

## Monster S320

# Monster S320 Portable Bluetooth Speaker

## User Manual

### INTRODUCTION

Thank you for choosing the Monster S320 Portable Bluetooth Speaker. This manual provides essential information for setting up, operating, and maintaining your speaker to ensure optimal performance and longevity. The Monster S320 is engineered to deliver a powerful 40W audio experience with 360° stereo sound, designed for both indoor and outdoor use.

Key features include:

- **40W Audio Performance:** Experience immersive sound with rich bass, mids, and highs.
- **True Wireless Stereo (TWS) Pairing:** Connect two S320 speakers for an enhanced 80W stereo surround sound experience.
- **IPX7 Waterproof Rating:** Designed to withstand complete immersion in water, making it suitable for various outdoor activities and use as a shower speaker.
- **32-Hour Playing Time:** Enjoy extended music playback on a single charge at medium volume.
- **Bluetooth 5.0 Connectivity:** Ensures stable and efficient wireless connection.
- **Built-in Microphone:** For hands-free calling.

### WHAT'S IN THE BOX

Please check the package contents:

- 1 x Monster S320 Portable Bluetooth Speaker
- 1 x Charging Cable (USB-C)
- 1 x Quick Start Guide

### SETUP

#### 1. Charging the Speaker

Before first use, fully charge your Monster S320 speaker. Use the provided USB-C charging cable.

1. Locate the charging port on the speaker, usually protected by a waterproof flap.
2. Open the flap and connect the USB-C cable to the speaker and a compatible USB power adapter (not included).
3. The LED indicator will show charging status. It will typically turn off or change color once fully charged.

*Text Description: An image shows the Monster S320 speaker with its waterproof flap open, revealing the AUX and DC-5V (USB-C) charging ports. A USB-C cable is plugged into the DC-5V port, indicating the charging connection.*

## 2. Power On/Off

Press and hold the power button (usually marked with a circle or power symbol) for a few seconds until you hear an audible prompt or see the LED indicator light up.

## 3. Bluetooth Pairing

To connect your speaker to a device:

1. Ensure the speaker is powered on and in pairing mode (the Bluetooth LED indicator will usually flash).
2. On your device (smartphone, tablet, etc.), go to Bluetooth settings and search for available devices.
3. Select "Monster S320" from the list.
4. Once connected, the LED indicator will typically stop flashing and remain solid blue.

## 4. True Wireless Stereo (TWS) Pairing

For an enhanced stereo experience, you can pair two Monster S320 speakers together:

1. Ensure both S320 speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be your primary speaker), press the TWS pairing button (often indicated by an infinity symbol or two interlocking circles).
3. The primary speaker will search for the secondary speaker. Once connected, you will hear an audible confirmation, and the LED indicators on both speakers will synchronize.
4. Now, connect your device to the primary speaker via Bluetooth as described in step 3. Both speakers will play audio in stereo.

*Text Description: An image depicts two Monster S320 speakers positioned vertically on stands, flanking a smartphone displaying a concert scene. Blue dashed lines with arrows illustrate the wireless connection between the two speakers, and a larger arrow points from the smartphone to one of the speakers, indicating*

Bluetooth pairing. Text overlay states "Wireless Stereo Pairing" and "Pair 2 speakers together to enjoy 80W powerful 360° stereo surround sound with deep bass."

Pair 2 speakers together to enjoy 80W powerful 360° stereo surround sound with deep bass

## OPERATING THE SPEAKER

### 1. Basic Controls

The Monster S320 features intuitive controls:

- **Power Button:** Press and hold to power on/off.
- **Volume Up (+):** Short press to increase volume.
- **Volume Down (-):** Short press to decrease volume.
- **Play/Pause:** Short press the play/pause button (often a triangle symbol) to play or pause music.
- **Next Track:** Long press the Volume Up (+) button.
- **Previous Track:** Long press the Volume Down (-) button.
- **Bluetooth Button:** Short press to enter pairing mode or disconnect/reconnect.

### 2. Audio Input

The speaker primarily uses Bluetooth for wireless audio. For wired connections, use the AUX-in port with a 3.5mm audio cable (not included).

### 3. Hands-free Calling

When connected to a smartphone via Bluetooth, the built-in microphone allows you to answer calls directly through the speaker. Press the Play/Pause button to answer or end a call.

*Text Description: An image shows a person holding a smartphone with an incoming call screen, while a Monster S320 speaker is placed on a wooden table nearby. A dotted line with a phone icon illustrates the connection between the phone and the speaker, indicating hands-free calling functionality.*

## MAINTENANCE

---

### 1. Waterproof Care (IPX7)

The Monster S320 is IPX7 waterproof, meaning it can be submerged in up to 1 meter of water for 30 minutes. However, to maintain its waterproof integrity:

- Ensure the charging port and AUX-in port covers are securely closed before exposing the speaker to water.
- After exposure to water, especially saltwater or chlorinated water, rinse the speaker with fresh water and allow it to air dry completely before charging or using the ports.
- Do not charge the speaker if the ports are wet.

*Text Description: A Monster S320 speaker is shown partially submerged in splashing water, highlighting its IPX7 waterproof feature. The speaker is black with a textured surface and a carrying strap. Text overlay emphasizes "IPX7 Waterproof Speaker" and its ability to withstand water exposure.*

## 2. Cleaning

Wipe the speaker with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.

## 3. Storage

Store the speaker in a cool, dry place away from extreme temperatures and direct sunlight when not in use for extended periods.

## TROUBLESHOOTING

If you encounter issues with your Monster S320 speaker, refer to the following common solutions:

- **No Power:** Ensure the speaker is fully charged. Connect it to a power source and check the charging indicator.
- **No Sound:** Check the volume levels on both the speaker and your connected device. Ensure the speaker is properly paired via Bluetooth or the AUX cable is securely connected.
- **Bluetooth Pairing Issues:** Make sure the speaker is in pairing mode (flashing LED). Turn off and on Bluetooth on your device, then try pairing again. Ensure no other devices are connected to the speaker.

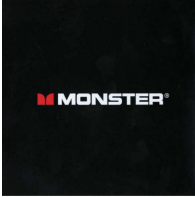

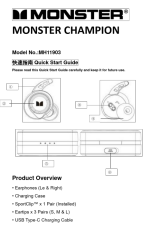

- **Poor Sound Quality:** Move the speaker closer to your Bluetooth device to reduce interference. Ensure the audio source is of good quality. If using TWS, ensure both speakers are within range of each other.
- **Speaker Not Responding:** Perform a soft reset by pressing and holding the power button for 10-15 seconds until the speaker powers off and then restart it.

## SPECIFICATIONS

Feature	Detail
Brand	Monster
Model Name	S320 (M69F)
Speaker Type	Outdoor
Special Features	Portable, Waterproof
Connectivity Technology	Bluetooth 5.0
Speaker Maximum Output Power	40 Watts (80W with TWS pairing)
