Controls and Indicators:

1. **Multi-function Button (MFB):** Power On/Off, Play/Pause, Answer/End Call, Reject Call, Activate Voice Assistant.
2. **Volume Up / Next Track Button:** Short press for Volume Up, Long press for Next Track.
3. **Volume Down / Previous Track Button:** Short press for Volume Down, Long press for Previous Track.
4. **LED Indicator:** Shows power status, pairing mode, and charging status.
5. **Microphone:** For hands-free calls.
6. **USB-C Charging Port:** For charging the headphones.
7. **3.5mm AUX Port:** For wired audio connection.

SETUP

1. Charging the Headphones

Before first use, fully charge the headphones. A full charge takes approximately 2 hours.

- Connect the USB charging cable to the USB-C charging port on the headphones.

- Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
- The LED indicator will show a red light during charging and turn off or blue when fully charged.

Long Battery Life Longer Companion

Larger capacity, lower power consumption, and longer battery life are just for more enjoyable playing & listening

Image: Visual representation of the 300mAh battery capacity, indicating long battery life.

2. Powering On/Off

- **Power On:** Press and hold the Multi-function Button (MFB) for approximately 3 seconds until the LED indicator flashes blue and a voice prompt confirms "Power On".
- **Power Off:** Press and hold the Multi-function Button (MFB) for approximately 3 seconds until the LED indicator flashes red and a voice prompt confirms "Power Off".

3. Bluetooth Pairing (Wireless Mode)

The headphones use Bluetooth 5.3 for a stable connection.

1. Ensure the headphones are fully charged and powered off.
2. Press and hold the Multi-function Button (MFB) for approximately 5-7 seconds until the LED indicator flashes blue and red alternately. This indicates pairing mode.
3. On your device (smartphone, tablet, PC), enable Bluetooth and search for available devices.
4. Select "AWEI A996BL" from the list of found devices.
5. Once paired, the LED indicator will flash blue slowly, and a voice prompt will confirm "Connected".

6. If a password is required, enter "0000".

Bluetooth 5.0 Stable Connection

Anti interference, no delay, no jam,
fast connection, stable transmission,
high fidelity, wide Compatibility

Image: Headphones connected wirelessly to a laptop and smartphone, demonstrating a stable Bluetooth connection. Note: The product features Bluetooth 5.3 for enhanced performance.

4. Wired Connection (AUX Mode)

You can use the headphones in wired mode even when the battery is depleted or with non-Bluetooth devices.

- Connect one end of a 3.5mm audio cable (not included) to the AUX port on the headphones.
- Connect the other end to the 3.5mm audio output jack of your device.
- The headphones will automatically switch to wired mode. Note that controls on the headphones (volume, play/pause) may not function in wired mode; control playback from your connected device.

Wired / Wireless Multiple Choices

When the headset is out of power, it can be connected to the device through AUX, which is also suitable for desktop computers without Bluetooth
