## OLEVS XQY-S-L9931

# OLEVS Women's Gold Stainless Steel Quartz Watch

MODEL: XQY-S-L9931 - INSTRUCTION MANUAL

## 1. Introduction

Thank you for choosing the OLEVS Women's Gold Stainless Steel Quartz Watch. This timepiece combines elegant design with reliable quartz movement, featuring a delicate diamond dial, a durable gold-toned stainless steel strap, and a convenient date function. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your watch to ensure its longevity and optimal performance.

## 2. Setup

### 2.1 Setting Time and Date

1. To set the **date**: Gently pull the crown out to the **first click position**. Rotate the crown clockwise or counter-clockwise until the desired date is displayed.
2. To set the **time**: Pull the crown out to the **second click position**. Rotate the crown to move the hour and minute hands to the correct time.
3. Once the time and date are set, push the crown back in completely to its original position to start the watch and ensure water resistance.

### 2.2 Adjusting the Band

The watch features a push-button hidden clasp for a secure fit. An adjustment tool is provided by the seller to help remove or add links for a custom fit. If you are unsure about adjusting the band, it is recommended to seek professional assistance.

### 3. Operating the Watch

#### 3.1 Timekeeping

Your OLEVS watch is equipped with a high-quality quartz movement, ensuring accurate timekeeping for all occasions.

#### 3.2 Luminous Function

The watch features a luminous function for visibility in low light conditions. To activate this, expose the watch dial to a bright light source for a period of time. The watch is not self-luminous and requires external light exposure to glow.

#### 3.3 Water Resistance

This watch is water resistant to 30 meters (100 feet). This means it can withstand daily splashes, rain, or brief immersion in water. It is **not suitable** for bathing, swimming, diving, or any water-related activities that involve prolonged submersion or high water pressure.

Your browser does not support the video tag.

## 4. Maintenance

### 4.1 Cleaning

To maintain the watch's appearance, wipe it regularly with a soft, dry cloth. For stainless steel parts, a slightly damp cloth can be used, followed by immediate drying. Avoid using harsh chemicals or abrasive materials.

### 4.2 Storage

When not in use, store your watch in a cool, dry place, away from direct sunlight and extreme temperatures. Keeping it in its original box or a watch case can help protect it from dust and scratches.

## 5. Troubleshooting

### Watch Not Working or Stopping

- **Check Crown Position:** Ensure the crown is fully pushed in to its original position. If it was pulled out to set the time or date, it must be pushed back in completely for the watch to operate.
- **Battery Replacement:** As a quartz watch, it operates on a battery. If the watch stops functioning after an extended period, the battery may need to be replaced. This should be done by a qualified watch technician to maintain water resistance.
- **Impact or Damage:** If the watch has experienced a significant impact, internal components may be damaged. Contact customer support for assistance.

## 6. Specifications

Feature	Detail
Model Number	XQY-S-L9931
Movement	Quartz
Case Material	Stainless Steel
Band Material	Stainless Steel
Clasp Type	Push Button Hidden Clasp
Water Resistance	30 Meters (100 Feet)

Item Width	27 millimeters
Product Dimensions	7.48 x 1.06 x 0.35 inches
