AMIPEPE SW-LSL-02-410

AMIPEPE Christmas Star Waterfall Tree Lights

Model: SW-LSL-02-410

Brand: AMIPEPE

1. INTRODUCTION

This manual provides instructions for the AMIPEPE Christmas Star Waterfall Tree Lights, Model SW-LSL-02-410. This product features 350 multicolor LED lights distributed across 9 strings, with a star topper. Designed for both indoor and outdoor use, it offers 8 lighting modes, a timer function, memory function, and remote control for convenient operation.

2. SAFETY INSTRUCTIONS

Please read and follow these safety instructions carefully before installation and use to prevent injury or damage.

- Ensure the power adapter is UL certified and the voltage matches your power supply.
- The light strings are IP65 waterproof, suitable for outdoor conditions. However, the power adapter should be protected from direct water exposure.
- Do not attempt to modify or repair the product. Contact customer support if issues arise.
- Unplug the lights from the power source before installation, maintenance, or when not in use for extended periods.
- Keep the product away from open flames, heat sources, and flammable materials.
- Avoid excessive pulling or bending of the light strings to prevent damage to the wires or LEDs.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Star Light Set (350 LED, 11.48ft strings)
- 1 x Remote Control
- 1 x UL Certified Power Adapter
- 10 x Ground Spikes

Figure 3.1: Components of the light set, including the star, light strings, remote, ground stakes, and power adapter.

4. SETUP INSTRUCTIONS

Follow these steps to set up your AMIPEPE Christmas Star Waterfall Tree Lights:

1. **Unpack Components:** Carefully remove all items from the packaging.
2. **Identify Star Topper:** Locate the star-shaped topper, which is the central point from which the light strings descend.
3. **Hang the Star Topper:** Securely hang the star topper at your desired high point, such as the top of a tree, a wall, or a roofline. Ensure it is stable and will not fall.
4. **Untangle and Spread Strings:** Gently untangle the 9 individual light strings and spread them out evenly, creating a waterfall or tree-like shape.
5. **Secure Light Strings:** Use the provided ground spikes to firmly secure the end of each light string to

the ground. This helps maintain the desired shape and prevents tangling.

6. **Connect Power:** Plug the UL certified power adapter into a suitable outdoor-rated electrical outlet.

5. OPERATING INSTRUCTIONS

Your AMIPEPE Christmas Star Waterfall Tree Lights can be controlled using the included remote or the button on the power adapter.

5.1. Power On/Off

- **Remote Control:** Press the **ON** button to turn the lights on, and the **OFF** button to turn them off.
- **Power Adapter Button:** Press the button on the power adapter to cycle through modes and turn off the lights.

5.2. Lighting Modes

The lights feature 8 distinct lighting modes. You can switch between them using the remote control or the button on the power adapter.

- **1. Combination:** Cycles through all modes.
- **2. In Waves:** Lights illuminate in a wave-like pattern.
- **3. Sequential:** Lights illuminate in sequence.
- **4. Slow Glow:** Lights slowly glow on and off.
- **5. Chasing/Flash:** Lights chase and flash.
- **6. Slow Fade:** Lights slowly fade in and out.
- **7. Twinkle/Flash:** Lights twinkle and flash.
- **8. Steady On:** All lights remain continuously lit.

Figure 5.2: Detailed view of the remote control functions.

5.3. Timer Function

Activate the timer function via the remote control. Once activated, the lights will automatically turn on for 6 hours and then off for 18 hours, repeating the cycle daily.

5.4. Memory Function

The lights are equipped with a memory function. When powered off, they will recall the last selected lighting mode upon being turned back on.

5.5. Brightness Adjustment

Adjust the brightness of the lights using the **DIM+** and **DIM-** buttons on the remote control. Available brightness levels are 100%, 75%, 50%, and 25%.

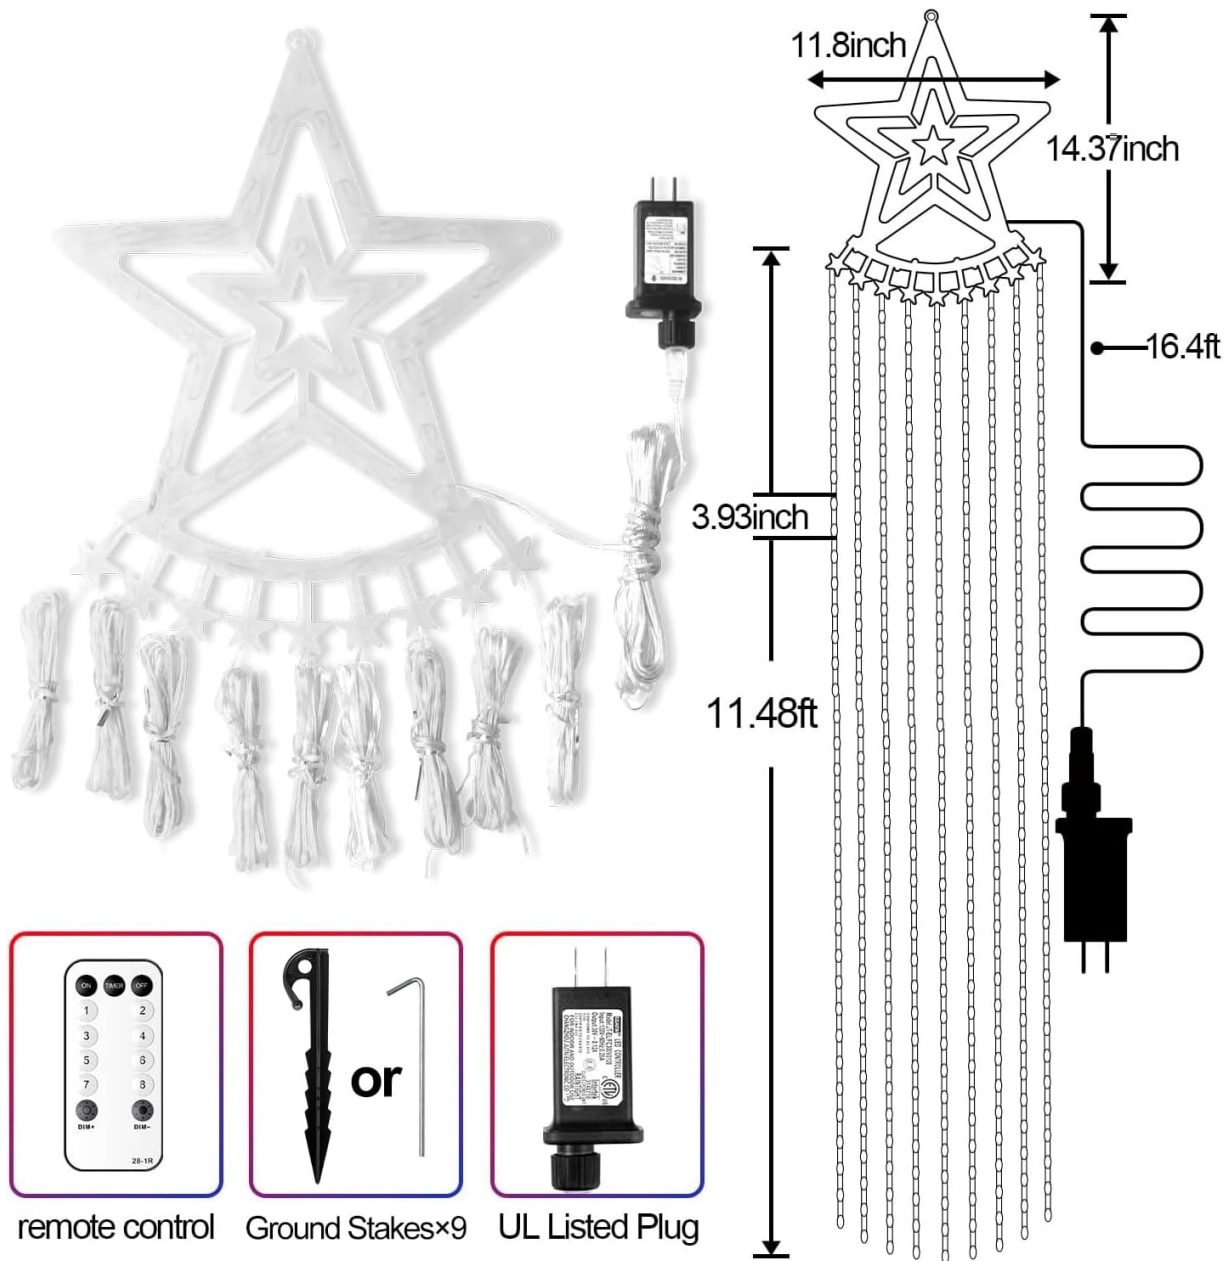

Figure 5.3: Visual representation of adjustable brightness levels.

6. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your lights.

- **Cleaning:** Gently wipe the lights and star topper with a soft, dry cloth to remove dust or dirt. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, especially during off-season, store the lights in their original packaging or a suitable container in a cool, dry place, away from direct sunlight and moisture.
- **Inspection:** Before each use, inspect the power cord, adapter, and light strings for any signs of damage, fraying, or loose connections. Do not use if damaged.

7. TROUBLESHOOTING

If you encounter issues with your lights, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lights do not turn on.	No power, loose connection, faulty adapter.	Check if the power adapter is securely plugged into a working outlet. Ensure all connections are tight. Test the outlet with another device.
Remote control is not working.	Remote battery low/dead, obstruction, out of range.	Ensure there is a clear line of sight between the remote and the receiver. Replace the remote battery if necessary. Move closer to the lights.
Some light strings are not illuminating.	Damaged wire, loose LED, manufacturing defect.	Carefully inspect the non-working string for visible damage. If damage is found or the issue persists, contact customer support.

8. SPECIFICATIONS

Feature	Detail
Model Number	SW-LSL-02-410
Brand	AMIPEPE
Color	Multicolor
Indoor/Outdoor Usage	Outdoor
Special Features	Corded, Dimmable, Remote Controlled, Timing and Memory Function
