Shark EXCM48

Shark CarpetXpert Deep Clean Pro Formula EXCM48 Instruction Manual

Brand: Shark | Model: EXCM48

PRODUCT OVERVIEW

The Shark Deep Clean Pro Formula is designed for use with all Shark Carpet Cleaners. It effectively removes layers of ground-in dirt, grime, odors, and stains, providing a powerful deep clean for various surfaces. This formula can be combined with Shark Oxy Multiplier for enhanced stain-striking power.

Key Features:

- **Compatibility:** Designed for use with all Shark Carpet Cleaners (EX121BRN, EX151, EX201, EX301, PX201, PX202BRN, PX203BRN & PX251).
- **StainStriker Technology:** Two unique chemicals mix and activate on contact in the handheld tool, unleashing the power of OXY for 20X more stain-striking power* (*vs. Shark Deep Clean Pro Formula).
- **Pet-Friendly:** Eliminates odors instantly and permanently, including pet urine and smoke.
- **Versatile Cleaning:** Formulated for removing tough stains on all carpets, area rugs, upholstery, stairs, fabrics, and more.
- **No Premix Required:** Activates on contact with Shark StainStriker OXY Multiplier formula for convenience.

COMPATIBILITY

The Shark CarpetXpert Deep Clean Pro Formula (EXCM48) is specifically designed to work seamlessly with all Shark Carpet Cleaners, including both upright and portable models. For optimal results, use this formula with your Shark CarpetXpert or StainStriker machine.

Compatibility

Compatible with all Shark upright and compact deep carpet cleaners.

PRODUCT FEATURES

StainStriker Technology

Experience advanced cleaning with StainStriker Technology. This system utilizes two distinct chemical formulas that activate upon contact within the handheld tool. This dual-action approach unleashes the powerful stain-striking capabilities of OXY, providing up to 20 times more stain-removing power compared to the Shark Deep Clean Pro Formula alone.

Tough Stain Elimination

The Deep Clean Pro Formula, especially when combined with the OXY Multiplier, is engineered to tackle the toughest stains. It effectively removes embedded mud, dirt, pet stains, odors, food, and spills from various surfaces, restoring them to a cleaner state.

Shark DEEP CLEAN PRO

Formulated to remove tough layers of ground-in dirt, grime, stains, and odors.

Odor Elimination

Beyond just removing visible stains, this formula is highly effective at eliminating odors. It instantly and permanently neutralizes unpleasant smells, including those from pet urine and smoke, leaving your carpets and upholstery smelling fresh.

Tackles tough odors

Instantly and permanently eliminates odors—even pet urine & smoke.*

Versatile Cleaning

The Shark CarpetXpert Deep Clean Pro Formula is versatile and can be used for on-demand cleaning across various surfaces. It is suitable for all carpets, area rugs, upholstery, stairs, and other fabrics, making it a comprehensive solution for whole-home cleaning.

On-demand cleaning

Designed for use on all carpets, area rugs, stairs, upholstery, fabrics & more.

SETUP

Preparing the Cleaning Solution

1. Ensure your Shark Carpet Cleaner is unplugged before filling tanks.
2. Remove the clean water tank from your Shark Carpet Cleaner.
3. Fill the clean water tank with water up to the indicated fill line. Do not use water hotter than 140°F (60°C).
4. Add the Shark CarpetXpert Deep Clean Pro Formula (System Formula 1) to the concentrate section of the clean water tank, up to the MAX fill line.
5. If using the StainStriker OXY Multiplier (System Formula 2) for enhanced stain removal, fill its dedicated compartment on the handheld tool or machine as per your specific model's instructions.
6. Securely close all tank caps and reinsert the tanks into the cleaner.

OPERATING INSTRUCTIONS

General Use

1. **Pre-Vacuum:** Always vacuum the area thoroughly before deep cleaning to remove loose dirt and debris.
2. **Power On:** Plug in the cleaner and press the power button.
3. **Select Mode:** Choose between 'Deep Clean Mode' for thorough cleaning or 'Quick Dry Mode' for faster drying times. For faster drying, use Quick Dry Mode after Deep Clean Mode.
4. **Cleaning Passes:** Make slow, overlapping passes over the area to be cleaned. Press the spray trigger to apply solution on forward passes and release it on backward passes to extract dirty water.

Using the Hand Tool for Spot & Stain Removal

1. **Attach Hand Tool:** Connect the StainStriker hand tool to the hose port on your Shark Carpet Cleaner. Ensure it

clicks securely into place.

2. **Activate Hand Tool Mode:** On the main unit, switch the lever or select the appropriate mode for hand tool operation (refer to your specific model's quick start guide).
3. **Apply Solution:** Position the hand tool over the stain. Press the spray trigger to apply the cleaning solution directly onto the stained area.
4. **Scrub:** Use the integrated brush on the hand tool to gently scrub the stain, working the solution into the fibers.
5. **Extract:** Release the spray trigger and apply downward pressure while pulling the hand tool slowly over the treated area to extract the dirty solution.
6. **Repeat:** For stubborn stains, repeat the spray, scrub, and extract steps until the stain is removed.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Shark Carpet Cleaner and Deep Clean Pro Formula. After each use:

1. **Empty and Rinse Dirty Water Tank:** Remove the dirty water tank, empty its contents, and rinse it thoroughly with clean water. Allow it to air dry before reassembling.
2. **Clean Nozzles and Brushes:** Inspect the cleaning nozzles and brush rolls for any trapped debris or hair. Remove and clean them as per your cleaner's specific instructions.
3. **Rinse Solution Tanks:** If any cleaning solution remains in the clean water tank or OXY Multiplier compartment, empty and rinse them with clean water.
4. **Wipe Down Exterior:** Wipe the exterior of the cleaner with a soft, damp cloth.
5. **Store Properly:** Store the cleaner in a dry, cool place, ensuring all components are dry to prevent mold or mildew.

TROUBLESHOOTING

If you encounter any issues while using your Shark CarpetXpert Deep Clean Pro Formula, consider the following:

- **No Spray/Low Spray:** Check if the clean water tank is properly filled and seated. Ensure the solution lines are

not clogged.

- **Poor Suction:** Verify that the dirty water tank is not full and is correctly seated. Check for any blockages in the nozzle or hose.
- **Stains Not Removing:** For stubborn stains, ensure you are using the StainStriker OXY Multiplier. Allow the solution to dwell on the stain for a few minutes before scrubbing and extracting. Repeat the process if necessary.
- **Odor Persists:** Ensure thorough extraction of all dirty solution. For strong odors, consider a second cleaning pass with fresh solution.

For more detailed troubleshooting, please refer to the full owner's manual provided with your Shark Carpet Cleaner.

SPECIFICATIONS

Specification	Detail
Product Dimensions	5.13 x 2.56 x 11.75 inches; 3 Pounds
Item Model Number	EXCM48
Manufacturer	SharkNinja
Item Form	Liquid
Scent	Citrus
Specific Uses For Product	Carpet
Material Feature	Scented

IMPORTANT SAFETY INFORMATION

Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

Always read and follow all instructions and warnings on the product label before use. Keep out of reach of children and pets. In case of eye contact, rinse thoroughly with water. If irritation persists, seek medical attention. Do not ingest. If swallowed, drink a glass of water and contact a poison control center immediately.

WARRANTY & SUPPORT

For information regarding product warranty, returns, or technical support, please refer to the documentation included with your Shark Carpet Cleaner or visit the official Shark website. You may also contact Shark customer service directly for assistance.
