FoMup FM30D

FoMup 30-inch Dual Zone Wine and Beverage Refrigerator Instruction Manual

Model: FM30D

1. Introduction

This manual provides essential information for the safe and efficient operation of your FoMup 30-inch Dual Zone Wine and Beverage Refrigerator. Please read these instructions thoroughly before installation and use, and retain them for future reference.

The FoMup 30-inch Dual Zone Wine and Beverage Refrigerator is designed to store both wine and beverages at their optimal temperatures. It features two independent cooling zones, a generous capacity, and versatile installation options.

2. Safety Information

To reduce the risk of fire, electric shock, or injury when using your appliance, follow these basic precautions:

- Read all instructions before using the appliance.
- Do not allow children to climb, stand, or hang on the shelves of the refrigerator.
- Do not clean appliance parts with flammable fluids. The fumes can create a fire hazard or explosion.
- Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance. The fumes can create a fire hazard or explosion.
- The appliance is equipped with safety locks on both doors to prevent unauthorized access, especially important in households with children.

3. Setup and Installation

Your FoMup refrigerator offers versatile installation options, allowing for either a built-in under-counter placement or a freestanding setup.

Image 3.1: Installation options: Built-in under-counter and freestanding.

3.1 Placement

- Ensure the unit is placed on a level surface. Use the adjustable feet to stabilize the refrigerator and prevent wobbling.
- For optimal performance, ensure adequate ventilation. The unit features a front radiator for heat dissipation, allowing it to be installed in enclosed spaces without overheating.
- Avoid placing the refrigerator in direct sunlight or near heat sources.

4. Operating Instructions

Your FoMup refrigerator is designed for ease of use and optimal beverage preservation.

4.1 Dual Independent Cooling Zones

The refrigerator features two separate cooling zones, allowing you to set different temperatures for wine and beverages:

- **Wine Zone (Right):** Ideal for wines between 41°F and 64°F.
- **Beverage Zone (Left):** Ideal for beverages between 35°F and 50°F.

4.2 Touch Screen Control

The intuitive touch screen interface allows for effortless adjustment of temperature settings and lighting. The temperature memory system automatically restores previous settings after a power interruption.

4.3 Interior Lighting

The refrigerator is equipped with soft blue LED ambient lights, which can be controlled via the touch screen.

5.2 Cleaning

The removable shelves are designed for easy disassembly and cleaning. Regularly wipe down the interior and exterior surfaces with a mild detergent and soft cloth.

5.3 Deodorizing Activated Carbon Filter

The unit includes a deodorizing activated carbon filter to maintain a fresh interior environment and prevent odors from affecting your beverages.
