## Wigfar E-88

# Wigfar E-88 Open Ear Headphones User Manual

Model: E-88 | Brand: Wigfar

## INTRODUCTION

Thank you for choosing Wigfar E-88 Open Ear Headphones. These true wireless Bluetooth headphones are designed for comfort and safety, allowing you to enjoy high-quality audio while remaining aware of your surroundings. Ideal for workouts, driving, and meetings, the E-88 features advanced Bluetooth 5.3 technology, a secure ear clip design, and long battery life. Please read this manual carefully to ensure proper use and optimal performance of your new headphones.

## WHAT'S IN THE BOX

Image: Contents of the Wigfar E-88 headphone box.

- 2 x Wigfar E-88 Ear Clip Headphones
- 1 x Charging Case
- 1 x Type-C Fast Charging Cable
- 1 x Bluetooth Headphones Case Silicone Sleeve

- 1 x User Manual

Note: Power adapter is not included.

## SETUP

### 1. Charging the Headphones and Case

Image: Wigfar E-88 charging case connected to a USB-C cable.

1. Place the headphones into the charging case. Ensure they are properly seated.
2. Connect the Type-C charging cable to the charging port on the case and plug the other end into a USB power source (e.g., wall adapter, computer USB port).
3. The LED indicator on the charging case will show the charging status. A full charge typically takes about 2 hours.
4. The charging case display shows the battery percentage for both the case and individual earbuds (L/R).

A fully charged case provides multiple charges for the headphones, extending total playtime.

## 2. Bluetooth Pairing

The image shows a pair of black Wigfar earbuds and their charging case. The case is open, revealing the earbuds inside. A smartphone is positioned in the foreground, displaying the Bluetooth settings screen. The screen shows a list of available devices, with 'MM01' selected and marked as 'Connected'. The time on the phone is 12:08. The background is a dark, textured surface.

# Long Battery Life

Up to 5 hours of listening time 72 hours of standby time

5-7 hours with a single charge and total 10-14 hours with the charging case the Wigfar earbuds can keep up with your rhythm all day long.

Image: Bluetooth pairing process with a smartphone.

1. Open the charging case. The headphones will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for "E-88" in the list of available Bluetooth devices.
4. Select "E-88" to connect. Once connected, you will hear a confirmation tone, and the indicator light on the headphones will change.
5. The headphones will automatically reconnect to the last paired device when taken out of the case, if Bluetooth is enabled on the device.

## 3. Wearing the Headphones

Image: Proper way to wear the Wigfar E-88 open ear headphones.

1. Identify the left (L) and right (R) headphones.
2. Gently clip the headphones onto your ear, ensuring the speaker portion is positioned comfortably near your ear canal without entering it.
3. Adjust the ear clip for a secure and comfortable fit. The open-ear design allows for ambient sound awareness.

## OPERATING INSTRUCTIONS

---

Image: Easy Button Controls for Wigfar E-88 headphones.

## MAINTENANCE

---

### Cleaning

Image: Wigfar E-88 headphones are IPX4 waterproof.

- Wipe the headphones and charging case with a soft, dry cloth regularly.
- If exposed to sweat or moisture, wipe clean with a dry cloth immediately after use to prevent damage to components.
- Do not use abrasive cleaners, alcohol, or chemical solvents.

## Storage

- When not in use, store the headphones in their charging case to protect them and keep them charged.
- Store in a cool, dry place away from extreme temperatures and direct sunlight.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones not pairing	Bluetooth off, out of range, or already connected to another device.	Ensure Bluetooth is on, headphones are charged, and within 10 meters of the device. Disconnect from other devices. Try resetting the headphones by placing them in the case and closing/opening it.
No sound or low volume	Volume too low on device/headphones, headphones not connected, or media paused.	Increase volume on both your device and the headphones. Check Bluetooth connection. Ensure media is playing.
Intermittent connection/sound drops	Interference, too far from device, or low battery.	Move closer to your device. Avoid areas with strong Wi-Fi or other Bluetooth signals. Charge the headphones.
Headphones not charging	Cable/adaptor issue, dirty charging contacts, or improper placement in case.	Ensure cable and adaptor are working. Clean charging contacts on headphones and case with a dry cotton swab. Ensure headphones are correctly seated in the case.
