VIZIO D32fM-K07/D32fM-K01

VIZIO 32-inch D-Series Full HD 1080p Smart TV User Manual

Models: D32fM-K07 / D32fM-K01

INTRODUCTION

Welcome to the user manual for your VIZIO 32-inch D-Series Full HD 1080p Smart TV. This television is designed to provide a comprehensive entertainment experience with integrated smart features. It includes Apple AirPlay and Chromecast Built-in for seamless content streaming and is compatible with Alexa for voice control. This manual will guide you through the setup, operation, and maintenance of your new VIZIO Smart TV.

WHAT'S IN THE BOX

Upon unpacking, ensure all components are present:

- XRT260 Voice Remote
- 2 x AAA Batteries
- Power Cable
- TV Stand

The VIZIO 32-inch D-Series Smart TV, showcasing its sleek design and included accessories.

SETUP

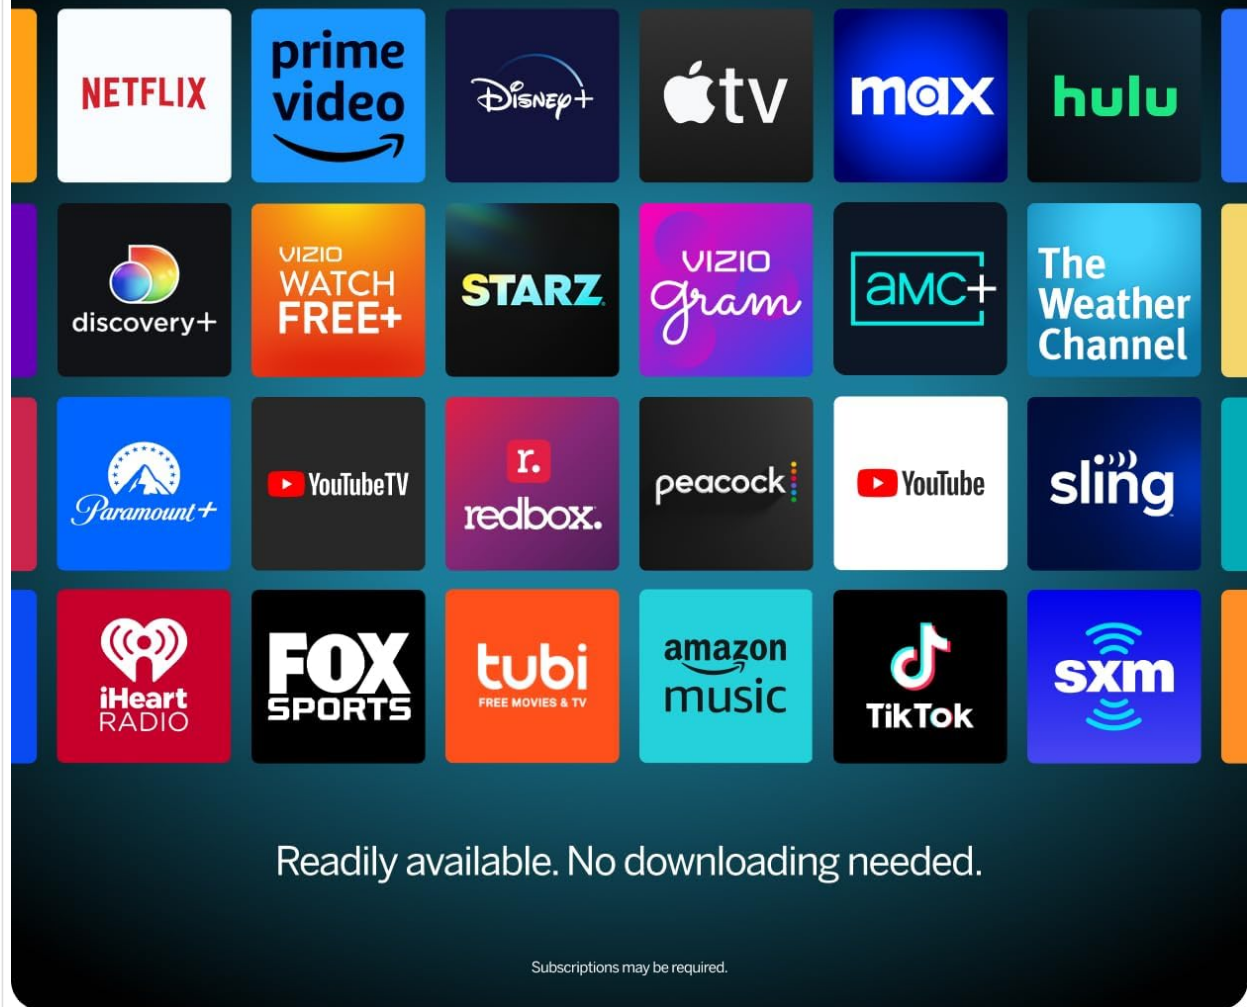

1. Unpacking and Placement

Carefully remove the TV from its packaging. Place the TV on a stable, flat surface or prepare for wall mounting.

2. Attaching the Stand

If using the included stand, align the stand posts with the corresponding slots on the bottom of the TV. Secure with the provided screws. Refer to the Quick Setup Guide for detailed instructions.

3. Wall Mounting (Optional)

The VIZIO D-Series TV is VESA compatible for wall mounting. Ensure you use a compatible VESA 100mm x 100mm wall mount (sold separately) and follow the wall mount manufacturer's instructions for safe installation. Consult a professional if unsure.

4. Connecting Peripherals

Connect your external devices to the TV's input ports:

- **HDMI:** Two HDMI ports are available for connecting devices like cable boxes, gaming consoles, or Blu-ray players.
- **USB:** One USB port for media playback or connecting compatible accessories.
- **Optical Audio:** For connecting to a soundbar or audio receiver.
- **Analog Audio Output:** For connecting to older audio systems.
- **RF Tuner:** For connecting an antenna to receive over-the-air broadcasts.
- **Ethernet:** For a wired internet connection.

5. Network Connection

Connect your TV to the internet for smart features and updates:

- **Wi-Fi:** The TV supports Dual-Band WiFi 5 802.11ac for wireless internet access. Follow on-screen prompts during initial setup to connect to your home network.
- **Ethernet:** For a stable wired connection, connect an Ethernet cable from your router to the TV's Ethernet port.

6. Initial Power On

Plug the power cable into the TV and then into a wall outlet. Press the power button on the remote or the TV to turn it on. Follow the on-screen instructions to complete the initial setup, including language selection, time zone, and network configuration.

OPERATING YOUR SMART TV

1. SmartCast Home Screen

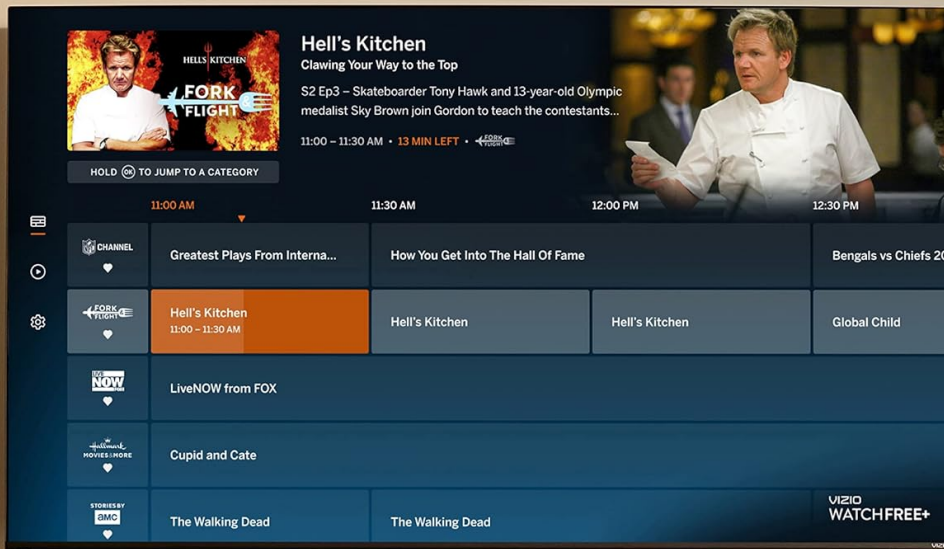

The VIZIO SmartCast home screen provides access to a wide array of content and applications. Navigate

using your remote control to browse trending shows, live TV, free movies, and various apps.

The VIZIO SmartCast interface, offering a user-friendly layout for accessing apps and content.

7. Picture Modes

Customize your viewing experience by selecting different picture modes from the settings menu. Options may include:

- **Calibrated Dark:** Optimized for dark room viewing.
- **Gaming:** Reduces input lag for a more responsive gaming experience.
- **Sports:** Enhances motion and color for sports broadcasts.
- **Vivid:** Boosts color and contrast for a more dynamic picture.
- **Bright Plus:** Provides a bright and clear picture suitable for well-lit rooms.

MAINTENANCE

1. Cleaning Your TV

To clean the screen, gently wipe it with a soft, lint-free cloth. For stubborn marks, lightly dampen the cloth with water or a screen cleaner specifically designed for TVs. Avoid harsh chemicals. To clean the TV body, use a soft, dry cloth.

2. Software Updates

Your VIZIO Smart TV receives automatic software updates via its Wi-Fi connection. Ensure your TV is connected to the internet to receive the latest features and performance enhancements.

TROUBLESHOOTING

If you encounter issues with your VIZIO Smart TV, try the following steps:

- **No Power:** Ensure the power cable is securely connected to both the TV and a working electrical outlet. Try a different outlet.
- **No Picture/Sound:** Check all cable connections (HDMI, audio) to external devices. Ensure the correct input source is selected on the TV.
- **Remote Control Not Working:** Replace the AAA batteries in the remote. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **Network Connection Issues:** Restart your router and modem. Reconnect the TV to your Wi-Fi network through the settings menu, or try a wired Ethernet connection.
- **SmartCast Apps Not Loading:** Ensure a stable internet connection. Try restarting the TV by unplugging it for 30 seconds and plugging it back in.
