3. SETUP AND ASSEMBLY

The Hitow Wardrobe Armoire Closet requires assembly. The product is typically packaged in two separate boxes, which may arrive at different times. Please ensure all components are received before beginning assembly.

Before You Begin:

- **Check Package Contents:** Verify that all parts and hardware listed in the included instruction manual are present. All pieces are well-labeled for easy identification.
- **Tools:** Detailed instructions and necessary tools are included in the package. Ensure you have a clear, spacious area for assembly.

- **Assistance:** Assembly may be easier with two people due to the size and weight of some components.

Assembly Steps:

Refer to the detailed instruction manual provided in your package for step-by-step assembly. The general process involves:

1. Unpacking and identifying all components.
2. Assembling the main frame and base.
3. Installing shelves and internal dividers.
4. Assembling and installing the drawers.
5. Attaching the doors and hinges.
6. Installing the hanging rods.
7. Securing the back panel. Note that the back panel is typically thin and secured with small nails; exercise caution to avoid damaging shelving.

4. OPERATING INSTRUCTIONS

The Hitow Wardrobe Armoire Closet is designed for straightforward use to organize your clothing and accessories.

- **Doors:** Gently open and close the four doors using the wooden handles. Ensure doors are fully closed to protect contents from dust.
- **Drawers:** Utilize the two spacious drawers for folded items, undergarments, or smaller accessories. Pull the wooden handles to open and push to close.
- **Hanging Space:** The internal metal rods provide ample space for hanging shirts, dresses, suits, and other garments that require wrinkle-free storage.
- **Shelving:** The internal shelves are suitable for folded clothing, bags, or storage boxes.

5. MAINTENANCE

Proper maintenance will help preserve the appearance and functionality of your Hitow Wardrobe Armoire Closet.

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Dusting:** Regularly dust the wardrobe with a soft, dry cloth to prevent buildup.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain structural integrity.
- **Door Alignment:** If doors become misaligned over time, refer to the assembly instructions for guidance on adjusting hinges.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your wardrobe.

- **Doors Do Not Align Properly:**

Door alignment can sometimes be challenging. Refer to the detailed assembly instructions for specific guidance on adjusting the hinges. Hinges typically have adjustment screws that allow for vertical, horizontal, and depth adjustments. Small, incremental turns of these screws can correct misalignment.

- **Wardrobe Feels Unstable:**

Ensure the wardrobe is placed on a completely level surface. Check all assembly screws and fasteners to confirm they are securely tightened. If the issue persists, verify that all components were assembled correctly according to the manual.

- **Drawers Stick or Do Not Slide Smoothly:**

Check that the drawer slides are properly installed and free from obstructions. Ensure the drawers are not overloaded, which can cause them to stick. A small amount of silicone lubricant can be applied to the slides if friction is the issue.

- **Backing Panel Appears Flimsy or Not Secure:**

The backing panel is typically thin for furniture of this type. Ensure all small nails or fasteners used to secure it are properly inserted into the designated areas. Avoid excessive force when attaching to prevent damage to internal shelving.
