IMPORTANT SAFETY INFORMATION

Please read all instructions before using your Ninja Foodi Everyday Possible Cooker Pro to ensure safe operation and to prevent property damage, personal injury, or death. Keep this manual for future reference.

- Always ensure the appliance is placed on a stable, level, heat-resistant surface away from the edge of a countertop.
- Do not touch hot surfaces. Use handles or knobs. Always use oven mitts when handling the hot cooking pot or lid.
- To protect against electrical shock, do not immerse the cord, plugs, or main unit in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner. Contact Ninja Customer Service for examination, repair, or adjustment.
- Do not use attachments not recommended by the manufacturer; this may cause fire, electric shock, or injury.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.

- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to “off,” then remove plug from wall outlet.
- This appliance is for household use only.

1. **Add Ingredients:** Place your desired ingredients into the cooking pot.
2. **Select Function:** Press the desired function button on the control panel (e.g., Slow Cook, Sear/Sauté, White Rice).
3. **Adjust Settings:** Use the temperature and time adjustment arrows to set the desired cooking temperature and duration. Refer to specific recipe guidelines for optimal settings.
4. **Start Cooking:** Press the Start/Stop button to begin the cooking process. The display will show the remaining cooking time.
5. **Monitor Progress:** The clear glass lid allows you to monitor cooking progress without releasing heat.
6. **Keep Warm:** After cooking, some functions may automatically switch to a Keep Warm mode.
7. **Serve:** Once cooking is complete, carefully remove the lid and serve your meal. The included rice spoon is ideal for serving grains.

Specific Function Notes:

- **Slow Cook:** Ideal for tenderizing meats and developing rich flavors over extended periods.

- **Sear/Sauté:** Use this function to brown ingredients directly in the pot before slow cooking or for quick stir-fries.
- **Braise:** Perfect for cooking meats and vegetables in a small amount of liquid, resulting in tender, flavorful dishes.
- **White Rice/Brown Rice/Oats/Pasta:** These functions are optimized for cooking various grains and pasta efficiently. The 6.5-quart capacity can cook up to 4 cups of rice or a 16-oz box of pasta.

- **Hand Washing:** For hand washing, use warm, soapy water and a non-abrasive sponge or cloth. Rinse thoroughly and dry completely.
- **Cooking Base:** Wipe the cooking base with a damp cloth. Do not immerse the cooking base in water or any other liquid.
- **Avoid Abrasives:** Do not use abrasive cleaning pads, steel wool, or harsh detergents on any part of the appliance, as they may damage the surfaces.
- **Storage:** Store the cooker in a clean, dry place when not in use.

TROUBLESHOOTING

If you encounter issues with your Ninja Foodi Everyday Possible Cooker Pro, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Unit does not turn on.	Not plugged in; power outlet issue; unit malfunction.	Ensure the power cord is securely plugged into a working electrical outlet. Check the circuit breaker. If the issue persists, contact customer support.

Problem	Possible Cause	Solution
Food not cooking properly or unevenly.	Incorrect function/temperature/time setting; insufficient liquid; lid not properly sealed.	Verify that the correct cooking function, temperature, and time are selected. Ensure sufficient liquid is added for slow cooking or braising. Confirm the lid is seated correctly.
Display shows an error code.	Internal sensor issue; overheating.	Unplug the unit, wait 10-15 minutes, then plug it back in. If the error persists, consult the Ninja customer support.
Food sticks to the pot.	High heat without enough liquid; prolonged cooking; damaged nonstick coating.	Ensure adequate liquid is used for cooking. Avoid using metal utensils that can scratch the nonstick surface. For stubborn residue, soak the pot before cleaning.

If you experience any issues not covered here, please contact Ninja Customer Service for assistance.
