IKIFLY HU9098-WD

IKIFLY Full Size Storage Headboard User Manual

Model: HU9098-WD
Brand: IKIFLY

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your IKIFLY Full Size Storage Headboard. Please read thoroughly before beginning assembly or use.

Key Features:

- **Modern Changing LED Lights:** Control via remote or app with various colors and modes, including Music Sync.
- **Practical Charging Station:** Equipped with 2 Standard AC Outlets and 2 USB Ports (1 Type C) for convenient device charging.
- **Durable Storage Headboard:** Constructed from high-quality materials with 2-tier shelves for storage.

Package Contents

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact IKIFLY customer support.

- LED Headboard Components (MDF Board, Metal Frame)
- Charging Station Unit
- LED Light Strip and Controller
- Assembly Hardware (screws, bolts, nuts, etc.)
- Installation Instructions (this manual)
- Tools (Phillips head screwdriver, Allen wrench - Allen wrench often included)

Important Safety Instructions

To reduce the risk of serious injury, always follow these basic safety precautions:

- Read all instructions before using the headboard.
- Do not exceed the weight capacity of the storage shelves.
- Ensure all connections for the charging station and LED lights are secure before plugging into a power source.
- Keep liquids away from electrical components.
- Only use the headboard for its intended purpose.
- Keep children and pets away from the assembly area.

Setup and Assembly

The IKIFLY Full Size Storage Headboard is designed for easy assembly. It is recommended to have two people for assembly.

Tools Required:

- Phillips Head Screwdriver
- Allen Wrench (often included)

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratching. Verify all parts against the included parts list.

Figure 1: Product Dimensions and Components Overview.

2. **Assemble Metal Frame:** Connect the vertical and horizontal metal frame pieces using the provided screws and Allen wrench. Ensure all connections are tight and stable.
3. **Attach MDF Panels:** Secure the rustic brown MDF panels to the assembled metal frame. Pay attention to the orientation of the panels to ensure the storage shelf is correctly positioned.

Figure 2: Assembled Headboard Structure.

4. **Install Charging Station:** Carefully insert the charging station unit into its designated slot on the headboard. Secure it with the provided screws. Ensure the power cord is accessible.

Figure 3: Charging Station Installation.

5. **Install LED Lights:** Adhere the LED light strip to the underside of the top shelf as indicated in the detailed instructions. Connect the LED controller and power cable.

6. **Attach to Bed Frame:** Align the headboard with your existing full-size bed frame. Use the provided hardware to securely attach the headboard to the bed frame. Ensure a stable connection to prevent wobbling.

Operating Instructions

Using the Charging Station:

The integrated charging station provides convenient power access for your electronic devices.

- **AC Outlets:** Plug in standard electrical devices (e.g., lamps, alarm clocks) into the two AC outlets.
- **USB Ports:** Use the USB-A and USB-C ports to charge smartphones, tablets, and other USB-powered devices.
- Ensure the headboard's main power cord is plugged into a wall outlet for the charging station to function.

Controlling the LED Lights:

The LED lights offer a variety of colors and modes, controllable via a remote or a dedicated mobile application.

- **Remote Control:** Use the provided remote to turn the lights on/off, change colors, adjust brightness, and select different lighting modes (e.g., static, flash, fade).
- **Mobile Application:** Download the recommended app (refer to the specific app name in your product packaging or quick start guide) to access advanced features, including music sync mode, custom color settings, and scheduling.
- Ensure the LED light power cable is connected and the headboard is plugged into a power source.

Maintenance and Care

- **Cleaning:** Wipe the headboard surfaces with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, which may damage the finish.
- **Electrical Components:** Ensure the charging station and LED lights are unplugged before cleaning. Do not immerse electrical components in water.
- **Tighten Fasteners:** Periodically check and tighten all screws and bolts to ensure the headboard remains stable and secure.

Troubleshooting

Problem	Possible Cause	Solution
LED lights do not turn on.	Power cable not connected; Remote battery dead; Controller malfunction.	Ensure power cable is securely plugged in. Replace remote battery. Contact customer support if issue persists.
Charging station not working.	Headboard not plugged into wall outlet; Device cable faulty; Charging station unit loose.	Verify headboard is plugged into a live wall outlet. Try a different charging cable. Check if the charging station unit is securely installed.
Headboard is wobbly.	Loose fasteners; Improper attachment to bed frame.	Tighten all assembly screws and bolts. Ensure the headboard is securely attached to your bed frame according to assembly instructions.

Specifications

Feature	Detail
