EUGAD B0CD7PCGKP

EUGAD Mirror Cabinet Instruction Manual

Model: B0CD7PCGKP

Brand: EUGAD

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your EUGAD Mirror Cabinet. Please read this manual carefully before assembly and use to ensure safe and proper installation and functionality.

SAFETY INSTRUCTIONS

- Always follow the assembly instructions carefully.
- Ensure the wall material is suitable for mounting the cabinet. Use appropriate wall anchors and screws.
- Do not overload the shelves. The maximum load capacity is 5 kg.
- Keep small parts and packaging materials away from children.
- Regularly check all connections and fasteners to ensure they remain secure.
- Clean the cabinet with a soft, damp cloth. Avoid abrasive cleaners.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged.

- Wall-mounted bathroom cabinet components
- Installation instructions
- Accessory set (screws, dowels, etc.)

PRODUCT SPECIFICATIONS

Feature	Description
Brand	EUGAD
Color	Light Oak, Black

Dimensions (L x W x H)	13 x 56 x 60 cm
Weight	8.1 Kilograms
Material	E1 Wood Material with Melamine Resin Film, Metal Tubes
Max. Load Capacity	5 Kilograms
Special Features	Two mirrors on the doors, adjustable shelf, soft-close hinges

Detailed dimensions of the EUGAD mirror cabinet, including overall size and internal shelf measurements.

SETUP AND ASSEMBLY

The EUGAD mirror cabinet is designed for easy assembly. Follow these steps carefully.

Step 1: Unpacking and Preparation

Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify all parts according to the included parts list.

The EUGAD mirror cabinet, ready for assembly.

Step 2: Assembling the Frame

Connect the side panels to the top and bottom panels using the provided screws and connectors. Ensure all connections are tight and secure. The robust metal tubes provide additional stability.

Overview of the cabinet's features, highlighting its stable construction and ease of assembly.

Step 3: Installing Shelves and Back Panel

Insert the back panel into the grooves of the assembled frame. Install the fixed and adjustable shelves as indicated in the detailed instruction manual. The adjustable shelf can be positioned in 3 different heights.

Demonstration of the removable and adjustable shelf for flexible storage.

Step 4: Attaching Doors and Mirrors

Attach the doors to the cabinet frame using the provided hinges. The doors feature integrated mirrors and handles for easy opening and closing. The hinges are designed for soft closing.

Detail of the soft-close hinge for smooth door operation.

Key features of the cabinet, including the clear mirror and handle.

Step 5: Wall Mounting

Choose a suitable location on your bathroom wall. Mark the drilling points accurately using a level. Drill holes and insert appropriate wall anchors. Securely mount the cabinet to the wall using the provided screws.

The cabinet installed in a bathroom setting, demonstrating its wall-mounted design.

OPERATING INSTRUCTIONS

Using the Mirrors

The two clear mirrors on the cabinet doors are ideal for daily grooming, makeup application, or shaving.

Adjusting Shelves

To adjust the height of the movable shelf, simply lift it from its current position and place it into one of the other available slots. For larger items, the shelf can be completely removed.

Storage

Utilize the open lower shelf for frequently accessed items and the enclosed compartments behind the mirrored doors for private or less frequently used items.

MAINTENANCE

Cleaning

- For general cleaning, wipe the cabinet surfaces with a soft, damp cloth.
- For stubborn marks, use a mild, non-abrasive cleaning solution.
- Dry all surfaces immediately after cleaning to prevent water damage.
- Clean mirrors with a standard glass cleaner and a lint-free cloth.

Care

- Avoid exposing the cabinet to excessive moisture or direct sunlight for prolonged periods.

- Do not use harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the finish.
- Periodically check all screws and fittings to ensure they are tight and secure.

TROUBLESHOOTING

Cabinet is Wobbly After Installation

Ensure all wall mounting screws are securely tightened. Verify that the wall anchors used are appropriate for your wall type and that the wall itself is structurally sound.

Doors Do Not Close Properly

Check the hinges for proper alignment. Adjust the hinge screws if necessary to ensure the doors are level and close smoothly.

Scratches on Surface

Minor scratches on the melamine surface can sometimes be minimized with furniture repair pens or waxes matching the wood tone. For deeper scratches, professional repair may be required.

WARRANTY AND SUPPORT

Your EUGAD Mirror Cabinet comes with a standard manufacturer's warranty. For specific warranty details, please refer to the documentation included with your purchase or contact EUGAD customer support.

For further assistance, technical support, or to inquire about replacement parts, please visit the official EUGAD store or contact their customer service.
