7. TROUBLESHOOTING

If you encounter any issues, please refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are removed from the case and are in pairing mode. Turn off and on Bluetooth on your device, then try pairing again.
- **Only one earbud working:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then remove them again. This often re-syncs them.
- **No sound:** Check the volume level on your device and ensure the earbuds are properly connected.
- **Charging issues:** Ensure the charging cable is securely connected to both the case and the power source. Check if the charging contacts on the earbuds and inside the case are clean.
- **Poor sound quality:** Ensure the earbuds are properly seated in your ears. Try cleaning the earbud mesh.
