## MAINTENANCE

Proper care ensures the longevity of your outdoor storage coffee table.

- **Cleaning:** The PE rattan and stainless steel frame are easy to clean. Use a soft cloth with mild soap and water. Rinse thoroughly and dry completely.
- **Waterproof Cover:** Regularly clean the waterproof cover to prevent mildew. Hand wash the cover as needed.
- **UV Protection:** The table features UV-resistant PE rattan. However, using the included waterproof cover when not in use will further protect it from prolonged sun exposure and extend its life.
- **Winter Storage:** During harsh winter conditions, it is recommended to store the table indoors or ensure it is fully covered and protected from extreme elements.

## TROUBLESHOOTING

If you encounter any issues with your UDPATIO Outdoor Storage Coffee Table, please refer to the following common solutions:

- **Lid not closing smoothly:** Check if the pneumatic rod is correctly installed and lubricated. Ensure no items inside the storage compartment are obstructing the lid's path.
- **Table wobbles:** Adjust the leveling feet on the bottom of the table to ensure it sits evenly on the ground.
- **Water inside storage:** While the table is designed to be weather-resistant, extreme conditions or improper cover placement can allow moisture entry. Ensure the waterproof cover is properly secured over the table, especially during rain.
