Keyluv LPC233UP

Keyluv Queen Bed Frame LPC233UP Instruction Manual

Model: LPC233UP

PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, operation, and maintenance of your Keyluv Queen Bed Frame. This modern upholstered faux leather platform bed features an RGB LED lights headboard, two storage drawers, and integrated USB and USB-C charging ports. It is designed for use without a box spring.

SETUP INSTRUCTIONS

Your Keyluv bed frame comes in one package with all necessary parts, tools, and clear instructions for assembly. Please follow the steps below carefully.

1. Unpacking and Preparation

- Open the package and carefully remove all components.
- Verify that all parts listed in the included installation manual are present.
- Lay out all parts on a clean, soft surface (e.g., a carpet or blanket) to prevent scratches.
- Ensure you have enough space for assembly.

2. Frame Assembly

- Assemble the main steel frame structure according to the provided diagrams in the installation manual.
- Attach the headboard and footboard to the assembled frame.

- Secure all connections firmly using the provided assembly kits and tools. Do not overtighten.

SAFE ROUND DESIGN

WOOD SLATS SUPPORT

EASY ASSEMBLY SLATS

Image: Detailed view of the bed frame's sturdy construction, highlighting the wood slats and metal support system for stability.

3. Slat System Installation

- Install the 12 padded hardwood slats into the designated slots on the bed frame.
- Ensure each slat is securely in place to provide proper mattress support.

4. Headboard Height Adjustment

- The headboard height is adjustable from 41.3 to 43.3 inches. Adjust it to accommodate your mattress height.
- Loosen the securing bolts, raise or lower the headboard to the desired position, and then retighten the bolts.

ADJUSTABLE HEADBOARD

Image: The adjustable headboard, illustrating how its height can be modified to suit different mattress thicknesses.

5. Storage Drawer Installation

- Assemble the two storage drawers according to the manual.
- Ensure the wheels are properly attached for smooth operation.
- Slide the assembled drawers under the bed frame.

OPERATING INSTRUCTIONS

1. RGB LED Headboard Lights

- The RGB LED lights in the headboard can be controlled via a dedicated mobile application or the included remote control.
- **Mobile App Control:** Download the specified app (refer to the installation manual for app name and QR code). Pair your device with the bed frame's LED system via Bluetooth. The app allows you to select from 16 million colors, adjust brightness, choose various speed levels, and select from 4 flashing modes.
- **Remote Control:** Use the provided remote control to power the lights on/off, change colors, adjust brightness, and select lighting modes. Ensure the remote has working batteries and is pointed towards the headboard's receiver.

2. USB and USB-C Charging Ports

- The bed frame includes a built-in power strip with 3 USB ports (5V/3A and 5V/2A) and 1 USB Type-C port (5V/3A).
- To use, ensure the bed frame's power cord is plugged into a functional wall outlet.
- Connect your mobile devices (phones, tablets, smartwatches) to the appropriate USB or USB-C ports for charging.

3. Storage Drawers

- The two large storage drawers are designed for easy access.
- Pull out the drawers smoothly using the integrated wheels to store items like blankets, linens, or out-of-season clothing.
- Push the drawers back in until they are fully closed and flush with the bed frame.

MAINTENANCE

1. Cleaning

- For general cleaning of the faux leather upholstery, wipe with a damp cloth.

- For spills or stains, use a mild soap solution on a soft cloth, then wipe with a clean damp cloth and dry thoroughly.
- For the metal and other non-upholstered surfaces, wipe with a dry cloth to remove dust.
- Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish and materials.

2. Structural Care

- Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- Inspect the wooden slats for any signs of wear or damage. Replace any broken slats promptly to ensure proper mattress support.
- Ensure the storage drawers operate smoothly. Clean any debris from the wheels or tracks if they become stiff.

TROUBLESHOOTING

1. LED Lights Not Working

- **Check Power:** Ensure the bed frame's main power cord is securely plugged into a functional wall outlet.
- **Remote/App:** Verify that the remote control batteries are not depleted. If using the app, ensure your device is properly paired via Bluetooth.
- **Connections:** Inspect the LED strip connections to the power source within the headboard for any loose wires.

2. Charging Ports Not Functioning

- **Power Connection:** Confirm the bed frame is plugged into a live power outlet.
- **Cable Check:** Try a different charging cable and device to rule out issues with your accessories.
- **Overload:** Avoid connecting too many high-power devices simultaneously, which could trip an internal safety mechanism.

3. Squeaking Noises

- **Tighten Bolts:** Squeaking often indicates loose connections. Re-tighten all assembly bolts, especially those connecting the frame and slats.
- **Slat Placement:** Ensure all wooden slats are correctly seated in their holders and are not rubbing against each other or the frame.
- **Level Surface:** Verify the bed frame is on a level surface. Uneven floors can cause stress on the frame, leading to noise.

4. Drawers Sticking

- **Clear Obstructions:** Check for any items obstructing the drawer's path or wheels.
- **Wheel Condition:** Inspect the drawer wheels for debris or damage. Clean or replace if necessary.
- **Alignment:** Ensure the drawers are properly aligned within their designated space under the bed.

SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
Model Number	LPC233UP
Size	Queen
Material	Faux Leather, Steel Frame, Hardwood Slats
Product Dimensions (L x W x H)	84.7" x 62.7" x 43.7"
