CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your SMILOVII Freestanding Coat Rack, follow these simple care instructions:

- **Cleaning:** Wipe down the metal frame and shelves with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by drying with a clean cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Inspection:** Periodically check all connections and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Load Capacity:** Do not exceed the recommended load capacity of 100 kg (220 lbs) to prevent damage or instability. Distribute weight evenly across the rods and shelves.
- **Placement:** While the rack is weather-resistant, for indoor use, avoid prolonged exposure to direct sunlight or extreme

humidity to preserve the finish.

TROUBLESHOOTING

If you encounter any issues with your SMILOVII Freestanding Coat Rack, refer to the following common problems and their solutions:

- Issue:** The coat rack feels unstable or wobbly.
Solution: Ensure all screws and connections are fully tightened. Check that the rack is placed on a flat, even surface. Uneven weight distribution can also cause instability; try to balance the load.
- Issue:** Clothes slide off the hanging rods.
Solution: The rods are equipped with anti-slip beads at the ends to prevent this. Ensure clothes are hung properly and not excessively heavy on one side. If using hangers, ensure they have good grip.
- Issue:** Difficulty during assembly.
Solution: Refer to the detailed assembly instructions and diagrams provided in your package. Ensure you are using the correct parts for each step. Do not force connections; if a part doesn't fit, re-check the instructions.
- Issue:** Missing or damaged parts upon arrival.
Solution: Contact SMILOVII customer support immediately with your purchase details. Refer to the "Warranty and Support" section for contact information.
