PETEPELA Floor to Ceiling Cat Tree Instruction Manual

Model: AM11-3-AMT0246GN

1. PRODUCT OVERVIEW

The PETEPELA Floor to Ceiling Cat Tree is a multi-level cat tower designed to provide a stimulating and comfortable environment for your feline companions. Its unique adjustable height feature allows it to fit various room sizes, maximizing vertical space while minimizing floor footprint.

- **Adjustable Height:** Ranges from 87 to 100 inches, adaptable to different ceiling heights.
- **Multi-Level Design:** Features five levels for climbing, playing, and resting.
- **Cozy Retreats:** Includes a cat condo (11.8"x11.8"x9.8") and a cat hammock (Dia=11.8") for relaxation.
- **Durable Scratching Posts:** Thick 3.6-inch diameter posts covered in sisal to satisfy natural scratching instincts.
- **Stable Construction:** Built with a solid base and premium materials for enhanced stability.
- **Space-Saving:** Utilizes vertical space, ideal for smaller living areas.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use to ensure the well-being of your pets and household members.

- **Adult Supervision:** Always supervise your pets, especially during initial use, to ensure they adapt safely to the cat tree.
- **Stable Installation:** Ensure the cat tree is securely installed and tensioned against the ceiling according to the assembly instructions. Verify stability regularly.
- **Weight Limit:** While robust, avoid overloading platforms. This cat tree is designed for average-sized domestic cats.
- **Inspect Regularly:** Periodically check all components, screws, and connections for tightness and wear. Replace worn or damaged parts immediately.
- **Placement:** Place the cat tree on a flat, stable surface away from windows, heating vents, or other potential hazards.
- **Choking Hazards:** Ensure all small parts and packaging materials are kept away from pets and children.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer service.

Component	Quantity	Description
Base Plate	1	Bottom foundation of the cat tree.
Top Plate	1	Top platform for ceiling tension.
Main Support Posts	Varies	Vertical posts, some with sisal rope.
Platforms/Perches	Varies	Flat resting or climbing surfaces.
Cat Condo	1	Enclosed resting area.
Hammock	1	Soft, suspended resting bowl.
Dangling Toy	1	Interactive ball toy.
Tension Rod & Hardware	1 set	For securing the tree to the ceiling.
Assembly Hardware	1 set	Screws, bolts, and tools (if included).

Note: The exact number and type of components may vary slightly based on the specific model and design variations.

4. SETUP AND ASSEMBLY INSTRUCTIONS

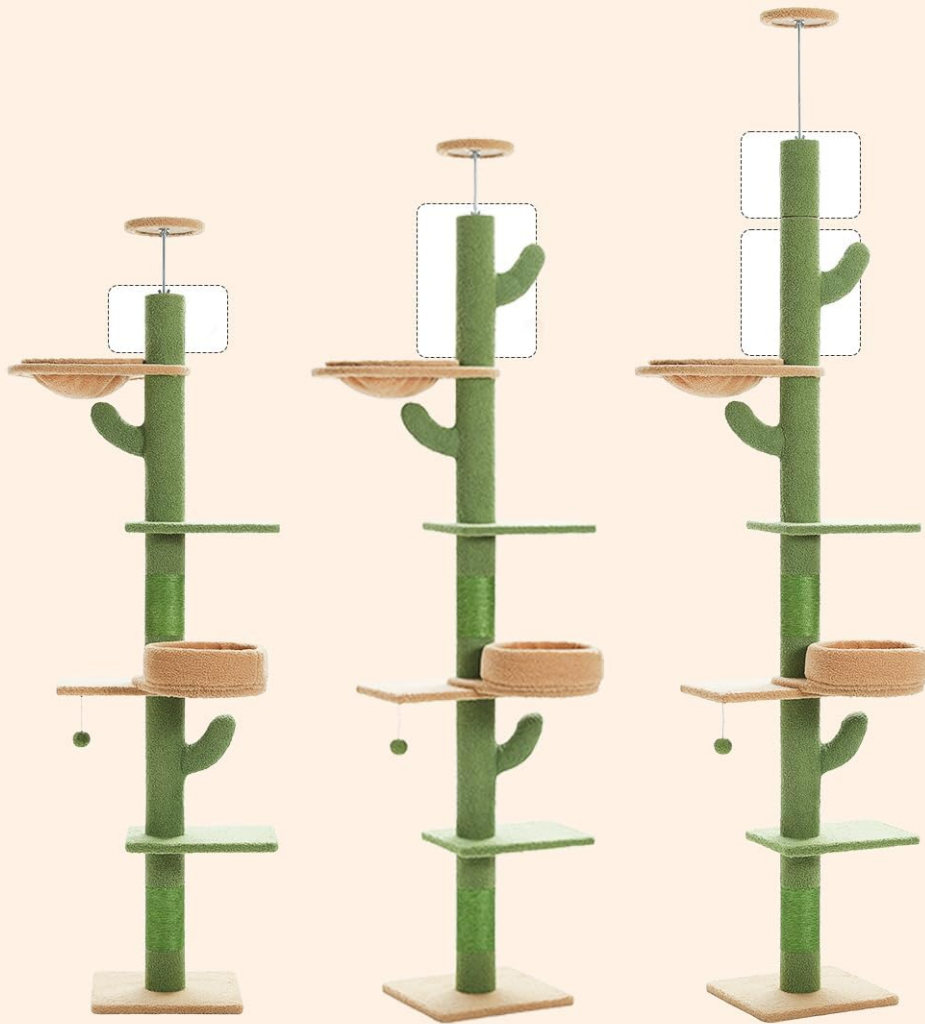

Assembly of the PETEPELA Floor to Ceiling Cat Tree is designed to be straightforward and does not require drilling. Follow these steps carefully:

- 1. Unpack and Identify Parts:** Lay out all components and hardware. Refer to the package contents list to ensure everything is present.
- 2. Assemble the Base:** Attach the lowest support posts and platforms to the base plate using the provided hardware. Ensure all connections are tight.
- 3. Build Upwards:** Continue assembling the posts and platforms layer by layer, following the numerical order or diagram in your specific product manual.
- 4. Install Hammock and Condo:** Secure the cat condo and hammock to their designated positions. The hammock is designed to be interchangeable.
- 5. Adjust Height and Secure to Ceiling:**

Unique Customized Height

Apply Metal Tension Rod & Extra Post as extension length

1 Short Post Only
81"-84.6"

2 Cactus Post Only
84.6"-92.5"

3 Short Post & Cactus Post
92.9"-100.4"

Image: Diagram illustrating various height configurations for the cat tree, showing how different post combinations achieve heights from 81 to 100.4 inches.

Image: Close-up view of the metal tension rod and extra post mechanism used to extend the cat tree's length and secure it to the ceiling.

Position the assembled cat tree in your desired location. Extend the top tension rod by rotating it until the top plate firmly presses against the ceiling. Ensure the tree is vertical and stable. The adjustable

height range is 87 to 100 inches.

6. **Final Check:** Once installed, gently push and pull the cat tree to confirm its stability. All connections should be secure and the tree should not wobble.

5. OPERATING INSTRUCTIONS (FEATURES AND USAGE)

The PETEPELA Cat Tree offers various features for your cat's enjoyment and well-being:

- **Scratching Posts:** Encourage your cat to use the sisal-covered posts for scratching to protect your furniture.
- **Perches and Platforms:** Cats can climb, observe their surroundings from elevated positions, and rest on the various platforms.

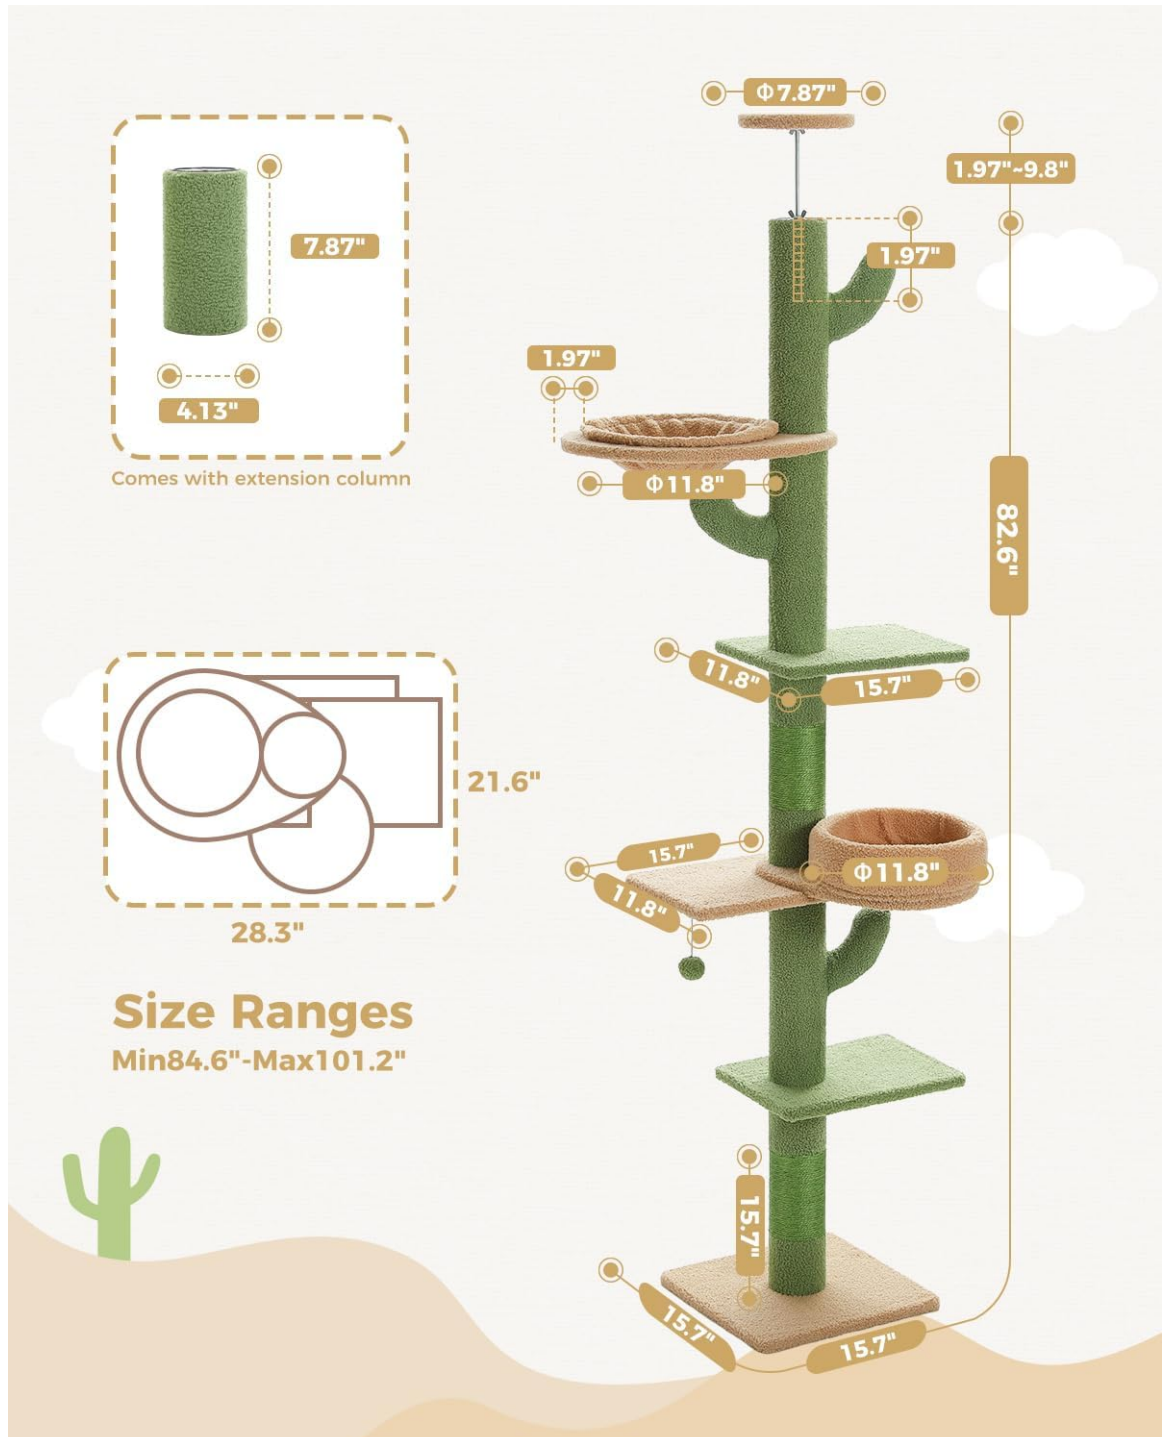

Image: A spacious cat perch with a rising rim, designed to keep cats from falling and provide a safe lounging area.

- **Hammock:** The soft, visible acrylic bowl hammock provides a cozy spot for napping and lounging. It is replaceable, allowing for customization.

**Diameter=4.1",
Thicker Posts Than Ever**

**Present 70%
Strengthened**

Image: Illustration of the interchangeable spacious hammock feature, demonstrating how to switch between the plush hammock and a visible acrylic bowl (sold separately).

- **Cat Condo:** An enclosed space offering security and privacy for your cat.
- **Dangling Toy:** The interactive dangling ball provides entertainment and encourages play.

6. MAINTENANCE

Regular maintenance will extend the life of your PETEPELA Cat Tree and ensure a safe environment for your pet.

- **Cleaning:** The fabric components of the cat tree are recommended for dry cleaning only. For minor spills or dirt, spot clean with a damp cloth and mild pet-safe detergent. Avoid excessive moisture.
- **Sisal Rope:** Over time, the sisal scratching rope may show wear. This is normal. You can re-wrap worn sections with new sisal rope if desired.
- **Tighten Connections:** Periodically check all screws and connections and tighten them as needed to

maintain stability.

- **Inspect for Damage:** Regularly inspect the entire structure for any signs of damage, such as frayed fabric, loose parts, or cracked components. Replace damaged parts promptly.

7. TROUBLESHOOTING

If you encounter any issues with your PETEPELA Cat Tree, please refer to the following common solutions:

- **Tree Wobbles/Unstable:**
 - a. Ensure the base is on a flat, level surface.
 - b. Re-tighten the top tension rod firmly against the ceiling.
 - c. Check all assembly screws and tighten them.
 - d. Verify that the scratching ladder (if included) is properly installed, as it can increase stability.
- **Hammock Pops Out:**
 - a. Ensure the hammock is correctly seated in its designated opening.
 - b. If frequent dislodgement occurs, consider adding additional securing methods (e.g., pet-safe adhesive or stitching) if comfortable doing so, or contact customer service.
- **Not Tall Enough for Ceiling:**
 - a. Confirm your ceiling height is within the adjustable range (87-100 inches).
 - b. Ensure all extension posts and the tension rod are fully utilized and correctly assembled.
- **Cats Not Using Scratching Posts:**
 - a. Sprinkle catnip on the sisal posts to attract your cat.
 - b. Gently guide your cat's paws to the posts to demonstrate.

If these steps do not resolve the issue, please contact PETEPELA Customer Service for further assistance.
