5.2 Connection Methods

The monitor supports multiple connection types for video and power:

- **USB Type-C (Full-function):** Connect a single USB Type-C cable from your device (laptop, smartphone, etc.) to either of the monitor's full-function USB Type-C ports. This cable transmits both video and power. Ensure your device's USB Type-C port supports DisplayPort Alt Mode. If the display is dim or audio is low, connect an external 15W or higher power adapter (not included) to the monitor's other USB Type-C port.
- **Standard HDMI:** Connect an HDMI cable from your device to the monitor's HDMI port. For power, connect a USB Type-C cable from your device or a power adapter to one of the monitor's USB Type-C ports.
