SANODESK QS11160

SANODESK Electric Standing Desk User Manual

Model: QS11160

1. INTRODUCTION

Thank you for choosing the SANODESK Electric Standing Desk. This manual provides detailed instructions for assembly, operation, and maintenance to ensure safe and optimal use of your new desk. Designed for comfort and productivity, this adjustable height desk allows you to effortlessly switch between sitting and standing positions throughout your workday.

2. SAFETY WARNINGS

WARNING: KEEP DESK AWAY FROM CHILDREN WHEN THE MOTOR IS IN OPERATION. UNPLUG DESK WHEN NOT IN USE. FOLLOW INSTRUCTIONS FOR AUTOMATIC SHUT-OFF FEATURE TO PREVENT INJURY.

Always ensure the area around the desk is clear before adjusting its height. Do not place hands or objects near moving parts during operation. If any unusual noise or movement occurs, immediately stop operation and unplug the desk. This desk is designed for indoor use only.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Desk Frame (Legs and Crossbar)
- Desktop Surface
- Control Panel with LED Display

- Power Adapter and Cable
- Cup Holder
- Headphone Hook
- Cable Management Tray/Organizer
- Assembly Hardware (screws, tools)
- User Manual

4. ASSEMBLY INSTRUCTIONS

Follow these general steps for assembling your SANODESK Electric Standing Desk. Refer to the included assembly diagram for detailed illustrations.

1. Unpack all components and lay them out on a clean, flat surface.
2. Attach the lifting columns to the desk feet using the provided screws.
3. Connect the crossbar to the lifting columns.

4. Secure the desktop surface to the assembled frame.
5. Mount the control panel to the underside of the desktop in an easily accessible location.
6. Install the cup holder, headphone hook, and cable management tray as desired.
7. Connect all motor and control panel cables to the control box, then connect the power adapter.

5. OPERATING INSTRUCTIONS

5.1. Height Adjustment

The SANODESK Electric Standing Desk features an advanced LED control panel for easy height adjustments. The desk can be adjusted from 73.5 cm (28.9 inches) to 118 cm (46.5 inches).

Up/Down Buttons: Use the up (▲) and down (▼) arrows on the control panel to manually raise or lower the desk to your desired height. The current height will be displayed on the LED screen.

70KG LOAD CAPACITY

25% stronger material than others for perfect stability

5.2. Memory Presets

The intelligent LED control panel offers 4 memory preset buttons (1, 2, 3, 4) to store your preferred sitting and standing heights.

1. Adjust the desk to your desired height using the up/down buttons.
2. Press and hold one of the memory buttons (1, 2, 3, or 4) until the LED display shows 'S-' or a similar confirmation, indicating the height has been saved.
3. To recall a saved height, simply press the corresponding memory button. The desk will automatically move to the stored position.

5.3. Anti-Collision System

For your safety, the desk is equipped with an anti-collision system. If the desk encounters an obstacle during height adjustment, it will automatically stop and reverse slightly to prevent damage or injury. Ensure the area is clear before resuming adjustment.

6. KEY FEATURES

6.1. Smart Memory Panel

The advanced LED control panel provides 4 memory preset keys, allowing you to easily adjust your working or sitting position. With a height range from 73.5 cm to 118 cm, this desk adapts to your needs, promoting comfort and productivity throughout the day.

6.2. Quiet Operation

Experience a quiet and distraction-free work environment thanks to the ultra-quiet motor, which operates below 50 dB. This low noise level ensures you can concentrate on your tasks without interruption.

6.3. Robust Construction & Load Capacity

With its solid construction and a load capacity of 70 kg (154 lbs), this desk offers stability and durability for all your

work essentials. It is built to reliably support your equipment for years of use.

BIGGER FRAME, BETTER STABILITY

Image: A comparative diagram illustrating the SANODESK's enhanced stability features, including a bigger frame, thicker columns, and wider feet compared to other desks.

6.4. Useful Accessories

The desk comes with practical accessories including a cup holder, a hook, a storage shelf, and a cable organizer to optimize your workspace. The cup holder and hook keep daily items within reach, while the shelf provides additional space. The cable organizer prevents clutter, keeping your desk tidy. These thoughtful accessories enhance the order, efficiency, and comfort of your SANODESK product.

7. MAINTENANCE

To ensure the longevity and proper functioning of your SANODESK Electric Standing Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe the desktop and frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.
- **Cable Management:** Periodically check that all cables are securely routed and not pinched or tangled.
- **Motor Care:** The motor is designed for maintenance-free operation. Do not attempt to lubricate or disassemble the motor unit.
- **Regular Checks:** Occasionally check all screws and fasteners to ensure they are tight. Retighten if necessary.

8. TROUBLESHOOTING

If you encounter any issues with your SANODESK Electric Standing Desk, please refer to the following common troubleshooting steps:

- **Desk Not Moving:**
 - Check if the power cable is securely plugged into both the desk and the wall outlet.
 - Ensure all cables connecting the control panel to the motor and control box are properly connected.
 - Try unplugging the desk for 30 seconds and then plugging it back in to reset the system.
- **Uneven Movement:**
 - Ensure the desk is placed on a flat, level surface.
 - Check that all assembly screws are tightened evenly.
- **Error Codes on LED Display:**
 - Refer to the specific error code in the detailed manual (if provided with the product) or contact customer support for assistance.
- **Anti-Collision System Triggering Frequently:**
 - Ensure there are no obstacles in the path of the desk's movement.
 - Check if the desk is overloaded beyond its 70kg capacity.

If these steps do not resolve the issue, please contact SANODESK customer support for further assistance.
