4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included manual to assemble each flower and stem. Organize your pieces before starting to facilitate the building process.

4.1 General Assembly Principles

1. Identify the specific flower you wish to build first.
2. Locate all necessary pieces for that flower as indicated in the manual.
3. Connect pieces firmly but gently to avoid damage.

4.2 Assembling Individual Flowers

Each flower type (e.g., poppy, daisy, sunflower) has a unique assembly sequence. Refer to the dedicated sections in the printed manual for detailed steps for each flower.

5. OPERATING AND DISPLAYING YOUR BOUQUET

Once assembled, your IKUPER Botanical Collection bouquet is ready for display. Its design allows for various arrangements to suit your aesthetic preferences.

5.1 Arranging Your Bouquet

Experiment with different flower heights and positions to create a visually appealing arrangement. You can place the bouquet in a vase or use it as a standalone decorative piece.

6. MAINTENANCE

The IKUPER Botanical Collection Flower Building Set requires minimal maintenance to retain its appearance.

- **Cleaning:** Dust the assembled bouquet periodically with a soft, dry cloth or a gentle brush. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces organized in a container to prevent loss. Store in a cool, dry place away from direct sunlight to prevent material degradation or color fading over extended periods.

7. TROUBLESHOOTING

Most issues can be resolved by carefully reviewing the assembly instructions.

- **Missing Pieces:** If you find any pieces are missing from your set, please contact customer support with your purchase details and the specific part number/description.

- **Difficulty Assembling:** Ensure you are using the correct pieces for each step. Refer to the visual diagrams in the instruction manual. Apply gentle, even pressure when connecting pieces. Do not force connections.
- **Loose Connections:** If a connection feels loose, ensure the pieces are fully engaged. Sometimes, re-connecting the pieces can resolve this.
