# YOUTHINK Portable Hanging LED Camping Light Instruction Manual

Model: YOUTHINK0neuvzw9ah

## 1. INTRODUCTION

---

This manual provides detailed instructions for the safe and efficient operation of your YOUTHINK Portable Hanging LED Camping Light. Please read this manual thoroughly before using the product and retain it for future reference. This device is designed for versatility and ease of use in various outdoor and emergency situations.

## 2. SAFETY INFORMATION

---

- Do not expose the device to extreme temperatures or direct sunlight for prolonged periods.
- Keep out of reach of children.
- Do not attempt to disassemble or modify the product. Unauthorized modifications may void the warranty and pose safety risks.
- Use only the provided USB cable for charging to prevent damage to the device.
- Avoid direct eye exposure to the LED light, as it can be bright.
- This product is **not water resistant**. Avoid exposure to rain, splashes, or moisture.

## 3. PACKAGE CONTENTS

---

Please check the package contents upon receipt to ensure all items are present:

- 1 x YOUTHINK Portable Hanging LED Camping Light
- 1 x USB Cable (Type-C)

## 4. PRODUCT OVERVIEW

---

The YOUTHINK Portable Hanging LED Camping Light features a retro design with a built-in hook for convenient hanging and a simple press switch for operation. Its compact and lightweight design makes it ideal for various applications.

*Figure 1: Front view of the YOUTHINK Portable Hanging LED Camping Light, showing the main light bulb and the integrated hanging hook.*

## 5. SETUP

---

### 5.1. Charging the Device

The camping light is equipped with a built-in 1200mAh rechargeable lithium battery. For optimal performance, fully charge the device before its first use and whenever the light output diminishes.

1. Locate the Type-C charging port on the device.
2. Connect the provided USB Type-C cable to the charging port.
3. Connect the other end of the USB cable to a compatible USB power source (e.g., wall adapter, power bank, computer USB port).
4. The charging indicator (if present) will typically illuminate during charging and turn off or change color once fully charged.

## **5.2. Mounting the Device**

The light features a sturdy, integrated hook for convenient hanging in various locations.

1. Identify a suitable and secure location for hanging, such as a tent pole, branch, wall hook, or fence.
2. Use the integrated hook to securely suspend the light. Ensure the hook is firmly attached to prevent accidental falls.

## 6. OPERATING INSTRUCTIONS

---

The YOUTHINK camping light is operated via a simple press switch located on the top of the device.

1. **Power On/Off:** Press the control key once to turn the light on.
2. **Light Modes:** The device offers two distinct light modes:
  - **Highlight Mode:** Provides maximum brightness for clear illumination.
  - **Low Light Mode:** Offers reduced brightness, ideal for extended battery life or softer ambient lighting.
- To switch between the highlight and low light modes, press the control key repeatedly.
- To turn the light off, continue pressing the control key until the light extinguishes after cycling through the modes.

## 7. MAINTENANCE

---

### 7.1. Cleaning

To maintain the appearance and functionality of your device, gently wipe the exterior with a soft, dry cloth. Do not use abrasive cleaners, solvents, or immerse the device in water.

### 7.2. Storage

When not in use for extended periods, store the camping light in a cool, dry place, away from direct sunlight and extreme temperatures. It is recommended to partially charge the battery before storage to help prolong its lifespan.

## 8. TROUBLESHOOTING

---

If you encounter any issues with your YOUTHINK Portable Hanging LED Camping Light, please refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	Battery is depleted.	Charge the device using the provided USB Type-C cable.
Light is dim or flickers.	Battery is low or in low light mode.	Charge the device. Press the control key to switch to highlight mode.
Device not charging.	Faulty USB cable or power source; loose connection.	Try a different USB cable or power adapter. Ensure all connections are secure.
