Yadea Shine Pro 8

Yadea Shine Pro 8 Wet/Dry Vacuum Cleaner Instruction Manual

Model: Shine Pro 8

1. INTRODUCTION

Thank you for purchasing the Yadea Shine Pro 8 Wet/Dry Vacuum Cleaner. This appliance is designed to simplify your floor cleaning routine by combining wet mopping, dry vacuuming, and liquid suction functions into one powerful device. Please read this manual thoroughly before use to ensure safe and efficient operation and to maximize the lifespan of your product.

2. SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury.

- Read all instructions before using the appliance.
- Do not immerse the appliance in water or other liquids.
- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with a damaged cord or plug. If the appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not handle the plug or appliance with wet hands.
- Exercise extreme caution when cleaning on stairs.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Unplug from outlet when not in use and before servicing.

3. PACKAGE CONTENTS

Verify that all items are included in your package:

- Main Vacuum Body
- Rotating Brush

- Filter (x2)
- Cleaning Tool (x2)
- Charging Stand
- Power Adapter
- Japanese Instruction Manual (refer to this English version for detailed instructions)

4. PRODUCT OVERVIEW

The Yadea Shine Pro 8 is a versatile cleaning device designed for comprehensive floor care. It integrates multiple functions to provide an efficient cleaning experience.

Key Features:

- **3-in-1 Cleaning:** Combines wet mopping, dry vacuuming, and liquid suction for thorough cleaning.
- **High-Speed Rotating Brush:** The brush rotates at 600 RPM to effectively clean various floor types and remove stubborn dirt.
- **Electrolytic Water Generation:** Features a built-in device that generates electrolytic water for enhanced sterilization during cleaning.
- **Digital Display & Voice Prompts:** An intuitive digital display shows battery level and mode, complemented by Japanese voice prompts (can be turned ON/OFF) for easy operation.
- **Self-Propelled Design:** Equipped with casters and a rotating brush, the cleaner moves forward with minimal effort, reducing user fatigue.
- **LED Headlights:** Illuminates dark areas under furniture or in corners, making hidden dust and debris visible.
- **Automatic Self-Cleaning:** After use, the device can perform a self-cleaning cycle for the brush, eliminating manual cleaning hassle.
- **Aromatherapy Function:** An integrated aromatherapy feature allows for a pleasant scent during cleaning.

5. SETUP

Follow these steps for initial setup:

1. **Assemble the Handle:** Insert the handle into the main body until it clicks securely into place.
2. **Fill the Clean Water Tank:** Remove the clean water tank from the main body. Open the cap and fill it with clean tap water. Do not add cleaning solutions unless specifically designed for this appliance and approved by Yadea. Reattach the tank to the main body.
3. **Charge the Battery:** Place the vacuum cleaner on the charging stand. Ensure the power adapter is connected to the stand and a power outlet. The digital display will indicate charging status.

Image: Visual guide for filling the clean water tank, tilting the cleaner, and pressing the power button.

6. OPERATING INSTRUCTIONS

Operating the Yadea Shine Pro 8 is straightforward:

1. **Power On:** Press the power button on the handle to turn on the appliance. The digital display will light up.
2. **Select Cleaning Mode:** Use the mode selection button on the handle to cycle through available cleaning modes (e.g., standard, wet, dry, electrolytic water). The digital display will show the active mode.
3. **Start Cleaning:** Tilt the main body backward by stepping on the floor head. The self-propelled

feature will assist in moving the cleaner. Guide the cleaner across the floor to clean.

4. **Electrolytic Water Mode:** If selected, the device will generate electrolytic water within approximately 30 seconds for enhanced cleaning and sterilization.
5. **Aromatherapy (Optional):** If desired, insert an aromatherapy capsule into the designated slot for a pleasant scent during cleaning.
6. **Power Off:** Press the power button again to turn off the appliance.

7. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Yadea Shine Pro 8.

Automatic Self-Cleaning:

After each use, it is recommended to perform the self-cleaning function:

1. Place the vacuum cleaner on its charging stand.
2. Ensure there is sufficient clean water in the clean water tank.
3. Press the self-cleaning button on the handle. The appliance will automatically wet and wring out the brush multiple times to clean it.
4. Once the self-cleaning cycle is complete, the appliance will automatically begin charging.

Manual Brush and Tank Cleaning:

For thorough cleaning, you may manually remove and clean the brush and tanks:

- Remove the dirty water tank and empty its contents. Rinse it thoroughly with clean water.
- Remove the rotating brush. You can rinse it under running water using the provided cleaning tool to remove any tangled hair or debris.
- Allow all components to air dry completely before reassembling.

8. TROUBLESHOOTING

If you encounter any issues with your Yadea Shine Pro 8, please refer to the following common problems and solutions:

- **Appliance does not turn on:** Ensure the battery is charged. Place the unit on the charging stand and check if the charging indicator lights up.
- **Poor suction or cleaning performance:** Check if the dirty water tank is full and needs emptying. Ensure the clean water tank has enough water. Inspect the rotating brush for tangled hair or debris and clean it if necessary. Check if the filter is clogged and clean or replace it.
- **Water leakage:** Ensure all tanks are correctly installed and sealed. Check for any cracks or damage to the tanks.
- **Unusual noise:** Turn off the appliance and check the rotating brush for any obstructions. Ensure all parts are correctly assembled.

If the problem persists, please contact customer support for assistance.
