain your new smart watch. The Hwagol G25 is designed to enhance your daily life with features such as Bluetooth calling, comprehensive fitness tracking, and continuous health monitoring.

## SETUP GUIDE

### 1. Charging the Device

Before initial use, fully charge your Hwagol G25 Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes approximately 2 hours.

## 2. App Installation and Pairing

To unlock the full functionality of your smart watch, download the companion application on your smartphone. The Hwagol G25 is compatible with most smartphones running iOS 8.2 or above, and Android 5.1 or above.

1. Scan the QR code provided in the watch's packaging or search for the official app in your phone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install the application and create an account if prompted.
3. Ensure Bluetooth is enabled on your smartphone.
4. Open the app and follow the on-screen instructions to search for and pair with your Hwagol G25 Smart Watch.
5. Grant all necessary permissions requested by the app for optimal performance, including notification access and location services.

## OPERATING INSTRUCTIONS

### 1. Basic Navigation

- **Touch Screen:** Swipe left/right, up/down to navigate through menus and features. Tap to select.
- **Side Buttons:** Typically, one button serves as a power/back button, while others may provide quick access to specific functions. Refer to the on-screen prompts for specific button functionalities.

### 2. Bluetooth Call Functionality

Once paired with your smartphone, the Hwagol G25 allows you to answer and make calls directly from your wrist.

- **Answering Calls:** When an incoming call is received, the watch will display the caller ID. Tap the green phone

icon on the watch screen to answer.

- **Making Calls:** Access the call history or contact list through the watch interface to initiate a call. You can also add frequently used contacts via the companion app.

### 3. Smart Notifications

Receive notifications from your smartphone directly on your watch. This includes calls, text messages, and alerts from social media applications like Facebook, WhatsApp, and more. Ensure notification permissions are enabled in the companion app.

### 4. Customizing Watch Faces

The Hwagol G25 offers over 100 integrated watch faces and supports user-defined watch faces. You can change the watch face directly on the device or through the companion app to personalize your experience.

# Oltre **100+** dail integrati e Personalizza i tuoi quadranti

Image: The Hwagol G25 Smart Watch displaying various customizable watch faces. An adjacent smartphone screen shows the companion app interface for selecting and customizing watch faces, including options for text color and position.

## 5. Fitness Tracking and Sports Modes

The watch supports over 100 sports modes, including running, cycling, skipping, and swimming. It tracks steps, heart rate changes, and calories burned in real-time during exercise.

- Select your desired sport mode from the watch's menu to begin tracking.
- Review your activity data in the companion app for detailed analysis and progress tracking.

# Oltre **100+** modalità sportive

Il tracker di attività 24 ore fa  
Ogni allenamento conta

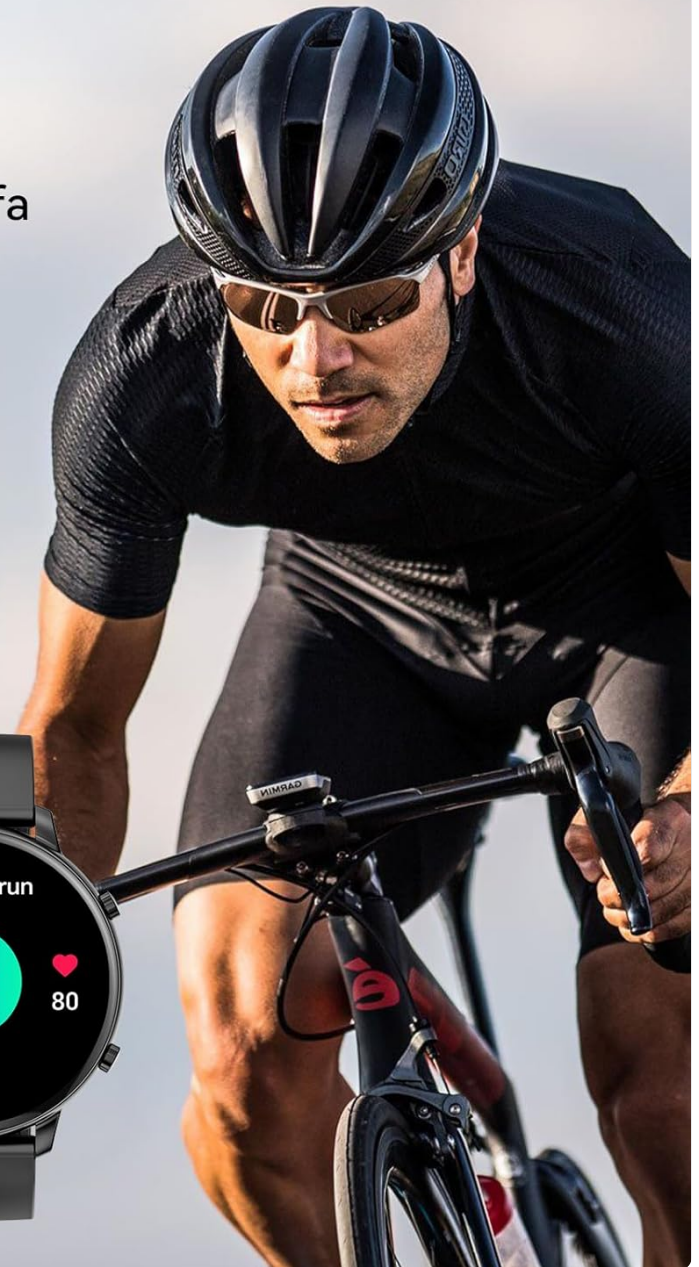

Image: A person cycling while wearing the Hwagol G25 Smart Watch, which displays fitness data. Icons representing over 100 sports modes are shown, including outdoor running, cycling, skipping, and swimming.

## 6. Health Monitoring

The Hwagol G25 features 24/7 health monitoring, including heart rate, blood oxygen (SpO2), and sleep tracking.

- **Heart Rate:** The watch continuously monitors your dynamic heart rate.
- **Sleep Monitoring:** It automatically tracks your sleep duration and stages.
- **Blood Oxygen (SpO2):** Monitor your blood oxygen levels.
- All health data can be synchronized and analyzed in the companion app to help promote a healthier lifestyle.

# Sii il tuo assistente sanitario

Basato su grafici sanitari chiari, conosci meglio la tua salute

## 7. Other Smart Features

The Hwagol G25 includes several additional smart features:

- **Remote Camera Control:** Use your watch to remotely trigger your phone's camera.
- **Music Control:** Play, pause, skip tracks, and adjust volume for music playing on your phone.
- **Find Phone:** Locate your misplaced phone by making it ring from your watch.
- **Weather Forecast:** View current weather conditions and forecasts.
- **Sedentary Reminder:** Get alerts to move after periods of inactivity.
- **Breathing Exercises:** Guided breathing sessions for relaxation.
- **Voice Assistant:** Access your phone's voice assistant.
- **Stopwatch & Alarm:** Standard timekeeping functions.

## MAINTENANCE

### 1. Water Resistance (IP67)

The Hwagol G25 Smart Watch has an IP67 water resistance rating, meaning it is protected against dust and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily waterproofing, such as rain splashes or hand washing. However, it is not recommended for hot water, saunas, or prolonged immersion in saltwater, as these conditions may compromise the seal over time.

### 2. Cleaning

To keep your watch clean, wipe the screen and strap regularly with a soft, dry cloth. If necessary, use a slightly damp cloth with mild soap, then dry thoroughly. Avoid using harsh chemicals or abrasive materials.

### 3. Battery Life

The watch offers approximately 3-5 days of normal use and 7-10 days in standby mode on a single charge. Battery performance may vary based on usage patterns and enabled features.

## TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Unable to pair with phone:**
  - Ensure Bluetooth is enabled on your phone and the watch.

- Make sure the watch is within range of your phone.
  - Restart both your phone and the watch, then try pairing again.
  - Check if the companion app has all necessary permissions.
- **Notifications not received:**
    - Verify that notification access is granted to the app in your phone's settings.
    - Ensure the app is running in the background.
    - Check the app's settings to confirm which notifications are enabled.
  - **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch regularly.
  - **Short battery life:** Reduce screen brightness, disable unnecessary features, and ensure the watch is fully charged before use.
