sunvito X6

sunvito Bone Conduction Headphones User Manual

Model: X6 | Brand: sunvito

1. INTRODUCTION

Thank you for choosing sunvito Bone Conduction Headphones. These innovative headphones transmit sound through your cheekbones, allowing you to enjoy audio while remaining aware of your surroundings. Designed for versatility, they are ideal for various activities including swimming, running, cycling, and daily use.

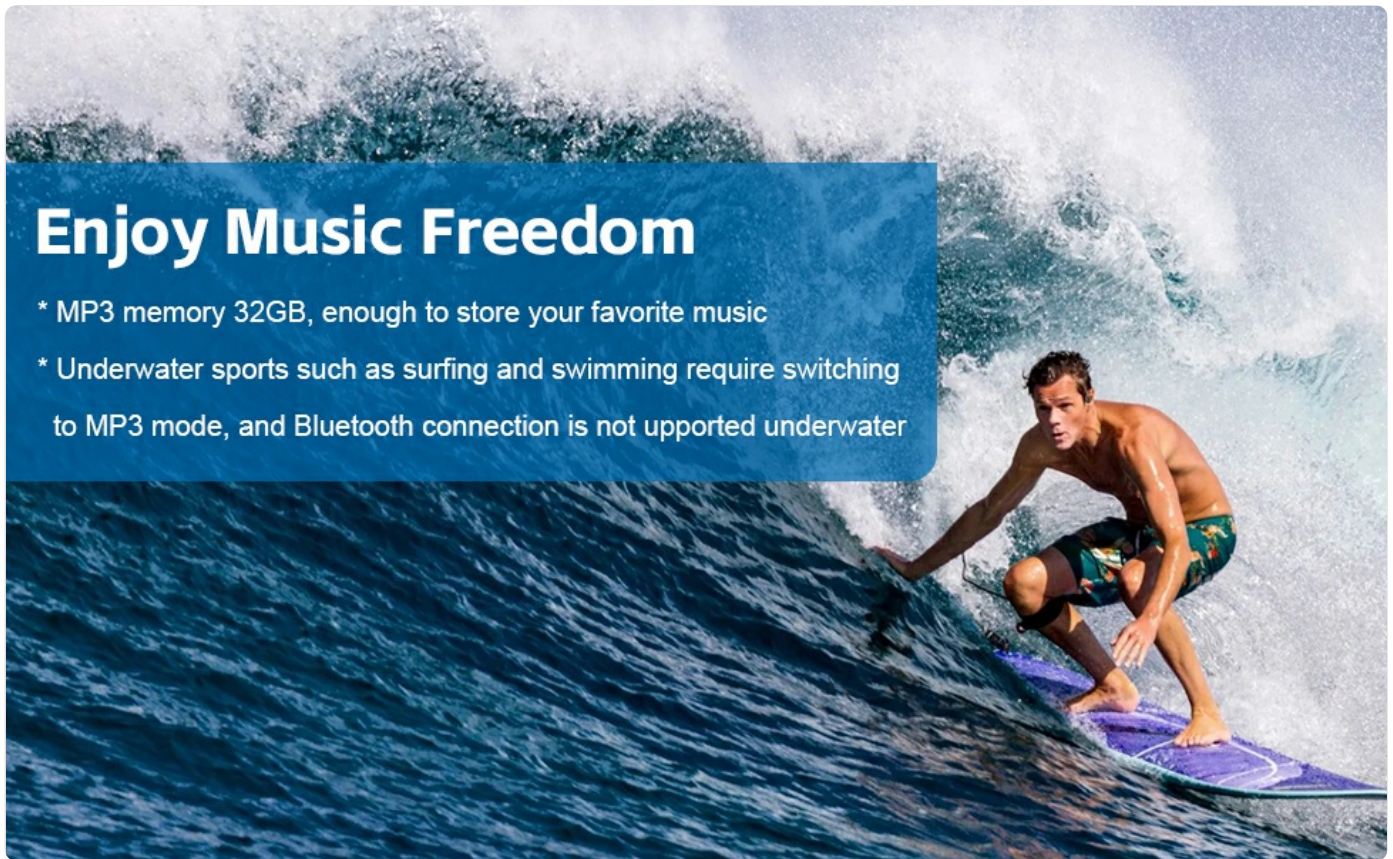

This manual provides detailed instructions on how to set up, operate, and maintain your headphones to ensure optimal performance and longevity.

2. KEY FEATURES

- **Bone Conduction Technology:** Delivers sound through vibrations, keeping your ears open to ambient sounds for enhanced safety.
- **IP68 Waterproof Rating:** Fully submersible, suitable for swimming up to 2 meters deep for 4 hours.
- **Built-in 32GB Memory:** Store thousands of songs for MP3 playback, essential for underwater use where Bluetooth signals cannot transmit.
- **Bluetooth 5.3 Connectivity:** Provides stable and efficient wireless connection for everyday use.
- **Long Battery Life:** Up to 8 hours of music playback on a single 2-hour charge.
- **Lightweight and Comfortable:** Weighing only 28 grams (1 ounce), designed for extended wear without discomfort.
- **Magnetic Charging:** Secure and convenient charging interface.

Enjoy Music Freedom

- * MP3 memory 32GB, enough to store your favorite music
- * Underwater sports such as surfing and swimming require switching to MP3 mode, and Bluetooth connection is not supported underwater

Image: Open-ear design allows awareness of surroundings, enhancing safety during outdoor activities.

Note: If there is water attached to the magnetic after use, it needs to be wiped clean before charging.

Image: IP68 waterproof rating ensures reliable performance even during swimming.

3. PACKAGE CONTENTS

Please check the box for the following items:

- sunvito Bone Conduction Headphones (Model X6)
- Magnetic Charging Cable
- User Manual (this document)

4. PRODUCT OVERVIEW

Familiarize yourself with the main components and controls of your sunvito headphones:

Einfache Tastensteuerung

Mit den Multifunktionstasten können Sie jederzeit hochwertige Audioqualität genießen

Image: Detailed view of the headphone controls and components.

Left Button: Volume Down / Previous Song (double-click)

Middle Button: Power On/Off (long press) / Play/Pause (tap) / Switch Mode (double-click)

Right Button: Volume Up / Next Song (double-click)

Indicator Light: Shows status (power, pairing, charging)

Microphone: For calls

Magnetic Charging Port: For charging and data transfer

5. SETUP

5.1 Charging the Headphones

Before first use, fully charge your headphones. Connect the magnetic charging cable to the charging port on the headphones and plug the USB end into a power source (e.g., computer USB port, wall adapter).

- Charging Time: Approximately 2 hours for a full charge.
- Battery Life: Up to 8 hours of continuous playback.

Magnetic charging design, better waterproof effect.

5.2 Bluetooth Pairing

To connect your headphones to a Bluetooth-enabled device:

1. Ensure the headphones are charged and powered off.
2. Press and hold the **Middle Button** for approximately 3-5 seconds until the indicator light flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for new devices.
4. Select "sunvito X6" from the list of available devices.
5. Once connected, the indicator light will turn solid blue.

New Upgraded Bluetooth 5.3 Chip

6. OPERATING INSTRUCTIONS

6.1 Basic Controls

Function	Button Action
Power On/Off	Long press Middle Button
Play/Pause	Tap Middle Button
Volume Up	Tap Right Button
Volume Down	Tap Left Button
Next Song	Double-click Right Button
Previous Song	Double-click Left Button
Answer/End Call	Tap Middle Button
Reject Call	Long press Middle Button
Switch Bluetooth/MP3 Mode	Double-click Middle Button

7. MP3 MODE FOR SWIMMING

When using the headphones for swimming or other underwater activities, Bluetooth connectivity is not reliable due to water interference. For these scenarios, utilize the built-in 32GB MP3 player.

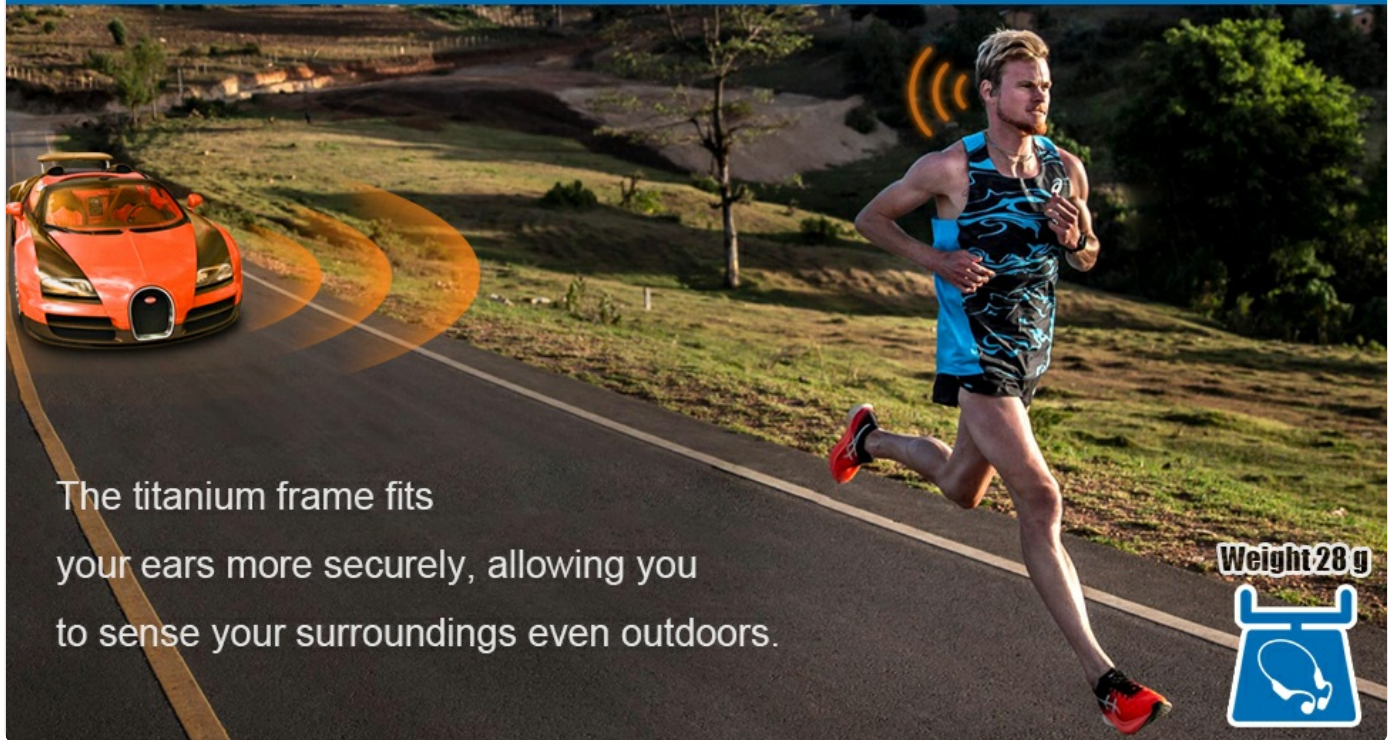

7.1 Loading Music

1. Connect the headphones to your computer using the magnetic charging cable.
2. The headphones will be recognized as a removable disk (USB drive).
3. Drag and drop your desired MP3 audio files directly into the headphone's storage.
4. Safely eject the device from your computer before disconnecting.

7.2 Using MP3 Mode

- Double-click the **Middle Button** to switch to MP3 mode. The indicator light will change to confirm the mode.
- Ensure a swimming cap is worn to help secure the headphones during vigorous activity.
- Note: Volume control in MP3 mode might differ or be fixed depending on the firmware version.

Open Ear Headphones are safer

The titanium frame fits your ears more securely, allowing you to sense your surroundings even outdoors.

Weight 28 g

Image: The headphones are designed to withstand water immersion, perfect for aquatic sports.

8. MAINTENANCE

- **Cleaning:** After each use, especially after swimming, wipe the headphones clean with a soft, dry cloth. Pay particular attention to the magnetic charging contacts to prevent corrosion.
- **Drying:** Ensure the headphones are completely dry before charging to prevent damage to the charging port.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Impact:** Do not drop or subject the headphones to strong impacts, as this may damage internal components.

Image: The headphones are suitable for a wide range of activities, from mountaineering to daily work.

9. TROUBLESHOOTING

If you encounter issues with your headphones, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Headphones won't power on	Low battery; Power button not pressed long enough	Charge the headphones fully; Press and hold the Middle Button for 3-5 seconds
Cannot pair via Bluetooth	Headphones not in pairing mode; Device Bluetooth off; Too far from device	Ensure headphones are flashing blue/red; Turn on device Bluetooth; Move closer to device (within 10 meters)
No sound in MP3 mode underwater	Not in MP3 mode; No music loaded; Volume too low	Double-click Middle Button to switch to MP3 mode; Connect to PC and load MP3 files; Adjust volume if possible
Headphones not recognized by computer	Loose connection; Driver issue; Water on charging contacts	Ensure cable is securely connected; Try a different USB port/computer; Clean and dry charging contacts thoroughly
Sound quality is poor	Improper fit; Volume too high/low; Source audio quality	Adjust placement on cheekbones; Optimize volume; Use high-quality audio files
