Key Lighting System

The integrated Key Lighting system assists in learning by illuminating the keys to be played. Refer to the on-screen prompts and the user manual for specific lesson modes and how to utilize this feature effectively.

Connectivity

The MicroUSB port allows you to connect your LK-S450 to a PC, Mac, iOS, or Android device. This enables MIDI communication for use with music software like Casio Music Space, without requiring additional drivers or complex installation.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the keyboard. For stubborn dirt, slightly dampen the cloth with water and a mild, non-abrasive cleaner. Avoid excessive moisture.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity.
- **Handling:** Avoid dropping the keyboard or subjecting it to strong impacts. Do not place heavy objects on the keys or control panel.

TROUBLESHOOTING

- **No Sound:** Check if the power is on and the volume is turned up. Ensure headphones are not plugged in

if you intend to use the speakers.

- **Keys Not Responding:** Verify the keyboard is powered on. If specific keys are unresponsive, contact customer support.
- **Connectivity Issues:** Ensure the MicroUSB cable is securely connected to both the keyboard and your device. Check device settings and software for proper MIDI input recognition.
- **Distorted Sound:** Lower the volume. If using external speakers, check their connections and settings.
