## Diiplain B0CDM64Y73

# Diiplain LED Nightstand with Charging Station and Storage

MODEL: B0CDM64Y73

## Introduction

---

Thank you for purchasing the Diiplain LED Nightstand. This manual provides essential information for the safe assembly, operation, and maintenance of your new nightstand. Please read these instructions thoroughly before beginning assembly or use, and retain this manual for future reference.

## Safety Information

### General Safety Warnings:

- Always follow proper assembly instructions to ensure stability and prevent injury.
- Do not overload drawers or shelves.
- Ensure all electrical connections are secure and comply with local electrical codes.
- Keep liquids away from electrical components and charging ports.
- Do not attempt to modify the product or its electrical system.
- Keep small parts away from children during assembly.

## Package Contents

Before assembly, please verify that all components are present and undamaged. The package should include:

- All necessary furniture panels and hardware
- Assembly Guide

- Installation Tool (screwdriver)
- LED light strip and controller
- Integrated charging station with power cord

## Assembly Instructions

---

Assembly is designed to be straightforward. Detailed instructions and all labeled parts accessories are included in your package. A screwdriver is recommended for assembly, and all necessary tools are provided.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list in the included Assembly Guide to ensure everything is present.
2. **Assemble the Frame:** Follow the step-by-step diagrams in the Assembly Guide to construct the main frame of the nightstand. Ensure all screws and fasteners are tightened securely.
3. **Install Drawers:** Assemble the two drawers according to the instructions. Install the metal slides onto both the drawers and the nightstand frame, ensuring smooth operation.
4. **Integrate Electrical Components:** Install the charging station into its designated slot. Connect the LED light strip as indicated in the guide. Ensure all cables are routed neatly and securely.
5. **Final Checks:** Once assembled, gently test the stability of the nightstand and the smooth operation of the drawers.

## Features

### RGB LED Lights with APP Control

The nightstand features multi-color RGB LED lights. You can adjust colors and brightness via a mobile application. The app offers millions of color choices, timing functions, various style modes, music modes, and microphone modes to customize your lighting experience.

# 29 LED Light Modes

Brightness Adjustable

Controlled by APP

## Integrated Charging Station

Equipped with 2 standard AC plug outlets and 2 USB ports, this nightstand allows convenient charging of phones, lamps, and other electronic devices simultaneously. A 4.9-foot power supply cord provides flexibility in placement.

Image: A detailed view of the integrated charging station, highlighting the AC outlets and USB ports for device charging.

### **Ample Storage Space**

The nightstand offers 5 distinct storage areas: a top shelf for display, a tabletop surface, an open storage compartment, and two closed drawers. This design maximizes vertical space for organization.

# Practical Top Storage

Perfect for displaying and storing family photos, alarm clocks, glasses and other small items.

## Sturdy and Durable Construction

Constructed from high-quality, thick particle board, the nightstand is designed for durability. It features metal slides for smooth drawer operation and a waterproof surface for easy cleaning and maintenance.

## Setup

1. **Power Connection:** After assembly, plug the nightstand's power cord into a standard wall outlet.
2. **LED Light App Installation:** Download the designated mobile application for the LED lights (refer to the Assembly Guide for app name/QR code).
3. **Pairing LED Lights:** Follow the in-app instructions to pair your mobile device with the nightstand's LED lights.

## Operating Instructions

### Using the LED Lights:

Once paired, use the mobile application to control the LED lights. You can:

- Select from millions of colors.
- Adjust brightness levels.
- Choose various dynamic style modes (e.g., jump, flash, fade, static).
- Set timing functions for automatic on/off.
- Activate music or microphone modes for light synchronization.

### Using the Charging Station:

Plug your electronic devices directly into the 2 AC outlets or 2 USB ports located on the top surface of the nightstand. Ensure devices are compatible with the provided power output (125V/12A for AC, 5V/2A for USB).

## Maintenance

To maintain the appearance and longevity of your Diliplain LED Nightstand:

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Promptly clean any spills, especially near electrical components, to prevent damage.
- **Drawer Slides:** Periodically check and clean drawer slides to ensure smooth operation.

## Troubleshooting

- **LED Lights Not Working:** Check if the power cord is securely plugged in. Ensure the LED light strip is properly connected. Verify the mobile app is correctly paired and functioning.
- **Charging Station Not Functioning:** Confirm the nightstand is plugged into a live power outlet. Test with different devices and cables to rule out device-specific issues.
- **Drawers Sticking:** Ensure drawers are correctly aligned on their slides. Check for any obstructions within the drawer or on the slides.

## Specifications

Feature	Detail
Brand	Diliplain
Model Name	Nightstand
Product Dimensions (D x W x H)	15.7"D x 17.7"W x 28.7"H
Color	Black
