

JBL Club 644F

JBL Club 644F Car Speaker Instruction Manual

Model: Club 644F (JBLSPKCB644F)

1. INTRODUCTION

The JBL Club 644F speakers are designed to deliver high-quality audio performance in vehicles. These 4"x 6" (100mm x 152mm) two-way car speakers feature a compact design for broad compatibility and high sensitivity for excellent sound even with factory systems. They incorporate rugged polypropylene cones for strong bass and durability, along with edge-driven silk dome tweeters for smooth high-frequency response.

This manual provides essential information for the proper installation, operation, and maintenance of your JBL Club 644F car speakers.

2. WHAT'S IN THE BOX

Carefully unpack the contents and ensure all items are present:

- 2x JBL Club 644F Speakers
- 1x Foam Gasket

Note: Additional mounting hardware or wiring may be required depending on your vehicle and installation method.

3. KEY FEATURES

- **Plus One Woofer Cone Architecture:** Patented design provides increased speaker-cone area for higher sensitivity, enhanced low-frequency output, and improved musical character.
- **Acoustically Damped, UV-resistant Polypropylene Cone:** Engineered for clean, non-resonant sound quality and resilience in demanding car environments.
- **Larger Magnet, Higher Power Handling:** Features a robust magnet for superior power handling compared to similar speakers in its class.
- **Edge-driven Silk Dome Tweeters:** Delivers broad and smooth high-frequency response without harshness.

4. SPECIFICATIONS

Specification	Value
---------------	-------

Model Name	Club 644F
Speaker Type	Component
Speaker Size	4 Inches (4"x 6")
Woofer Diameter	4 Inches
RMS Power Handling	40 Watts
Peak Power Handling	120 Watts
Sensitivity (@ 2.83V)	92dB
Frequency Response	75Hz – 20kHz
Nominal Impedance	3.0 ohms
Mounting Type	Flush Mount
Material	Plastic
Product Dimensions	1"D x 1"W x 1"H
Item Weight	3.22 Pounds
UPC	050036397155

5. SETUP AND INSTALLATION

Proper installation is crucial for optimal performance. It is recommended that installation be performed by a qualified professional. If you choose to install the speakers yourself, ensure you have the necessary tools and knowledge of your vehicle's electrical system.

General Installation Steps:

- Preparation:** Disconnect the vehicle's battery to prevent electrical shorts. Identify the factory speaker locations and remove existing speakers.
- Mounting:** The JBL Club 644F speakers are designed for flush mounting. Ensure the mounting location provides adequate depth and clearance. Use the included foam gasket to create a seal between the speaker and the mounting surface. Secure the speakers using appropriate screws.
- Wiring:** Connect the speaker wires to your vehicle's audio system. Pay close attention to polarity (positive to positive, negative to negative) to ensure correct phase and sound reproduction.
- Testing:** Reconnect the battery and test the speakers at a low volume. Gradually increase the volume to check for any distortion or issues.
- Final Assembly:** Reinstall any removed panels or grilles.

Figure 1: A pair of JBL Club 644F car speakers, showcasing their oval design and integrated tweeter.

Figure 2: Detailed view of a single JBL Club 644F speaker, highlighting the woofer cone and central tweeter.

Figure 3: The rear view of the JBL Club 644F speaker, showing the magnet structure and label with model number, RMS, and peak power.

Figure 4: Side view of the JBL Club 644F speaker, illustrating its shallow mounting depth and magnet size.

Video 1: Official product video demonstrating the features and design of the JBL Club series speakers, including the Plus One woofer cone architecture and adjustable tweeter.

6. OPERATING INSTRUCTIONS

Once installed, your JBL Club 644F speakers will operate as part of your vehicle's audio system. Ensure your head unit or amplifier is properly configured to deliver appropriate power levels to the speakers. Avoid excessive volume levels that cause audible distortion, as this can damage the speakers.

- **Audio Settings:** Adjust bass, treble, and balance settings on your head unit to achieve your preferred sound.
- **Crossover Settings:** If using an external amplifier or a head unit with crossover capabilities, set the high-pass filter (HPF) to protect the speakers from damaging low frequencies. A common starting point for 4"x 6" speakers is around 80-100 Hz.

7. MAINTENANCE

The JBL Club 644F speakers require minimal maintenance to ensure long-lasting performance.

- **Cleaning:** Gently wipe the speaker grilles and cones with a soft, dry cloth to remove dust. Avoid using harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check the speaker connections for tightness and ensure no wires are frayed or exposed.
- **Environmental Protection:** While designed for car environments, avoid direct exposure to excessive moisture or extreme temperatures.

8. TROUBLESHOOTING

If you experience issues with your JBL Club 644F speakers, consider the following common troubleshooting steps:

- **No Sound:** Check all wiring connections, including power to the amplifier (if applicable) and speaker wires. Ensure the audio source is functioning correctly.
- **Distorted Sound:** Reduce the volume. Check for proper gain settings on your amplifier. Verify that the speaker wires are not shorting. Ensure the speakers are not overdriven by excessive bass or power.
- **One Speaker Not Working:** Swap the non-working speaker with a known working one to determine if the issue is with the speaker itself, the wiring, or the amplifier channel.
- **Weak Bass:** Check speaker polarity. Ensure the speakers are properly sealed in their mounting location. Verify amplifier settings and crossover points.

If problems persist after attempting these steps, consult a professional car audio technician.

9. WARRANTY AND SUPPORT

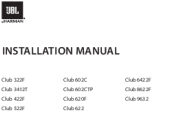

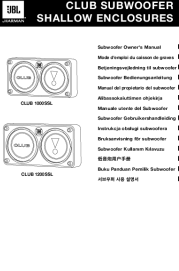

Your JBL Club 644F speakers come with a Full Warranty. For specific warranty terms, conditions, and duration, please refer to the warranty card included with your product or visit the official JBL website. Keep your proof of purchase for warranty claims.

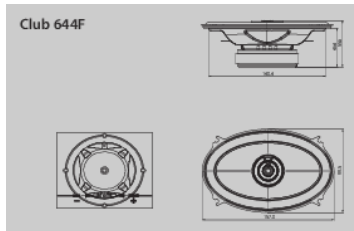

For technical support or further assistance, please contact JBL customer service or visit the [JBL Store on Amazon](#).

JBL CLUB SPEAKERS GEN 3

Os alto-falantes JBL Club Speakers Gen 3 oferecem uma qualidade de som excepcional, com graves profundos e graves profundos, e uma variedade de opções de instalação para atender às necessidades de qualquer veículo. Os alto-falantes JBL Club Speakers Gen 3 são projetados para fornecer uma experiência de áudio excepcional em qualquer veículo.

Características

- Alto-falante de cone de 6 1/2" com tweeter Plus One™
- Tweeter com domo de seda acionado pela borda
- Alto-falante de 4" com tweeter Plus One™
- Alto-falante de 3" com tweeter Plus One™
- Alto-falante de 2" com tweeter Plus One™
- Alto-falante de 1 1/2" com tweeter Plus One™
- Alto-falante de 1" com tweeter Plus One™
- Alto-falante de 1/2" com tweeter Plus One™
- Alto-falante de 1/4" com tweeter Plus One™
- Alto-falante de 1/8" com tweeter Plus One™
- Alto-falante de 1/16" com tweeter Plus One™
- Alto-falante de 1/32" com tweeter Plus One™
- Alto-falante de 1/64" com tweeter Plus One™
- Alto-falante de 1/128" com tweeter Plus One™
- Alto-falante de 1/256" com tweeter Plus One™
- Alto-falante de 1/512" com tweeter Plus One™
- Alto-falante de 1/1024" com tweeter Plus One™
- Alto-falante de 1/2048" com tweeter Plus One™
- Alto-falante de 1/4096" com tweeter Plus One™
