2. PRODUCT OVERVIEW AND COMPONENTS

The FUNLIO 3-in-1 Swing Set is engineered to grow with your child, offering three distinct modes of use:

- **Toddler Mode (6-36 months):** Features a secure, full-back seat with a safety harness.
- **Child Mode (3-6 years):** Converts to a bucket-style seat for older toddlers and young children.
- **Teen Mode (6-10 years):** Transforms into a flat swing seat for older children.

The set includes a durable metal frame, adjustable ropes, and a convertible swing seat. For enhanced stability, four sandbags are provided.

3. SETUP AND ASSEMBLY

Assembly of the FUNLIO 3-in-1 Swing Set is designed to be straightforward and quick, typically taking around 10 minutes. All necessary parts and clear, detailed instructions are included in the package. It is recommended to assemble the swing set with adult supervision.

3.1 Assembly Steps:

1. Unpack all components and verify against the parts list in the included instruction manual.
2. Assemble the metal frame according to the diagrams, ensuring all connections are secure.
3. Attach the swing seat to the frame using the provided carabiners and rope fixing devices.
4. Adjust the rope length as needed for the intended user's height and age.
5. Fill the four sandbags (each holds up to 11lb/5kg) with sand, rock, dirt, or bottled water, and attach them to the swing feet for enhanced stability.

4. OPERATING INSTRUCTIONS

Ensure the swing set is placed on a level surface and the sandbags are properly filled and attached before each use. Always supervise children during play.

4.1 Adjusting the Swing Seat:

- To convert the seat for different age groups, follow the specific instructions provided in the detailed manual included with your product. This typically involves removing or adding seat components.
- The rope length is adjustable up to 49 inches (120cm) to accommodate various heights and play environments.

4.2 Safety Harness Use:

For toddlers (6-36 months), always secure the child using the adjustable safety harness. Ensure it is snug but comfortable, preventing the child from falling out.

5. SAFETY GUIDELINES

Your safety and the safety of your child are paramount. The FUNLIO 3-in-1 Swing Set has passed rigorous safety certifications, including CPSC and ASTM in the US, and European Standard EN 71 in

the EU.

5.1 Key Safety Features:

- **4 Sandbags:** Each sandbag can hold up to 11lb (5kg) and should be filled and attached to the swing feet to prevent tipping, especially during vigorous play.
- **Triangular Design:** The frame's triangular structure enhances overall stability.
- **Double Lock Carabiners:** Provide secure attachment of the swing ropes to the frame.
- **Rope Fixing Device:** Ensures ropes remain securely in place.
- **Adjustable Seat Belt:** For securing younger children in the toddler seat.
- **Non-Slip Rubber Feet:** Enhance grip and stability on various surfaces.

WARNING: Always supervise children when using the swing set. Do not exceed the maximum weight recommendation of 50 kg (200 lbs).

6. MAINTENANCE

Proper maintenance will extend the life of your FUNLIO 3-in-1 Swing Set.

- **Cleaning:** Wipe down the frame and seat with a damp cloth and mild soap as needed. Avoid abrasive cleaners.
- **Inspection:** Regularly check all bolts, nuts, and connections to ensure they are tight and secure. Inspect ropes and seat for any signs of wear or damage. Replace worn parts immediately.
- **Storage:** After use, especially if used outdoors, it is recommended to store the swing set indoors to protect it from sun and rain, which can accelerate material aging. The metal stand is foldable for convenient storage.

7. TROUBLESHOOTING

If you encounter any issues with your FUNLIO 3-in-1 Swing Set, please refer to the following common solutions:

- **Swing feels unstable:** Ensure all frame connections are tightened. Verify that the four sandbags are filled to their maximum capacity (11lb/5kg each) and securely attached to the swing feet. Ensure the swing is on a flat, level surface.
- **Difficulty adjusting seat:** Refer to the specific seat conversion instructions in your product's detailed manual. Ensure no components are jammed or misaligned.
- **Squeaking noises:** Check all metal joints. A small amount of lubricant can be applied to pivot points if necessary.
