Luqeeeg Luqeeegnspdwy20z

Luqeeeg Wireless Pet Water Fountain

Model: Luqeeegnspdwy20z

INTRODUCTION

Thank you for choosing the Luqeeeg Wireless Pet Water Fountain. This innovative product is designed to provide fresh, flowing water for your pets, promoting hydration and health. Featuring an infrared sensor for automatic water dispensing, a silent pump, and a wireless design with a long-lasting battery, this fountain offers convenience and peace of mind. Please read this manual carefully before use to ensure proper operation and maintenance.

IMPORTANT SAFETY INFORMATION

- Read all instructions before using the appliance.
- Do not immerse the main unit (pump sensor) in water.
- Use only the provided charging cable.
- Keep out of reach of children and pets when not in use or during charging.
- Ensure the fountain is placed on a stable, level surface.
- Do not use with liquids other than water.
- Unplug the charging cable before cleaning.

PACKAGE CONTENTS

Please check the package contents to ensure all items are present:

- 1 x Water Dispenser Storage Box (Main Tank)
- 1 x Water Pump Sensor Unit (with built-in 2500mAh lithium battery)
- 1 x Charging Cable

PRODUCT OVERVIEW

The Luqeeq Wireless Pet Water Fountain consists of a main water tank and a detachable pump sensor unit. The transparent design allows for easy monitoring of water levels.

Image: Disassembled view of the water fountain, showing the main water tank and the separate pump sensor unit.

- **Water Tank:** Holds up to 2 liters of water. Features clear markings for water levels (0.5L, 1.0L, 1.5L, 2.0L).
- **Pump Sensor Unit:** Contains the water pump, infrared sensor, and rechargeable 2500mAh lithium battery. This unit is placed on top of the water tank.
- **Anti-Splash Design:** Equipped with splash-proof edges, a floating tray, and a non-slip base to prevent water spills.

SETUP INSTRUCTIONS

1. **Charge the Pump Sensor Unit:** Before first use, fully charge the water pump sensor unit using the provided charging cable. The charging port is typically located on the side or back of the unit.
2. **Clean Components:** Wash the water tank and any removable parts (excluding the pump sensor unit) with mild soap and water. Rinse thoroughly.
3. **Assemble the Fountain:** Place the clean water tank on a stable, level surface.
4. **Fill with Water:** Fill the water tank with fresh, clean water up to the desired level, not exceeding the maximum 2.0L mark.

5. **Place Pump Sensor Unit:** Carefully place the charged pump sensor unit onto the top of the water tank, ensuring it is securely seated and the water outlet is positioned correctly.

OPERATING INSTRUCTIONS

The water fountain offers two operating modes:

1. **Power On / Sensor Mode:**

Press and hold the power button on the water pump sensor unit for 2 seconds to turn it on. The fountain will enter **Sensor Mode**. In this mode, the intelligent infrared sensor detects your pet's approach and automatically dispenses water, providing a fresh flow when needed.

2. **Intermittent Water Mode:**

After activating Sensor Mode, press the power button again briefly to switch to **Intermittent Water Mode**. In this mode, the fountain will dispense water at regular intervals, providing a continuous, gentle flow.

3. **Power Off:**

Press the power button a third time briefly to turn the fountain off.

The ultra-quiet water pump ensures minimal disturbance, even during your pet's sleep.

MAINTENANCE AND CLEANING

Regular cleaning is essential to maintain hygiene and prolong the life of your pet water fountain. The removable design makes cleaning easy.

1. **Disassembly:** Turn off the fountain and carefully remove the pump sensor unit from the water tank.
2. **Empty Water:** Empty any remaining water from the tank.
3. **Clean Tank and Parts:** Wash the water tank and any other removable parts (excluding the pump sensor unit) with mild soap and warm water. Use a soft brush to clean hard-to-reach areas. Rinse thoroughly to remove all soap residue.
4. **Clean Pump Sensor Unit:** Wipe the exterior of the pump sensor unit with a damp cloth. **Do not immerse the pump sensor unit in water.**

5. **Filter Replacement:** Replace the filter (if applicable) according to the manufacturer's recommendations, typically every 2-4 weeks, or more frequently depending on water quality and pet usage.
6. **Reassembly:** Ensure all parts are dry before reassembling the fountain. Refill with fresh water and place the pump sensor unit back in position.

Removable design
Hygienic and easy to clean
