podoru Mini Power Bank KTD003MINI User Manual

Model: KT-D003MINI

INTRODUCTION

Thank you for choosing the podoru Mini Power Bank KTD003MINI. This compact and versatile power bank is designed to provide convenient and efficient charging for your mobile devices, featuring both wireless magnetic charging and wired charging capabilities. With its 10000mAh capacity and smart LED display, it ensures your devices stay powered throughout the day.

Image: This image displays the podoru Mini power bank in a light green color. The front surface features a prominent white circular magnetic charging area and a white elongated indicator light below it. The device has rounded edges, and its compact design is visible.

WHAT'S IN THE BOX

- Magnetic Wireless Power Bank *1
- USB-C Charging Cable *1
- Instruction Manual *1

SETUP

Initial Charging of the Power Bank

1. Connect the provided USB-C charging cable to the USB-C input port on the power bank.
2. Connect the other end of the USB-C cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The LED display on the power bank will show the charging progress. Charge the power bank fully before first use.

Understanding the LED Display

The smart LED display indicates the remaining battery percentage of the power bank, allowing you to monitor its charge level precisely.

OPERATING INSTRUCTIONS

Wireless Magnetic Charging

1. Ensure your device supports magnetic wireless charging (e.g., iPhone 12 series and newer).
2. Align your compatible device with the magnetic charging area on the power bank. The strong magnetic suction will securely attach your device.
3. Wireless charging will begin automatically. The LED display may indicate charging status.

Wired Charging (USB-C & USB-A)

The power bank features multiple ports for wired charging, including USB-C (input/output) and USB-A (output).

1. Connect your device's charging cable to the appropriate USB-C or USB-A output port on the power bank.
2. Connect the other end of the cable to your device.
3. Charging will commence automatically.

This power bank supports charging up to three devices simultaneously (one wirelessly, two wired).

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight, extreme temperatures, and humidity.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular use. Avoid completely draining the battery frequently.

TROUBLESHOOTING

- **Power Bank Not Charging:**

Ensure the charging cable is securely connected to both the power bank and the power source. Try a different USB-C cable or power adapter. Verify the power source is active.

- **Device Not Charging (Wired):**

Check if the charging cable is properly connected to both the power bank and your device. Try a different cable or port. Ensure the power bank has sufficient charge.

- **Device Not Charging (Wireless):**

Ensure your device is wirelessly charging compatible and correctly aligned with the magnetic charging area. Remove any thick phone cases that might interfere with wireless charging. Ensure the power bank

has sufficient charge.

- **Slow Charging:**

Ensure you are using a compatible fast-charging adapter for the power bank. For device charging, ensure your cable and device support fast charging. Wireless charging is generally slower than wired charging.

SPECIFICATIONS

Feature	Detail
Model Number	KT-D003MINI
Battery Capacity	10000 Milliamp Hours
Voltage	5 Volts
Product Dimensions	5.7 x 3.42 x 0.86 inches
Item Weight	6.7 ounces
Special Features	Strong Magnetic Suction, Smart LED Display
Other Display Features	Wireless
Color	Light Green
Manufacturer	Shenzhen Zhilianxintong Electronics Co., Ltd
Date First Available	August 3, 2023

SAFETY INFORMATION

- Do not expose the power bank to extreme temperatures, direct sunlight, or high humidity.
