Avantree BTHS-NB20-BLK

Avantree Repose User Manual

MODEL: BTHS-NB20-BLK

Product Overview

The Avantree Repose are Bluetooth in-ear sleep earbuds designed for comfort, especially for side sleepers and individuals with small ears. These wireless neckband headphones offer low latency audio when paired with an Avantree FastStream-supported transmitter, making them suitable for TV watching. They provide up to 18 hours of playtime and feature soft, low-profile silicone ear tips for noise reduction and comfortable wear during extended periods, including sleep.

What's in the Box

- Avantree Repose Sleep Earbuds
- Micro USB Charging Cable

Setup

1. Charging the Earbuds

Before first use, fully charge the Avantree Repose earbuds. A full charge typically takes approximately 1.5 hours.

- Connect the Micro USB charging cable to the charging port on the neckband.
- Connect the other end of the cable to a USB power source (e.g., computer USB port, USB wall adapter).
- The LED indicator will show charging status (e.g., red for charging, off or blue for fully charged).

2. Bluetooth Pairing

To connect your Avantree Repose earbuds to a Bluetooth-enabled device (e.g., smartphone, tablet, TV transmitter):

1. Ensure the earbuds are turned off.
2. Press and hold the 'PAIR' button on the neckband until the LED indicator flashes blue and red alternately, indicating pairing mode.

3. On your device, enable Bluetooth and search for new devices.
4. Select "Avantree Repose" from the list of available devices.
5. Once connected, the LED indicator on the earbuds will turn solid blue or flash blue slowly.

Operating Instructions

1. Controls

The Avantree Repose features inline controls on the neckband for easy management of audio playback and calls.

| Button/Control | Function |
|------------------------------------|--|
| ON/OFF Switch | Power on/off the earbuds. |
| Volume + / - | Adjust volume up or down. |
| Multi-function Button (Play/Pause) | Press once to Play/Pause audio. Press twice to skip track forward. Press three times to skip track backward. |
| Multi-function Button (Call) | Press once to Answer/End call. Press and hold to Reject call. |
| PAIR Button | Press and hold to enter pairing mode. |

2. Wearing the Earbuds

The Repose earbuds are designed for maximum comfort, especially for side sleepers and those with smaller ear canals. The low-profile silicone ear tips fit snugly within the ear without protruding, reducing discomfort when lying on your side.

WIRELESS CONNECTION

FIT FOR SMALL EARS

Image: A visual comparison showing how the Avantree Repose earbuds are designed to fit smaller ears more effectively than typical earbuds.

3. Low Latency for TV Watching

For a delay-free audio experience when watching TV, pair your Avantree Repose earbuds with an Avantree transmitter that supports the FastStream codec. This ensures that the audio is perfectly synchronized with the video, eliminating noticeable lag.

NO AUDIO LAG

Pair the Repose headphones with a FastStream-supported transmitter for true low latency.

Image: A woman comfortably watching television while wearing the Avantree Repose earbuds, illustrating the seamless audio-visual synchronization.

Maintenance

- Cleaning:** Regularly wipe the earbuds and neckband with a soft, dry cloth. Do not use harsh chemicals or abrasive materials. Ensure ear tips are free of earwax buildup for optimal sound quality and hygiene.
- Storage:** Store the earbuds in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tangling the cables.
- Battery Care:** To prolong battery life, avoid fully discharging the earbuds frequently. Charge them regularly, even if not in use for extended periods.

Troubleshooting

If you encounter issues with your Avantree Repose earbuds, refer to the following common problems and solutions:

| Problem | Possible Solution |
|---------|-------------------|
|---------|-------------------|

| Problem | Possible Solution |
|--|--|
| Earbuds do not power on. | Ensure the earbuds are charged. Connect to a power source and check the charging indicator. |
| Cannot pair with device. | Ensure earbuds are in pairing mode (flashing blue/red). Turn off and on Bluetooth on your device. Move earbuds closer to the device. Clear previous Bluetooth connections on your device if necessary. |
| No sound or low volume. | Check volume levels on both the earbuds and your connected device. Ensure earbuds are properly paired. Clean earbud tips to remove any obstructions. |
| Audio lag when watching TV. | Ensure you are using an Avantree transmitter that supports the FastStream codec for low latency. |
| Earbuds fall out or are uncomfortable. | Ensure the ear tips are correctly seated in your ear canal. Adjust the neckband for a secure fit. |

Specifications

| Feature | Detail |
|-------------------------|------------------------------|
| Model Name | Repose |
