Maintenance

Cleaning

To clean the stand, wipe it with a soft, damp cloth. Avoid using abrasive cleaners or solvents, as these may damage the aluminum finish or rubber pads.

Storage

When not in use, the stand can be folded flat for compact storage or portability.

Troubleshooting

Stability Issues

- **Issue:** Stand feels unstable or tips over.
- **Solution:** Ensure the stand is placed on a completely flat and level surface. Verify that the device is centered on the cradle. The base features anti-skid silica gel pads for stability.

Device Not Fitting

- **Issue:** Device does not fit securely in the cradle.
- **Solution:** The stand is designed for devices up to 12.9 inches. Note that some thick protective cases may prevent the device from seating properly in the cradle's lip. Consider removing the case if it interferes with stability.
