SETUP GUIDE

1. Initial Charging

Before first use, fully charge your Kratos SW15 Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power source. A full charge typically takes approximately 2 hours.

2. App Download and Pairing

1. Scan the QR code provided in the product packaging or on the product page to download the companion app (HryFine). The app is compatible with both iOS and Android devices.
2. Install the app on your smartphone.
3. Open the app and follow the on-screen instructions to create an account or log in.
4. Enable Bluetooth on your smartphone.
5. Within the app, search for your Kratos SW15 Smart Watch and select it to initiate the pairing process.
6. Confirm the pairing request on both your smartphone and the smart watch.

BATTERY INFORMATION

The Kratos SW15 Smart Watch is equipped with a 220 mAh battery, providing up to 2 days of usage on a single charge. Rapid charging allows the device to fully charge in approximately 2 hours using the magnetic charger.

MAINTENANCE

To ensure the longevity and optimal performance of your Kratos SW15 Smart Watch, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the watch screen and strap with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and dry thoroughly.
- **Avoid Chemicals:** Do not use harsh chemicals, cleaning solvents, or strong detergents, as they may damage the watch's finish or internal components.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place away from direct sunlight.

- **Water Exposure:** While IP67 water resistant, avoid exposing the watch to high-pressure water, hot water, or steam. Dry the watch thoroughly if it gets wet.

TROUBLESHOOTING

If you encounter any issues with your Kratos SW15 Smart Watch, try the following basic troubleshooting steps:

- **Watch Not Turning On:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot Pair with Phone:** Make sure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again. Ensure the HryFine app is installed and running.
- **Inaccurate Health Data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors on the back of the watch.
- **Short Battery Life:** Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring if not required.
- **Touchscreen Unresponsive:** Restart the watch. If the issue persists, ensure the screen is clean and dry.
