Letaya A01

Letaya Metal Storage Cabinet with Drawers

Model: A01
Instruction Manual

PRODUCT OVERVIEW

The Letaya Metal Storage Cabinet is a versatile and durable storage solution designed for various environments including offices, homes, schools, and garages. It features a robust steel construction, multiple storage compartments, and secure locking mechanisms.

- Multifunctional design with 2 doors and 2 drawers.
- Three independent lock systems for enhanced security.
- Aluminum alloy clothes rail and adjustable shelves for flexible storage.
- Drawers can accommodate A4/F4/letter/legal size documents.
- Constructed from 0.8 mm thick steel for durability and resistance to deformation.
- Environmentally friendly powder-coated finish for moisture, corrosion, and rust resistance.

IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Always keep locks engaged when not in use to prevent unauthorized access and potential hazards.**
- **Securely install the cabinet to the wall to prevent tipping, especially in households with children or pets. Wall-mounting hardware may be required and is typically included.**
- Ensure the cabinet is placed on a level surface to maintain stability.
- Do not overload shelves or drawers beyond the specified weight limits.
- Keep fingers clear of moving parts during assembly and operation.

SETUP AND INSTALLATION

The Letaya Metal Storage Cabinet is designed for easy assembly. Please follow the steps below carefully. It is recommended to have two people for assembly.

1. Unpacking and Component Check

Carefully open the package. The packaging uses foam and metal corners to protect the edges during shipping. Verify all components are present and undamaged against the parts list provided in your physical instruction manual. Installation tools are included.

2. Assembly Steps

For a detailed visual guide, please refer to the official installation video below. The video demonstrates the step-by-step assembly process.

Your browser does not support the video tag.

Video 1: Letaya Metal Storage Cabinet Installation Guide. This video provides a comprehensive walkthrough of the assembly process, from unpacking to final setup.

1. Assemble the base frame using the provided screws and tools. Ensure all connections are secure.
2. Attach the side panels to the base, aligning the pre-drilled holes.
3. Install the back panel and top panel, securing them with screws.

4. Insert the adjustable shelves into the desired positions. The shelf clips (AAx8) allow for flexible height adjustments.
5. Install the drawer slides (Tx2, Ux2) into the cabinet frame. Ensure they are level and securely fastened.
6. Assemble the drawers (Px2, Qx2, Rx2, Sx2) and then slide them onto the installed drawer slides.
7. Attach the doors (Gx1, Fx1) to the cabinet hinges. Ensure smooth opening and closing.
8. Install the aluminum alloy clothes rail (Ox1) in the designated section if using for clothing storage.
9. Adjust the feet to ensure the cabinet is level and stable on your floor.

OPERATING INSTRUCTIONS

Locking Mechanism

The cabinet features three independent lock systems for enhanced security. Use the provided keys to lock and unlock the doors and the top drawer.

- To lock: Insert the key into the lock and turn clockwise until the mechanism engages. Remove the key.

- To unlock: Insert the key into the lock and turn counter-clockwise.
- Ensure all doors and drawers are fully closed before attempting to lock.

Adjustable Shelves and Rail

The cabinet includes adjustable shelves and an aluminum alloy clothes rail to customize your storage space.

- To adjust shelves: Remove items from the shelf. Lift the shelf slightly and remove the shelf clips (AAx8) from their current slots. Reinsert the clips into the desired slots at the new height, ensuring they are securely seated. Place the shelf back onto the clips.
- The clothes rail is designed to hold up to 30 lbs.

HOME USE

MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your Letaya Metal Storage Cabinet.

- **Cleaning:** Wipe down the cabinet surfaces with a soft, damp cloth. For stubborn dirt, use a mild soap solution and dry immediately to prevent water spots. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Lubrication:** Periodically apply a silicone-based lubricant to the drawer slides to ensure smooth operation.
- **Inspection:** Regularly check all screws and fasteners to ensure they are tight. Re-tighten if necessary. Inspect the adjustable feet for proper contact with the floor.
- **Rust Prevention:** While the cabinet is moisture-proof and rust-resistant, avoid prolonged exposure to excessive moisture or corrosive substances.

TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Uneven floor; loose adjustable feet; cabinet not anchored to wall.	Adjust the leveling feet until stable. Ensure all assembly screws are tightened. Securely anchor the cabinet to the wall using appropriate hardware.
Doors do not close properly or are misaligned.	Cabinet is not level; hinges are loose or bent; obstruction.	Check if the cabinet is level using the adjustable feet. Inspect hinges for damage and tighten screws. Remove any obstructions.
Drawers stick or are difficult to open/close.	Drawer slides are dry or dirty; drawer is overloaded; misaligned slides.	Clean and lubricate drawer slides with silicone spray. Reduce the weight in the drawer. Check if drawer slides are correctly installed and aligned.
Keys do not turn in the lock.	Lock mechanism is jammed; incorrect key.	Ensure the correct key is being used. Gently jiggle the key while turning. Do not force the key. If problem persists, contact customer support.

SPECIFICATIONS
