PETLIBRO PLWF007

PETLIBRO Glacier Ultrafiltration Stainless Steel Cat Water Fountain User Manual

Model: PLWF007
Brand: PETLIBRO

INTRODUCTION

The PETLIBRO Glacier Ultrafiltration Stainless Steel Cat Water Fountain provides fresh, clean water for your pets. Featuring advanced ultrafiltration technology and durable stainless steel construction, this fountain is designed for optimal pet hydration and easy maintenance. Smart indicators keep you informed about water levels and filter life, ensuring your pet always has access to purified water.

IMPORTANT SAFETY INFORMATION

- For indoor use only.
- For your pet's health, it is recommended to change the water and clean the water tank and tray at least once a week.
- The controller contains electronic components and should not be washed.
- Ensure the power adapter is unplugged before cleaning or performing any maintenance.

WHAT'S INCLUDED

- 1x Ultrafiltration Stainless Steel Cat Water Fountain
- 1x Ultrafiltration Filter
- 1x AC Power Adapter
- 4x Prefilters
- 1x User Manual (this document)

SETUP GUIDE

Step 1: Disassemble the Fountain

Carefully detach the filtration unit from the water tank. Then, remove the water tray from the tank.

Step 2: Add Water to the Tank

Fill the stainless steel water tank with clean water. Ensure the water level is below the maximum line indicated inside the tank.
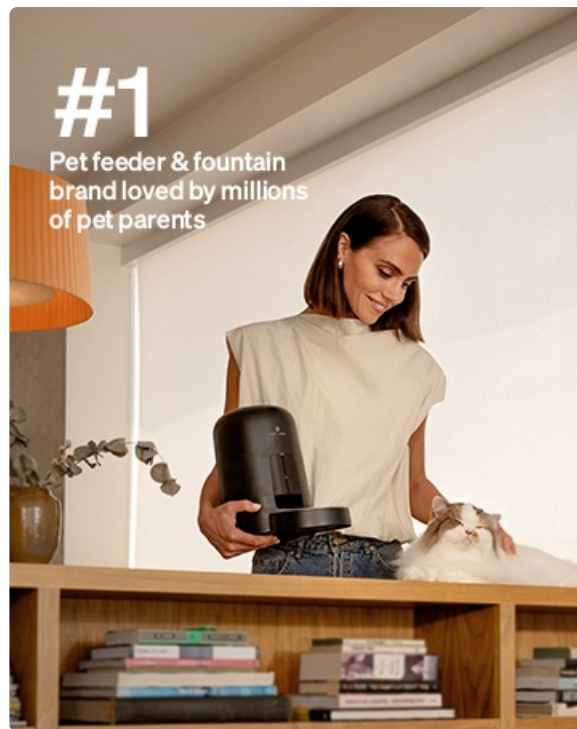

Image: A hand pouring water into the stainless steel tank of the fountain, with a 'MAX' indicator visible.

Step 3: Reassemble and Connect Power

Place the water tray back onto the tank. Insert the water pipe from the filtration unit into the water tank outlet and attach the filtration unit securely to the water tank. Finally, plug the power adapter into a wall outlet.

OPERATING INSTRUCTIONS

Motion Sensor Activation

The fountain features a motion sensor with a detection range of 120° and up to 50cm. When your pet approaches, the fountain will automatically dispense fresh, filtered water. Note: The pet fountain dispenses water automatically for one minute every hour.

Indicator Lights

The fountain is equipped with user-friendly indicator lights to help you monitor its status:

- **Water Level Indicator (White/Red):** This light indicates the current water level in the tank. A red light signifies low water, prompting you to refill.
- **Filter Life Indicator (Blue/Red):** This light reminds you when it's time to replace the filter. A red light indicates the filter needs changing.

User-friendly Indicator Lights

Know when refills and filter changes are needed with a simple glance

MAINTENANCE

Cleaning the Fountain

The stainless steel water tank and tray are dishwasher-safe for convenient cleaning. The filtration unit, which contains electronic components, should not be washed in the dishwasher or immersed in water. Clean it with a damp cloth.

Easy Maintenance

15s disassembly and a dishwasher-safe tank make cleaning a breeze.

Note: For your pet's health and safety, please make sure the first wipe is completed before use.
The filtration unit should not be immersed in water, and plastic parts should not be placed in the dishwasher.

Filter Replacement

The ultrafiltration filter is designed to last up to two months, purifying at least 2500L of water. Replace the filter when the filter life indicator turns red. After replacing the filter, press the filter life reset button for accurate tracking.

TROUBLESHOOTING

If you encounter issues with your PETLIBRO Glacier fountain, please refer to the following common solutions:

- **No Water Flow:** Ensure the power adapter is securely plugged in. Check if the water tank has sufficient water. Detach and reattach the filtration unit to ensure proper connection. Clean the pump and water pipe for any blockages.
- **Loud Operation:** Ensure the water level is adequate. Clean the pump and check for any debris that might be causing noise.
- **Indicator Lights Not Working:** Verify the power connection. If the issue persists, contact customer support.
- **Water Leakage:** Ensure all components are correctly assembled and seated. Check for any cracks or damage to the tank or filtration unit.

For further assistance, please refer to the Warranty and Support section.

SPECIFICATIONS

Feature	Detail
Item Weight	4.7 Pounds
Item Dimensions (LxWxH)	10.43 x 8.66 x 6.57 inches
