CARE AND DISPOSAL

As a disposable dinnerware set, the primary care instruction is proper disposal after use. This eliminates the need for washing dishes, saving time and effort.

- **Disposal:** After your event, collect all used plates, cups, napkins, and cutlery. Dispose of them in a standard waste receptacle.

TROUBLESHOOTING

While designed for convenience, some common observations or concerns may arise:

Issue	Possible Cause / Solution
Plates feel less sturdy than expected.	While made from premium paper, these are disposable plates. For very heavy or wet foods, consider using two plates per serving for added stability. Avoid overloading.

Issue	Possible Cause / Solution
Cutlery feels thin.	The plastic cutlery is designed for single-use with typical meal items. For cutting tougher foods, traditional reusable cutlery may be preferred.
Missing pieces from the set.	Verify the contents against the "Package Contents" section. If discrepancies are found, contact the seller or retailer for assistance.
