MAINTENANCE

Cleaning

The ROMANTIC BEAR Portable Pet Playpen is designed for easy cleaning:

- **Spot Cleaning:** For minor spills or dirt, simply wipe the affected area with a damp cloth and mild soap.
- **Deeper Cleaning:** For more thorough cleaning, the waterproof fabric can be rinsed. Ensure the playpen is completely dry before folding and storing to prevent mold or mildew.
- **Odor Control:** The material is designed to be odor-resistant. For best results, clean spills promptly. Using urine pads or blankets inside can also help manage odors and simplify cleaning.

TROUBLESHOOTING

- **Playpen Appears Unstable or Tips Easily:** Ensure all 8 support rods are fully inserted into their sleeves and the playpen is completely expanded. For outdoor use, utilize the bottom fixation cord with ground stakes (not included) to secure the playpen to the ground. For very active or larger pets, constant supervision is

recommended.

- **Mesh Damage:** While the mesh is designed to be durable, continuous scratching, biting, or sharp objects can cause wear or tears. Inspect the area for any sharp edges or objects. For pets prone to destructive chewing or scratching, consider using a protective liner or alternative containment methods.
- **Difficulty Folding/Unfolding:** Ensure all support rods are removed before folding. The playpen should collapse easily once the rods are out. If resistance is met, check for any fabric snags or obstructions.
