baboni PD-2-L

Baboni 3-Flaps Pet Door User Manual

Brand: **Baboni** | Model: **PD-2-L (Large Metal)**

1. INTRODUCTION

The Baboni 3-Flaps Pet Door provides a convenient and secure solution for your pets to enter and exit your home independently. Designed for both interior and exterior doors, this pet door features a robust steel frame, a telescoping tunnel, and a unique 3-flap system for enhanced energy efficiency and weather protection. It is suitable for pets up to 100 lbs.

2. KEY FEATURES

- **Freedom and Independence:** Allows pets to go in and out without human assistance, ideal for potty breaks or playtime.
- **Durable Construction:** Frame made of metal steel and aerospace-grade aluminum alloy, built with automotive laser welding technology for durability and security.
- **3-Flaps Energy-Saving Design:** Features two vinyl flaps with magnetic closure and one insulated middle flap to provide weatherproofing, energy efficiency, and protection against extreme weather and air drafts.

- **Telescoping Tunnel:** Accommodates door thicknesses from 1 3/8 inches to 1 31/32 inches, ensuring a secure fit for various door types.
- **Secure Closing Panel:** Includes a slide-in metal panel that helps protect against extreme weather and can be used to restrict pet access when needed.
- **Easy Installation:** Designed for straightforward installation in various interior and exterior doors, with a cut-out template and step-by-step instructions provided.

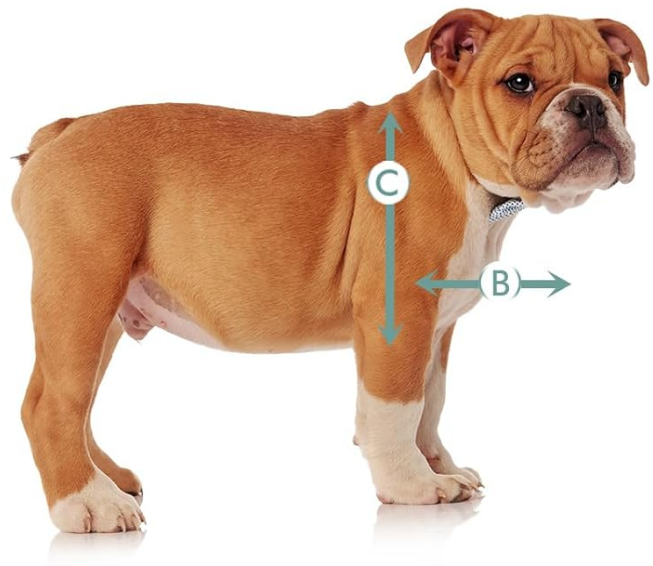

3. CHOOSING THE RIGHT SIZE

Selecting the correct pet door size is crucial for your pet's comfort and safety. Please refer to the following guidelines and the size chart to determine the appropriate door for your pet.

1. Ensure your pet is standing naturally.
2. Measure the width of your pet's chest at its widest point.
3. Measure the height from your pet's shoulders to the bottom of its chest.
4. Choose a door where both your pet's height and width fit comfortably within the flap opening dimensions.

Pet Size Chart

- A** Make sure your pet is standing
- B** Measure the width of your pet's chest
- C** Measure the height from your pet's shoulders to the bottom of chest
- D** Choose the door where both your pet's height and width fit

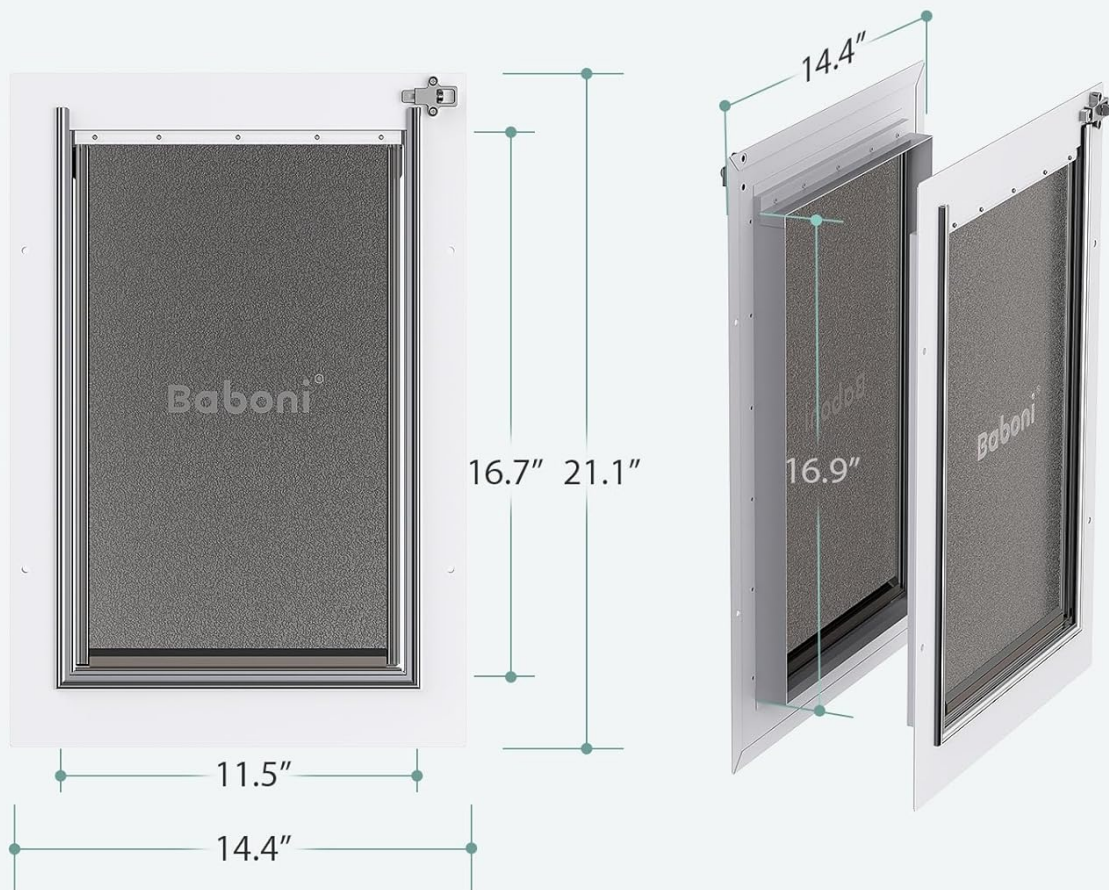

Size	Width	Height	Weight
M	< 8"	< 12"	< 40 lb
L	< 10"	< 16"	<100 lb
XL	<13"	<23"	<220 lb

4. SETUP AND INSTALLATION

The Baboni Pet Door is designed for easy installation in various door types, including interior and exterior doors. A

cut-out template and step-by-step instructions are included with your purchase to guide you through the process.

General Installation Steps:

1. **Prepare the Door:** Choose the desired location on your door. Ensure there are no obstructions like door handles or window frames.
2. **Apply Template:** Secure the provided cut-out template to the door.
3. **Cut Opening:** Carefully cut the opening in the door according to the template. For metal doors with foam centers, using a side grinder with a metal cut-off blade is recommended to prevent bending.
4. **Assemble Frame:** Insert the pet door frame components into the cut opening. The telescoping tunnel adjusts to fit your door's thickness.
5. **Secure Components:** Align the inner and outer sleeves and secure them with the provided screws. Ensure a tight fit to prevent drafts.
6. **Seal (Optional but Recommended):** Apply silicone or foam gasket around the edges of the pet door frame where it meets the main door for an improved seal against elements.

5. OPERATION

The Baboni Pet Door is designed for ease of use for both pets and owners. Its 3-flap system provides optimal insulation and security.

Flap System:

- The outer and inner vinyl flaps are equipped with strong magnetic closures, ensuring they return to a closed position after your pet passes through.
- An insulated middle flap further enhances energy efficiency, reducing heat loss or gain.

Security Panel:

For added security or to restrict pet access, a durable slide-in metal closing panel is included. This panel can be inserted from the top to completely block the pet door opening. It features a metal locking mechanism to secure it in place.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Baboni Pet Door, regular maintenance is recommended.

- **Cleaning:** Periodically clean the flaps and frame with a mild soap and water solution. Avoid abrasive cleaners that could damage the materials.
- **Inspection:** Regularly check the flaps for any signs of wear or damage. Ensure the magnetic closure is still strong and the flaps swing freely. Inspect the frame for any loose screws or signs of corrosion.
- **Weather Stripping:** Check the weather stripping around the flaps and frame to ensure it is intact and providing an effective seal.

7. TROUBLESHOOTING

If you encounter any issues with your Baboni Pet Door, consider the following common troubleshooting tips:

- **Flaps Not Closing Properly:**

- Check for debris or dirt obstructing the magnetic strip or the flap's movement. Clean thoroughly.
- Ensure the door frame is installed squarely and not warped, which could prevent proper flap alignment.
- In very cold weather, vinyl flaps may become less flexible. This can sometimes affect magnetic closure. Consider using the metal closing panel during extreme temperatures.

- **Drafts Around the Door:**

- Verify that the telescoping tunnel is properly extended and sealed against both sides of your main door.
- Inspect the weather stripping. If damaged or worn, it may need replacement.
- Ensure the installation screws are tightened securely.

- **Pet Reluctance to Use Door:**

- Some pets may need time and positive reinforcement to adapt. Lure them through with treats or toys.
- Initially, you may need to hold the flaps open for them until they get comfortable pushing through.

8. SPECIFICATIONS

Attribute	Detail
Brand	Baboni
Model Number	PD-2-L
Size (Current Product)	Large
Material	Alloy steel (Frame), Metal (General)
Color	White
Weight Limit	100 Pounds
Minimum Compatible Thickness	1.38 Inches
Product Dimensions	2 x 14.25 x 21.06 inches
Item Weight	10.03 pounds
Closure Type	Magnetic
Date First Available	July 28, 2023

9. WARRANTY AND SUPPORT

Baboni is committed to providing high-quality products and excellent after-sales service. Your satisfaction is our priority.
