# Bellemave Full Size Kids Car Bed Instruction Manual

Model: B0CDK4HQRL

## INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Bellemave Full Size Kids Car Bed. Please read all instructions carefully before assembly and use to ensure safe and proper functioning of the product.

## SAFETY INFORMATION

For the safety of the user, please adhere to the following guidelines:

- Use according to assembly instructions.
- Ensure weight capacity is not exceeded.
- Be aware of potential pinch points or sharp edges during assembly.
- Keep fingers and hands away from moving parts during assembly.
- Ensure guardrails are securely attached for child safety.

## PRODUCT FEATURES

- **Versatile Floor Bed:** This full-size floor bed can serve as a sleeping area, a child's play space, or a reading nook. The low base design ensures the bed slats do not touch the ground, promoting air circulation for the mattress. No box spring is required.
- **Classic Car-Shaped Design:** The bed features a headboard and footboard designed to resemble a car's front and rear, complete with two doors and windows on either side. Decorative wheels enhance the playful car theme. Slat are included, eliminating the need for a box spring.
- **Safety Guardrails:** The bed is equipped with guardrails around the perimeter for enhanced safety. Its low-profile design allows toddlers easy access for getting in and out.
- **Solid Construction:** Constructed from high-quality solid pine wood and MDF frame with a bright finish, ensuring stability and durability.

## SETUP AND ASSEMBLY

Assembly of the Bellemave Full Size Kids Car Bed is required. All necessary parts, tools, and a step-by-step installation manual are included. The components feature pre-drilled holes to facilitate the assembly process. Manual installation is recommended.

While assembly is designed to be straightforward, some users have noted that the instructions could be clearer. Ensure all fasteners are correctly aligned during assembly. Periodically check and tighten all screws to maintain the bed's stability.

## OPERATING INSTRUCTIONS

The Bellemave Full Size Kids Car Bed is designed for children, offering a safe and accessible sleeping environment. Its low-to-the-ground design allows children to independently get in and out of bed. The sturdy frame and guardrails provide security during sleep and play. The bed can also be utilized as a creative play area or a comfortable spot for reading during the day.

## MAINTENANCE

To ensure the longevity and safety of your Bellemave Kids Car Bed, follow these maintenance guidelines:

- Regularly inspect all screws and connections. Tighten any loose screws to maintain structural integrity.
- Clean the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- Avoid exposing the bed to excessive moisture or direct sunlight, which can cause warping or fading.
- Do not exceed the recommended weight capacity of 250 lbs.

## TROUBLESHOOTING

- **Loose Screws:** If the bed feels wobbly or screws appear loose, re-tighten them using the appropriate tools. Regular checks can prevent this issue.
- **Flimsy Panels:** Some panels, particularly those forming the car's body, may feel less rigid than the main frame. Ensure all connections are secure. If a panel is damaged, contact customer support for replacement options.
- **Difficulty Tucking in Child:** The design with surrounding rails may make it challenging for adults to lean over and tuck in a child. This is a design characteristic; consider adjusting your approach or the child's position.

## SPECIFICATIONS

Feature	Detail
Size	Full
Overall Product Dimensions	77.4"L x 57.2"W x 32"H
Bed Dimensions	75" x 54.1"
Total Height	32"
